“This Teacher Guide is made possible by the support of the American People through the United States Agency for International Development (USAID). The contents of this Teacher Guide are the sole responsibility of FHI 360 and do not necessarily reflect the views of USAID or the United States Government.”

Foreword

The Ministry of Education/Ghana Education Service (MOE/GES) would like to thank the United States Agency for International Development (USAID) Partnership for Education: *Learning* for helping the Government of Ghana to improve the quality of early grade reading instruction in public basic schools. *Learning* supports the MOE/GES to improve learning outcomes in reading for pupils in KG2, B1, and B2 through a systematic phonics-based approach. This is achieved by developing and training teachers in the use of teaching and learning materials for reading instruction in 11 Ghanaian languages (GL) and oral English.

The reading program supported by *Learning* focuses on the teaching of the six most important components of reading instruction: phonological awareness, phonics (letter-sounds), fluency, vocabulary, comprehension and writing. The reading program is framed in the “simple view of reading,” which teaches pupils the skills needed to decode and to comprehend written words in order to become independent readers.

The reading program includes daily lessons with step-by-step instructions in a Teacher Guide, accompanied by a Pupil Reader for each pupil in the classroom, which contains exercises, pictures and texts that support the lessons. The Teacher Guide and associated teacher trainings conducted by *Learning* and GES, provide guidance on how to use the Pupil Reader and other learning materials to deliver engaging and effective reading lessons. The lessons are designed to be taught in 30 minutes each day, from Monday to Friday.

The Dagbani Prototype

The reading program has been prototyped in the Dagbani language as a precursor to the larger reading program in all 11 Ghanaian languages. The Teacher Guide and the Pupil Book developed for the Dagbani Prototype for B1, Terms 1 & 2 were piloted from January – July 2017 in 20 schools in the Yendi Municipal. Teachers, Headteachers, Curriculum Leads, Circuit Supervisors and Language Specialists from the Yendi Municipal were trained to strengthen their various roles to improve reading performance. This included trainings in reading pedagogy, classroom management, pupil assessment, and monitoring and supervision. *Learning* conducted base-line and mid-line assessment to track progress; and an end-line assessment will be conducted to find out how well the prototype has impacted the reading performance of the pupils. The mid-line results indicate that pupils who could read a syllable in Dagbani increased by 31% and pupils who could read a word in a decodable text increased by 26% after 8 weeks of prototype lessons.

We would like to particularly thank the Northern Regional Director of Education, the Municipal Director of Education and staff, teachers and pupils of the Yendi Municipal Assembly who have worked hard to ensure that the prototype reading program is successful.

Scale-up to the 11 Ghanaian Languages of Instruction

The prototype program was tested and refined; and the lessons learned during prototyping were fed directly into the development of teaching and learning materials for all 11 Ghanaian languages of instruction and English, and the scale-up to over 7,200 schools in 100 targeted districts. In preparation for the nationwide implementation, *Learning* has developed the Teacher Guide for KG2 and a Teacher Guide and Pupil Book for B1 for the 2017-2018 school year. B2 materials have been developed for the 2018 – 2019 school year.

We would like to thank the MOE/GES and national and regional language and pedagogical experts who served as validators to ensure the materials are of high quality and have met the standards set by GES for teaching and learning materials for early grade pupils in Ghana. We appreciate the input and guidance provided by the following persons of the MOE/GES: Mrs. Cynthia Bosumtwi-Sam, the Acting Executive Secretary, National Inspectorate Board; Mrs. Felicia Boakye-Yiadom, Acting Executive Secretary, National Council for Curriculum and Assessment; and Dr. Evelyn Oduro, the Acting Executive Secretary, National Teaching Council.

Finally, we thank the *Learning* staff, consultants from FHI360 and Summer Institute of Linguistics (SIL) Africa, as well as Ghana Institute of Linguistics, Literacy and Bible Translation (GILLBT) staff for their expertise in the development and the production of these materials that meet high Ghanaian and international teaching and learning standards. These materials and the trainings in their use will go a long way to support Ghana's goal of improving reading performance and pedagogical excellence in early grade reading in Ghana.

Introduction

The *Learning* Teacher Guides are part of the *Learning* Early Grade Reading Program, a complete reading program for Ghanaian pupils in the early grades. This *Learning* Teacher Guide are designed to be used with *Learning* Pupil Books, as well as NALAP Big Books and additional teaching and learning support materials. The Guide consists of daily lesson plans with step-by-step instructions on how to deliver the lessons and how to use the *Learning* Pupil Books. Through daily exposure to the 5+1 components of reading (phonics, phonological awareness, vocabulary, comprehension and fluency + writing), pupils will develop the skills they need to become successful readers and writers.

The Use of Ghanaian Languages

The languages used in the *Learning* Early Grade Reading Program are the 11- approved Ghanaian languages of instruction. Research shows that it is easier for children to learn to read in a language familiar to them. Children learn to read a second language, such as English, when the concepts of reading and writing have been established in the language that the pupil already speaks.

The *Learning* Teacher Guides have been produced in the 11-approved Ghanaian languages of instruction- Akuapem Twi, Asante Twi, Dagaare, Dagbani, Adangme, Eve, Mfantse, Ga, Gonja, Kasem and Nzema.

Time Allocation

The Language Policy makes provision for the use of Ghanaian language as the medium of instruction from Kindergarten 1 and 2 and Basic 1 to 3, while introducing English gradually until Basic 3. From Basic 4, English becomes the medium of instruction.

Accordingly, the *Learning* Early Grade Reading Program materials are designed to be taught for 30 minutes per day and should be implemented during the time slot allocated for local language literacy.

Structure of the Teacher Guide

The B1 *Learning* Teacher Guide contains one hundred and seventy lessons and the teaching skills in each lesson are built upon prior lessons. Therefore, it is critical that the lessons are taught in order.

Lesson Content

The weekly lessons are structured as follows:

- These lessons focus on learning letters, writing letters, using new vocabulary, and oral discussion. There are also read alouds with vocabulary and comprehension activities. On the 10th day of each week, there is a summary lesson and time for reinforcement of skills learned.

Language of Instruction

The official Ghanaian Language of Instruction should be used for teaching the *Learning* Early Grade Reading Program lessons. However, if you have pupils for whom the language of instruction is not their mother tongue, please see Annex II, “Techniques to Support Second Language Learners in the Classroom.” As you start using the *Learning* Teacher Guide, you will see that the instructions to the teacher are written in English and the scripts (what the teacher should say to the pupils) are in the Ghanaian Language of Instruction. The purpose of the scripting is to support the use of correct terminology and help present new ideas in child-friendly language.

Instructional Approach

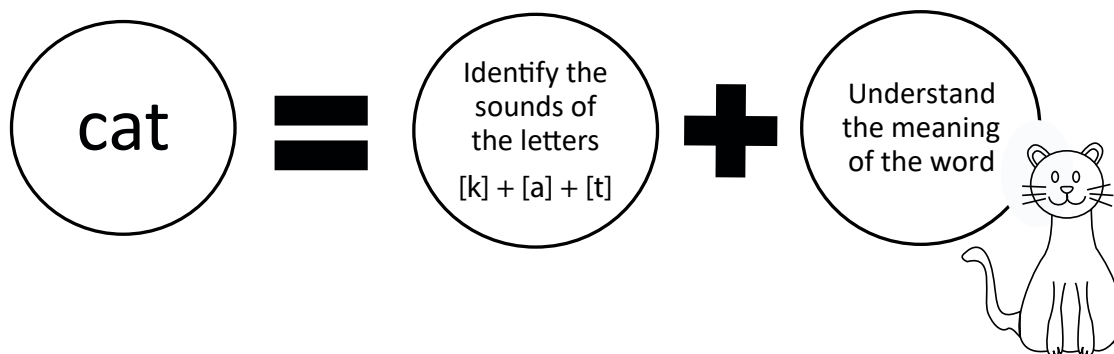

The primary approach used in the B1 *Learning* Teacher Guide is systematic and explicit instruction of reading fundamentals, based on the components of reading instruction plus writing (referred to as the “5 + 1” components). The integration of writing into reading is very important because reading and writing mirror each other (receiving and producing information) and are therefore, best taught together.

Important design features of the *Learning* Teacher Guide include:

- a) **Explicit instruction:** Key concepts are explained directly. To be explicit, we say to pupils what they are learning and why. For example, the teacher would say, “the letter “m” makes the sound “/m/,” rather than expecting children to figure it out on their own.
- b) **Structured instruction:** Key concepts are explained in a logical order, from simple to complex, and building on pupils’ prior knowledge. For example, building pupils’ word reading skills from sounds to letters, to syllables, to words and then sentences.
- c) **Teaching routines:** Activities are repeated regularly across the term. These predictable activities help pupils think about the content (like letters and stories) they are learning, instead of spending mental effort to figure out new instructions and activities during each lesson.
- d) **Teacher modelling:** The teacher regularly demonstrates reading and writing skills. Modelling for pupils as a whole class, small group and one-on-one aids pupils’ understanding.
- e) **Pupil practice:** To master reading and writing skills, pupils must try out what the teacher has taught many times over with new material (reading new words, or Answering new story questions, for example). All pupils should have opportunities to practice independently of the teacher each day.
- f) **Continuous Assessment:** To best support pupil learning, the teacher must understand their pupils’ strengths and needs. By regularly assessing pupils’ reading skills each week, the teacher knows which pupils will require extra help during the lessons and which skills the whole class will need to review.

The Simple View of Reading

The content of *Learning* Teacher Guide lessons can be understood by thinking about the “simple view of reading,” which states that effective reading with comprehension requires two main elements: word reading (or decoding) + understanding. For instance, when a pupil sees the word “cat”, the pupil must know the sounds of the letters and how to blend the sounds to make a word, as well as the meaning of the word, in order to successfully read it.

Word reading (decoding): To learn to read words, which is called “decoding,” pupils learn to recognize letters and their corresponding sounds. For longer words, pupils learn to recognize syllables. Then pupils pronounce the sounds of the letters or syllables together to read words, a process called “blending”. To become comfortable, fluent readers, pupils have multiple opportunities to read simple stories using the letters and syllables they have previously learned.

Understanding: Even if a child can pronounce a word from written text, they cannot truly read it if it does not hold meaning for them. They must be able to speak and listen in the language that they are reading and Ask and Answer questions in that language. They also must learn the meaning of words (vocabulary) and learn a variety of ways to think about what they read, such as making connections between what they read and their own experiences.

Classroom Environment

The *Learning* Early Grade Reading Program celebrates diversity and seeks to create a climate that is welcoming and inclusive. Teachers are encouraged to create meaningful connections with every child, recognizing that each child is unique and brings their own rich knowledge and experiences. All children should be given an opportunity to learn according to their needs, no matter their gender identity, language, ethnicity, physical or cognitive abilities, or financial means. Lessons in the *Learning* Early Grade Reading Program promote learning that is active, engaging, and nurturing (warm and affectionate) so that pupils can learn and reach their potential.

Additional Resources

Annex I “Techniques for Teaching *Learning* Lessons” describes key instructional techniques that are integrated into Lesson plans in the *Learning* Teacher Guide. Below is a list of the techniques:

- I do, We do, You do
- Turn and Talk
- Calling on pupils “at random”
- Whole class response

Annex II “Techniques to Support Second Language Learners in the Classroom” gives details on specific ways that teachers can engage and improve instruction for pupils who speak a language other than the Ghanaian Language of Instruction. Below is the list of topics:

- Create links to personal experience and background knowledge.
- Encourage pupils to use their home language (L1).
- Practice and play with the sounds of the target language.
- Enhance meaning with pictures, objects, and actions.
- Give pupils time to process and test out ideas, either by speaking their first language or in their new language, with a partner or small group.

Alphabet and Digraphs serve as a reference for the alphabet for the language. The alphabet includes a complete list of the single letters of the language, both small and capital letters. It also includes common digraphs. Digraphs (two letters together) represent a single sound in this language.

Take home books are supplementary books provided for B1 pupils to be used at home for reinforcement of reading lessons. These books include decodable stories for each week in addition to sound and syllable blending practice. The teacher should encourage pupils to read the books with their families and friends at home and make time for pupils to talk about what they read in the Take Home Books during class. However, pupils should not write in the Pupil Take Home Books

A Glossary of Words and Terminologies relating to the language has been provided as a guide for the teacher.

2. Describe differences

(5 mins)

Describe the difference between letter shapes

- Ask pupils to tell you what is different about the two shapes, the i and the j. Do not say the name of the letter – this is NOT an activity for pupils to learn letters, it is an activity for pupils to practice telling the difference between the shapes of the letters.
- Ask pupils to trace the shapes with their fingers.

3. Read a sentence using sight words

(10 mins)

Read simple sentences

- Ask pupils to try to read the picture sentences using the sight words they learned previously. Monitor and help pupils as needed.

3. Comprehension questions— factual

(10 mins)

Review the question word “Who” (“ɲuni”)

- Read the question:
ɲuni n-daa boli dɔyite maa saha sheli Adamu ni daa biɛri maa? (Answer: page 8 – o ba n-daa boli dɔyite maa Adamu ni daa biɛri maa.)
- Ask pupils to answer the question. Give them feedback.
- Ask pupils if they can tell you what the question word **“who”** is asking about. Call on one or two pupils to respond. Let them know if they are correct, or incorrect and why. (Response: the question word **“who”** asks us the name of a someone or something alive).

Teach pupils to use the question word “where” (“ya”)

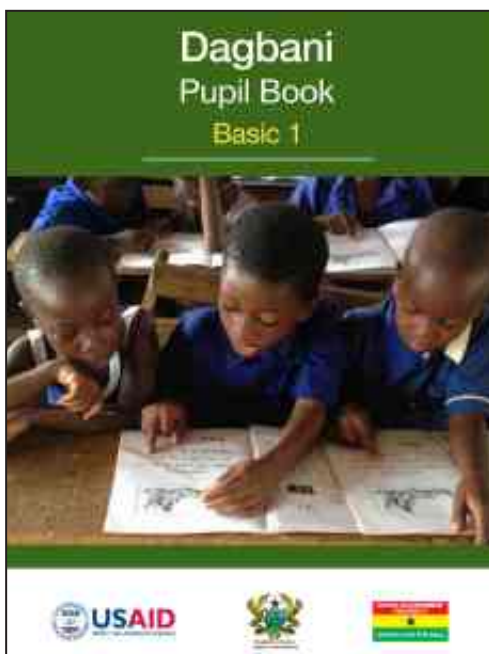

- Tell pupils that they will learn a new question word today, **“where”**. Tell pupils that they will use it to answer the next question.
- Read the question:
Doro yi gbaagi a, ya ka a chana?
- Say: Bachi “ya” bɔri ni ti labisi ni luy’ sheli polo yuli. N yi wum “ya,” m mi ni di labisibu yen nyela luy’ sheli polo yuli.
- Read the question:
Ya polo ka Adamu daa be o ba mini o ma ni daa booni o maa? (Answer: page 5– Adamu daa bela o duu o ba mini o ma ni daa booni o saha sheli maa.)
- Say: Cheliya ka ti teei ti ni karim sheli la. Lahibali maa wuhiya: “O na kuli dola garo zuyu”.
- Ask pupils to think about **“where”**, or the place, that this happened.
- Call on pupils at random to respond.
- Read the question:
Ya polo ka Adamu ba yen da jiransooro maa? (Answer: page 14 – Adamu ba yen dala jiransoolo maa daa ni.)
- Turn and Talk: Ask pupils to turn to a pupil next to them to talk about their answers to the question. Remind pupils that it is a **“where”** question.
- Call on a pupil to share their answer. Ask the rest of the class if they agree.

4. Rapid review

(6 mins)

Evaluate pupils use of the keyword “where” (“ya”)

- Say: Bachi dini ka ti ni wum bohigu piligu ka di bohirila luy’ sheli polo yela lahibali ni?
- Call on a pupil at random who raised their hand. Remind them that the word is **“where”** (“ya”).

Standards

The pupils will be able to:

1. Display mastery of key skills learned over the last four lessons: the parts of a book, spaces between words and tracking a finger under print.

1. Assessment

(20mins)

Special assessment – assess week 1 skills:

1. Know what the “cover” and “back” of the book means.
2. Understand that words in print are separated by spaces.
3. Know that tracking a finger under a word helps keep track of where you are reading.

Know what the “cover” and “back” of the book means.

- Hand out pupil books
- Tell pupils to hold up their books and point to the “front”. Give feedback and explain. Give more examples if needed. If you see any pupil struggling, make sure to support them in this skill during the next lessons.
- Tell pupils to hold up their books and point to the “back” of the book. Give feedback, and explain and give more examples if needed

Understand that words in print are separated by spaces.

- Ask pupils to turn to the first decodable story in their book. Show them the picture for the story, so they can find the story in the book. They will not be able to read this story yet, but that is alright. Do not ask them to read the story.
- Point to the space between the first two words in the story. Ask all pupils to put their finger on that space. Walk around and show them where to put their finger.
- Ask pupils to point to the next space in the story. Walk around to observe and give feedback.
- Ask pupils to raise their hand if they know what that space is for (why it’s there).
- Ask a volunteer to answer. Ask another pupil if the response is correct.
- Say: Polo maa wuhiri ti mi ni na zaa nyela bachi kɔŋkɔba ayi. Polo n-woligiri bachi kam.

Know that tracking a finger under a word helps keep track of where you are reading.

- Open a big book (any big book) to the first page. Ask pupils to watch and listen. Read the first sentence while **pointing to (tracking) each word** with your finger.
- Ask pupils what you were doing with your finger. Then ask them why you did that. Tell the pupil who responds if they are correct or not. Then repeat or say the correct response. (Possible response: I was tracking a finger under the words as I read them. Tracking with a finger helps you know where you are while reading, so you don’t get confused or lost.)

2. Reinforcement Activity

(10 mins)

NOTE

- Look at the list of key skills below. Choose one that your pupils need to practice. Ask pupils to turn back to that page in the Pupil Book and repeat that activity.

Key activities from week 1 lessons

1. Draw lines and shapes
2. Read sentences with sight words
3. Choose the letter that matches the first letter in the row
4. Recognize sight words (character names)

Hear and see the short vowel within a word

- Point to the first picture on the page of the Pupil Book.
- Say: Bɔ ka yi nya?
- Ask one pupil to name what is in the picture. Repeat the correct word. If needed, help pupils understand the word by saying it in another language they know.
- Say: Cheliya ka ti kpahi ti nuhi n-doli di bachijila maa **kpi / ni**. Bula ka a wum **/i/** vuri bachi **kpini** ni? Cheliya ka ti kpahi ti nuhi n-doli di bachijila maa yaha.
- Touch the letter in the Pupil Book. Say the sound. If pupils struggle to hear and say the sound, help them by saying another word with that sound in your language or another language they know.
- Say: Bolimiya bachi din paya maa n-doli ma **"yili"** yi wum **/i/** vuri **"yili"** ni? Bula ka yi wum di vuri

- Say: So kam shihimi tuuli anfooni din be tuuli kuliga maa ni. Bɔ ka yi nya? Di nyela **fiili**.
- Clap the syllables with the pupils.
- Say: **/i/** ni tooi mali vuri din waya. Di wuhiya ni vuri maa yen darigimi ti yi boli li. Yi wum **/i/** wayinli **/ii/** vuri bachi **fiili** ni?
- Write the word on the chalk board. Point to the long vowel. Ask pupils to point to the same vowel in their book. Ask pupils how many of the letters of the day they see next to each other. (Answer: two)
- Tell pupils that when they see two **/i/** together, it makes a long sound **/ii/**. The long sound means that you stretch the sound longer when you say it.
- Demonstrate saying the short vowel sound and then the long vowel sound. Ask pupils to repeat. Ensure that they can hear the difference between the short sound and the long (stretched) sound.
- Continue in the same way using the next picture. Look at it, say the word, clap the syllables and listen for the long vowel in the word.

4. Writing - Letters

(4 mins)

Write the letter and say its sound

- Write the letter **"i"** on the board (1/3 meter high).
- Air write the letter (use a straight arm), and say its sound as you write. Pupils should then try it two more times while you watch and provide feedback.
- Demonstrate writing the letter on the chalkboard once more.

4. Vocabulary – after reading

(5 mins)

Check for vocabulary understanding

- Ask pupils if they heard the new vocabulary words during the read aloud.
- Call on 3 pupils at random to say what vocabulary word they heard and to say the meaning in their own words. Ask pupils how the word was used in the story.
- Say: Cheliya ka ti zan ti ni bohim bachi sheŋa la n-nam yeltɔy' pala.
- Give an example by using one of the words in a new sentence – one that is not in the pupil book or read aloud.
- For each other vocabulary word introduced before reading, ask a pupil to use the word in a new sentence. Have pupils act out a word, if appropriate. Congratulate, help, or correct the pupils, depending on the responses.

Standards

The pupils will be able to:

1. Identify and say the target vowel sound, and recognize the letter that represents that sound
2. Hear and recognize in writing the difference between the short and long vowel sound
3. Write the letter

1. Letter review

(7 mins)

Review small and capital letters

- Write the small letter “i” and capital letter “I” on the blackboard.
- Point to the small letter. Remind pupils that it makes the sound /i/.
- Point to the capital letter. Ask pupils to raise their hands if they can say its sound. Call on 2 pupils at random to respond. Provide feedback.

2. Picture and vowel matching

(15 mins)

Discuss pictures

- Have pupils point to the first picture in the Pupil Book. (shimshimi). Ask them what they think it is. Ask them what they know about it, or their experiences. (*for example* “Have you seen this/it before?” “Where?” “What is it like?”).
- Discuss each picture for 1 minute or less until the end of the page.
Pictures:
 - takara
 - wahu
 - shimshimi
 - tii
 - baa
 - puu

Hear and see the vowel within a word

- Say: Sokam shihimi tuuli anfooni maa. Bɔ n-lee bala? (Confirm that what they say matches the word in the book, or correct their answer)
- Ask pupils to clap the syllables in the word once.
- Say: Cheliya ka ti kpahi ti nuhi doli bachijila maa yaha ka gbulisi tibili wum vuri maa /i/. A wum vuri maa bachi maa ni?
- Continue clapping the syllables and listening for the vowel sound.
- When you find the picture that has the vowel sound, have pupils connect the picture to the sound by saying the word, touching the picture with one hand, and touching the letter with the other hand.
- For the second set of pictures, focus on the long vowel sound.

3. Sight word review

(8 mins)

Review the sight words from last week

- Say: Bakci din gari la/schila ti bohimi bidibiga mini bipuxinga yuya ka ti ni nya na bushem ti bansim na bohimbuni. Yi ni tooi tei bipuxinbila maa yuli? Ka bidibbila maa yuli?
- Write the two sight words (Zenabu, Danaa) on the board.
- Call on 10 pupils randomly to come to the board, one at a time. Say the names of the boy and girl randomly. See if pupils can point to the correct name when you call it out. If so, congratulate them. If not, help them by having them point at each one, and repeat the correct name with you. Then try again with the same student to be sure he or she knows the word.

3. Comprehension questions— factual

(10 mins)

Review the question word "where" ("ya")

- Read the question:
Ya polo ka Kpatinaringa daa lee be? (Answer: page 2- Kpatinaringa daa bela pu' titali ni.)
- Ask pupils to answer the question. Give them feedback.
- Say: A wum bɔhigu bachi gahindili sheli ti ni daa bɔhim dabaayi ɲɔ ni maa?
- Ask pupils if they can tell you what the question word **"where"** is asking about. Call on one or two pupils to respond. Let them know if they are correct, or incorrect and why. (Response: the question word **"where"** asks us about a place)

Teach pupils to use the question word "when" ("bɔ saha")

- Tell pupils that they will learn a new question word today, **"when"**. Tell pupils that they will use it to answer the next question.
- Read the question:
Bɔ saha ka a bori ni a diem sambani ni?
- Call on 2 pupils to answer. Their answer should be a time (*i.e. in the morning, after school, on the weekend*)
- Say: **"Bɔ saha"** bɔhirila bɔhigu din bori ni ti labisi n-wuhi saha sheli. N yi wum "bɔ saha" m mi ni di yen nyela saha. Di ni tooi nye dabisili puuni saha sheli (kamani asiba), bakɔi puuni dabisili sheli (kamani Alizumma dali) bee pɔhim nahingbana tayibu saha sheli ni (kamani sheyɛ ni).

- Say: Chɛ ka ti teei ti ni karim sheli la. Lahibali maa wuhiya ni, "Biɛyɛ ni, sa kamina nti tum tuma n-sɔŋ ma".

- Ask pupils to think about **when**, or the time, that this happened.
- Call on pupils at random to respond.
- Read the question:

- Turn and Talk: Ask pupils to turn to a pupil next to them to talk about their answers to the question. Remind pupils that it is a “when” question.
- Call on a pupil to share their answer. Ask the rest of the class if they agree.

4. Rapid review

(5 mins)

Evaluate pupils use of the keyword “when” (“bɔ saha”)

- Say: Bachi dini ka a ni wum bɔhigu piligu ka di bɔhirila saha sheli yela lahibali ni?
- Call on a pupil at random who raised their hand. Remind them that the word is “when” (“bɔ saha”).

Standards

The pupils will be able to:

1. Identify and say the target vowel sound, and recognize the letter that represents that sound
2. Hear and recognize in writing the difference between the short and long vowel sound
3. Write the letter

1. Letter review

(2 mins)

Review small and capital letters

- Write the small letter “i” and capital letter “I” on the blackboard.
- Ask pupils to raise their hands if they know the sound the letter makes. Call on a pupil to say it. Provide feedback.
- Ask pupils to find and point to the letter in their book. Ask the whole class to say the sound.

2. Letter and keyword

(2 mins)

Teach the letter

- Point to the small letter u on the alphabet poster or on the board.
- Say: N-nyɛ ti zuŋɔ bachikɔb’ palli maa. Bachikɔbili maa vuri n-nyɛ /a/. Bolimiya li n-doli ma:. /a/.

- Ask pupils to say the sound with you (no more than 2 times).
- Point to the capital letter "A" on the alphabet poster or on the board.
- Say: Bachikɔbili maa n-lahi bala maa. Di gba vuri /a/. Ti ni nya li ɲ-ɲɔ maa di yi ɲiŋ ka di be yɛltɔyili bee yuli piligu.
- Point to the small letter "a" on the alphabet poster or on the board again.
- Say: Saha pam ti tooi nyari li la ɲ-ɲɔ bachinima ni.

3. Short and long vowel sound

(15 mins)

Hear and see the short vowel within a word

- Point to the first picture on the page of the Pupil Book.
- Say: Bɔ ka yi nya?
- Ask one pupil to name what is in the picture. Repeat the correct word. If needed, help pupils understand the word by saying it in another language they know.
- Say: Chɛliya ka ti kpahi ti nuhi n-doli di bachijila "gba/ɲa". Bula ka yi wum /a/ vuri "gbana" ni? Chɛliya ka ti lahi kpahi ti nuhi n-doli di bachijila.
- Touch the letter in the Pupil Book. Say the sound. If pupils struggle to hear and say the sound, help them by saying another word with that sound in your language or in another language they know.
- Say: Chɛliya ka ti kpahi di bachijila maa "wa/wa/ra" bula ka yi wum /a/ maa vuri bachi "wawara" ni? Chɛliya ka ti lahi kpahi ti nuhi doli di bachijila maa.
- Say: Yi mi saha m-bɔɲɔ. Bolimiya bachi maa. Shihimiya bachikɔbili "a" yi yi boli di vuri.

Hear and see the long vowel within a word

- Point to the first picture in the next row on the Pupil Book page.
- Say: Sokam shihimi tuuli anfooni din be kuligu din pahi nyi maa ni. Bɔ ka yi nya, di nyela saapaya?
- Clap the syllables with the pupils.
- Say: "a" ni tooi mali di vuri din waya, di wuhiya ni vuri maa darigimi ti yi boli li. Yi wum /aa/ vuri "saapaya" ni?
- Write the word on the chalk board. Point to the long vowel. Ask pupils to point to the same vowel in their book. Ask pupils how many of the letters of the day they see next to each other. (Answer: three)
- Tell pupils that when they see two "a" together, it makes a long sound /aa/. The long sound means that you stretch the sound longer when you say it.
- Demonstrate saying the short vowel sound and then the long vowel sound. Ask pupils to repeat. Ensure that they can hear the difference between the short sound and the long (stretched) sound.
- Continue in the same way using the next picture. Look at it, say the word, clap the syllables and listen for the long vowel in the word.

5. Writing - Letters

(2 mins)

Write the letter and say its sound

- Write the letter **“a”** on the board (1/3 meter high).
- Air write the letter (use a straight arm), and say its sound as you write. Pupils should then try it while you watch, then try it on their own as you give some feedback.
- Demonstrate writing the letter on the chalkboard once more.
- Ask pupils to take out their exercise books and write the letter 5 times.

6. Sight word review

(9 mins)

Review the sight words through shared writing

- Say: Bakɔi din gari la/sɔhila ti bɔhim bidibiga mini bipuxinga yuya ka ti ni nya na bushem ti banɔsim ɲɔ bɔhimbu ni. Yi ni tooi teei bipuximbila maa yuli? Ka bidibbila maa yuli?
- Write the two sight words (**Zenabu, Danaa**) on the top of the board.
- Ask pupils to think about the story, then think of something that these characters might like to **eat**.
- Call on 6 pupils at random to give you some ideas. Guide pupils to choose a character and say what they like to **eat**.
- Write the sentences on the board. For example, “Zenabu likes to eat mangoes”. Try to get at least 2 examples for each character.
- Read the sentences back to pupils.
- Call on 6 pupils (at random) to come up to the board. For each sentence, ask them to point to the character name in the sentence. If they are incorrect, try to help them recognize it. For example, point to the correct name at the top of the board, then ask them to try again.

2. Vocabulary – before reading (5 mins)

Teach and discuss vocabulary

- Tell pupils each word. Have them repeat it but do not write it on the board. Ask pupils what they know about each one.

- Discuss the word meaning, using gestures or illustrations to support understanding. If needed, help pupils understand the word by saying it in another language they know.

3. Read aloud (Big Book) (15 mins)

Read the following story aloud

- Use the appropriate big book or supplementary illustrations if available.

During reading, stop to discuss **places** and **times**

- Pause at 2-3 pictures throughout the book while reading. Ask pupils, based on the pictures, **where** they think the story takes place. Ask pupils, based on the pictures, **when** they think the story takes place (morning/afternoon/night, rainy season/dry season)? Assure pupil responses are related to the pictures.
- Possible questions (use these, or ask your own questions):
 - Where do you think they are? How do you know? What more can you say about that place?
 - When do you think this takes place? Can you look at the picture and take a guess? Why do you think that? Does the time change from the beginning and the end of the story?
- Talk about how the picture relates to parts of the story you are reading aloud.

- Ask pupils to repeat with the next picture. Clap the word with them. Then ask the pupils what vowel sounds they heard. Repeat, or say, the correct answer for the whole class to hear. Then ask the class to touch the picture and the vowels.
- Once pupils are comfortable with this, clap each word with them. After each word, ask them to find the matching vowels by themselves.
- Check their work as they go.

Zenabu ni ti ti tiita.

Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title "letters", "syllables" and "individual score".
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.

- Say: Bo ka o lee to? Cheliya ka ti karim n-nya!
- Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list.
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(8 mins)

Ask factual questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
 - Question 1: Bɔ ka Zenabu to? Karimmi kul' sheli din labisiri bohigu maa.
 - Question 2: Bɔ ka Zenabu yen nin tiita? Karimmi kul' sheli din labisiri bohigu maa.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
**TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.*

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the who flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words to pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi ɲɔ gbunni nyɛla bɔ?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “tiita”. Cheliya ka ti kpahi ti nuhi n-doli di bachijila maa: tii / ta.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Books. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “tiita”. Pumpɔɲɔ ti sabi bachi maa. Cheliya ka ti layim n-karim li. (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **tuuta, taataa, taani**

Use syllables to build new words

- Say: Pumpɔɲɔ, m bɔri ni yi maɲmaɲa namla bachinima yi toli
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- When pupils are finished, ask them to turn to a partner to share the word they made.

5. Comprehension – Prediction check

(4 mins)

Check predictions based on title

- Remind the class what the volunteer pupil predicted before the read aloud. Ask the pupils if his prediction was matched what was in the story.
- Ask the other pupils to think about what they predicted. Call on 2 pupils at random. Ask what they predicted, why, and if what they predicted is what happened in the story.

6. Vocabulary – after reading

(5 mins)

Check for vocabulary understanding

- Ask pupils if they heard the new vocabulary words during the read aloud.
- Call on 3-4 pupils to say what vocabulary word they heard and to say the meaning in their own words.
- Say: Chɛliya ka ti zan bachipal' shɛɲa ti ni b̄ohim maa n-nam yɛltɔɣa.
- Give an example by using one of the words in a new sentence – one that is not in the pupil book or read aloud.
- For each other vocabulary word introduced before reading, ask a pupil to use the word in a new sentence. Have pupils act out a word, if appropriate. Congratulate, help, or correct the pupils, depending on the responses.
- Remind pupils that they can use these words anytime throughout the day. Encourage pupils to share the words with their families at home.

Tiita

Danaa mo n-du tia maa.

Danaa to tiita.

Danaa ti Zenabu tiita maa.

46 Dagbani Pupil Book

Standard

The pupils will be able to:

- Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title "letters", "syllables" and "individual score".
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: "Bo ka a tchi ni o yen nin maa?" Cheliya ka ti karim nya.
- Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list.
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(8 mins)

Ask factual questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
 - Question 1: ¶uni n-to tiita maa? Karimmi kul' sheli din labisiri bohigu maa.
 - Question 2: Bɔ ka Danaa ti Zenabu? Karimmi kul' sheli din labisiri bohigu maa.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
*TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words with pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi ɲɔ gbunni nyɛla bɔ?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “tuuta”. Chɛliya ka ti kpahi ti nuhi n-doli di bachijila maa: tuu / ta.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Books. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “tuuta”. Pumpɔɲɔ ti sabi bachi maa. Chɛliya ka ti laxim n-karim li (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.
- Words: **taataa, mana, tiita**

Use syllables to build new words

- Say: Pumpɔɲɔ, m bɔri ni yi manmana namla bachinima yi toli!
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- When pupils are finished, ask them to turn to a partner to share the word they made.

- Call on a pupil randomly to answer the following question:

Question: Ya ka Katumi mini o baa be? Karimmi kul' sheli din labisiri bohigu maa.

- After the response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

52 Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: A tēhiya ni bō ka baa maa yēn niŋ? Chēliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list.
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(6 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
 - Question 1: Bɔ ka Danaa no? Karimmi kul' sheli din labisiri bohigu maa.
 - Question 2: ŋuni baa ka Danaa no? Karimmi kul' sheli din labisiri bohigu maa.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
*TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words with pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi nɔ gbunni n-leei nyɛ bɔ?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “kunoo”. Chɛliya ka ti kpahi ti nuhi n-doli di bachijila maa: ku/noo.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Books. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “kunoo”. Pumpɔɔ ti sabi bachi maa. Chɛliya ka ti layim n-karim li. (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words

Words: **kuli, mali, n-da**

Use syllables to build new words

- Say: Pumpɔɔ, m bɔri ni yi maɲmaɲa namla bachinima yi tolitoli
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

- Say: Bachijilli ɲɔ vuri nyɛla wula? /l/ /aa/, "laa".
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.

- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Chɛliya ka ti zaa laxim m-buyisi li.
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.

- Ask the other pupils to think about what they predicted. Call on 2 pupils at random. Ask what they predicted, why, and if what they predicted is what happened in the story.

6. Vocabulary – after reading

(5 mins)

Check for vocabulary understanding

- Ask pupils if they heard the new vocabulary words during the read aloud.
- Call on 3-4 pupils to say what vocabulary word they heard and to say the meaning in their own words.
- Say: Cheliya ka ti zan bachipal’ shena ti ni bohim maa n-nam yeltɔya.
- Give an example by using one of the words in a new sentence – a sentence that is not in the pupil book or read aloud.
- For each other vocabulary word introduced before reading, ask a pupil to use the word in a new sentence. Have pupils act out a word, if appropriate. Congratulate, help, or correct the pupils, depending on the responses.
- Remind pupils that they can use these words anytime throughout the day. Encourage pupils to share the words with their families at home.

- Say: Bachikɔbili ɛɔ vuri nyɛla wula? (pupils respond “a”).
- Say: Bachijilli ɛɔ vuri nyɛla wula? /y/ /a/, “ya”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(10 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Wummiya ka yulima. N yɛn karimla bachijila maa ka zaŋ ɲa laxim n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Chɛliya ka ti zaa laxim m-buyisi li.
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.

- Say: Pumpɔŋɔ yi mi di ni tu ni yi nin shem. Karimmiya bachi shɛŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ɔɔ maa shem maa. Karimmiya bachijila maa pɔi ka naanyi layim ŋa m-boli bachi maa. Zanmiya yi nubihi n-dolisi li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Ya ka be zali texu? Cheliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list (pupils #11-20).
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions;
Question 1: Ya ka tiita yina? Karimmi kul' sheli din labisiri bohigu maa.
Question 2: Bo n-dooni m ba duu? Karimmi kul' sheli din labisiri bohigu maa.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Calls on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
**TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.*

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words with pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi ɲɔ gbunni n-leei nyɛ bo?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “yaba”. Chɛliya ka ti kpahi ti nuhi n-doli di bachijila maa: ya / ba.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Books. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “yaba”. Pumpɔɲɔ ti sabi bachi maa. Chɛliya ka ti layim n-karim li (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **tama, kuli, kuya**

Use syllables to build new words

- Say: Pumpɔɲɔ, m bɔri ni yi maɲmaɲa namla bachinima yi toli.
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

6. Vocabulary – after reading

(5 mins)

Check for vocabulary understanding

Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: “ŋuni n-lee maani sua?” Cheliya ka ti karim nya.
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list (pupils #11-20).
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
**TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.*

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi ɲɔ gbunni?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “liri”. Chɛliya ka ti kpahi ti nuhi doli di jila maa li/ri.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Book. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “liri”. Pumpɔɲɔ ti mali bachi muni maa zaa ka di sabi dɔya. (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **maana, lari, suli**

Use syllables to build new words

- Say: Pumpɔɲɔ, m bɔrimi ni yi kpaɲ yi maɲa n-nam yi tolitoli bachinima
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

4. Read syllables

(5 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “m” and show the “i”.
- Say: Vu’ bɔ n-lee bɔŋɔ? (pupils respond “i”)
- Cover the “i” and show the “m”.
- Say: Vu’ bɔ n-lee bɔŋɔ? (pupils respond “m”).
- Say: Vu’ bɔ n-lee bɔŋɔ? /i/ /m/, “im”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(10 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka layim ŋa n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Cheliya ka ti layim buyisi li!

- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpoŋɔ, yi mi di ni tu ni yi niŋ shem. Karimmiya bachi sheŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ɔɔ maa shem maa. Karimmiya bachijila maa poi ka naan yi layim ŋa m-boli bachi maa. Zanmiya yi nubihi n-doli li. (Monitor and help pupils.)

- Call on 3-4 pupils to say what vocabulary word they heard and to say the meaning in their own words.
- Say: Cheliya ka ti zaŋ ti ni bohim bachi sheŋa la n-nam yelitoɣ’ pala.
- Give an example by using one of the words in a new sentence – a sentence that is not in the pupil book or read aloud.

- For each other vocabulary word introduced before reading, ask a pupil to use the word in a new sentence. Have pupils act out a word, if appropriate. Congratulate, help, or correct the pupils, depending on the responses.
- Remind pupils that they can use these words anytime throughout the day. Encourage pupils to share the words with their families at home

5. Decodable story reading – Independent

(7 mins)

Pupils read aloud in the book independently

- Ask pupils to read the decodable story independently. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

6. Comprehension – Prediction check

(2 mins)

Check prediction based on picture

- Ask pupils to remember their predictions from before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

7. Writing – Letters

(6 mins)

Pupils practice writing the letter

- Ask pupils to locate the letter in a word in the decodable story. Call on 2 pupils at random to share the words they found.
- Write the letter “**ŋ**” on the board (1/3 meter high).
- Air write the letter (use a straight arm) and describe how to write the letter as you do it. Invite pupils to air write with you and say the sound. Watch them as they do it.
- Ask pupils to write the letter with a finger on their desks while saying the sound of the letter.
- Ask pupils to take out their exercise books and write the letter “**ŋ**” 5 times.
- If some pupils finish early, tell them to draw a picture of something that begins with the sound /ŋ/.

Standards

The pupils will be able to:

1. Use new words correctly in sentences
2. Answer factual and inferential questions about a text
3. Use verbal and nonverbal communication appropriately

1. Blend sounds

(5 mins)

Tongue twister—blend syllables

- Recite the tongue twister from yesterday.

Kun̄k̄n̄ m̄n̄ l̄n̄ p̄n̄.

- Ask pupils what sound they hear most.
- Ask pupils what letter makes that sound.
- Say: Pump̄n̄, n̄ ȳn̄ bolila vuri. Cheliya ka ti zan̄ vuri maa n-layim taba m-boli ti yelt̄y' parigu maa puuni bachi yini.

- Say the sounds /k/ /u/ /n̄/. Ask pupils to blend the sounds together to make a syllable from the tongue twister. (Answer: kun̄).
- Repeat with the sounds /k/ /ɔ/ /n̄/. (Answer: k̄n̄).
- Say each syllable “kun̄” “k̄n̄”
- Turn and talk: Ask pupils to turn to a pupil next to them and say the word made by those syllables “kun̄k̄n̄”.
- Call on 1-2 pupils to say what word is made when they blend the sounds and syllables together.

2. Vocabulary – before reading

(5 mins)

Review and discuss vocabulary

- Review the vocabulary words for this story (learnt during the last reading). Say each word and call on 3-4 pupils to say the word meanings.
- Call on pupils to use each word in a sentence.

n-to bun̄a dabiɛm

3. Read aloud

(10 mins)

Read the following story aloud again

- Show the picture that goes with the story as you read aloud. Or, if you have the NALAP big book, use that to show the pictures.
- While reading, pause to think aloud and talk to pupils about the story at key moments. If pupils struggled with one of the new vocabulary words, pause to discuss its meaning in the story. If pupils are struggling with a new sound learnt this week, pause to point out the sound in a few different words.

70 Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to read

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.

- Say: A tɛhi ni nʊn n-lee su sooti maa? Chɛliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list.
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
 - Question 1: ŋuni n-lee su sooti maa?
 - Question 2: Bɔ n-niŋ sooti maa?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
**TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.*

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words with pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi ɲɔ gbunni.
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “sooŋa”. Chɛliya ka ti kpahi ti nuhi doli di jila maa soo/ŋa/.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Books. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “sooŋa”. Pumpɔɲɔ ti mali bachi muni maa zaa ka di sabi dɔya. Chɛliya ka ti layim karim li. (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: tiba, yiliŋ, tiri

Use syllables to build new words

- Say: Pumpɔɲɔ, m bɔrimi ni yi kpaŋ yi maŋa n-nam yi tolitoli bachinima.
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

5. Comprehension – Prediction check

(3 mins)

Check predictions based on title

- Remind the class what the volunteer pupil predicted before the read aloud. Ask the pupils if his prediction matched what was in the story.
- Ask the other pupils to think about what they predicted. Call on 2 pupils at random. Ask what they predicted, why, and if what they predicted is what happened in the story.

6. Vocabulary – after reading

(5 mins)

Check for vocabulary understanding

- Ask pupils if they heard the new vocabulary words during the read aloud.
- Call on 3-4 pupils to say what vocabulary word they heard and to say the meaning in their own words.

- Say: Cheliya ka ti zan ti ni bohimi bachi shenja la n-nam yeltay' pala.
- Give an example by using one of the words in a new sentence – a sentence that is not in the pupil book or read aloud.
- For each of the other vocabulary words introduced before reading, ask a pupil to use the word in a new sentence. Have pupils act out a word, if appropriate. Congratulate, help, or correct the pupils, depending on the responses.
- Remind pupils that they can use these words anytime throughout the day. Encourage pupils to share the words with their families at home.

- Point to the first syllable.
- Say: Bachikɔbili ɲɔ vuri lee nyɛla wula? (Pupils respond “ɛ”)
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Wummiya ka yulima. N yɛn karimla bachijila maa ka zaɲ ɲa laxim n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Chɛliya ka ti zaa laxim m-buyisi li.
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpɔɲɔ yi mi di ni tu ni yi niɲ shɛm. Karimmiya bachi shɛɲa ɲan pahi maa yi bukunima ni kamani ti ni karim ɲɔ maa shɛm maa. Karimmiya bachijila maa pɔi ka naan yi laxim ɲa m-boli bachi maa. Zaɲmiya yi nubihɪ n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

- Call on 1-2 pupils to say what word is made when they blend the sounds and syllables together.

2. Vocabulary – before reading

(5 mins)

Review and discuss vocabulary

- Review the vocabulary words for this story (learnt during the last reading). Say each word and call on 3-4 pupils to say the word meanings.
- Call on pupils to use each word in a sentence.

3. Read aloud

(10 mins)

Read the following story aloud again

- Show the picture that goes with the story as you read aloud. Or, if you have the NALAP big book, use that to show the pictures.
- While reading, pause to think aloud and talk to pupils about the story at key moments. If pupils struggled with one of the new vocabulary words, pause to discuss its meaning in the story. If pupils are struggling with a new sound learnt this week, pause to point out the sound in a few different words.

Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: BEFORE THE LESSON

Prepare for the assessment

- Prepare an assessment page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title "letters", "syllables" and "individual score".
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Bo zuyu ka nahu maa nɛmɔɔ neli? Cheliya ka ti karim nya.
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Open the assessment booklet to the assessment for this week.
- Show the pupil the 5 letters. Mark the number of correct responses (from 1-5).
- Show the pupil the 5 syllables. Mark the number of correct responses (from 1-5).
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – for each pupil

- Total the correct letters and syllables for each pupil – across the row. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – for class progress

- Total the correct letters and syllables for the 10 pupils by adding each column. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list.
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
 - Question 1: Bɔ n-lee lahi kani nahu ya? Karimmi kul' sheli din labisiri bohigu maa.
 - Question 2: Bɔ n-che ka nahu da neli? Karimmi kul' sheli din labisiri bohigu maa.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: “letter sounds” or “syllable blending”.

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learned but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Calls on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the table of letters at the back of the pupil book. Call a letter sound that pupils have already learned. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learned.
*TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs

Syllable blending – Phonics bingo

- Write 10 syllables on the blackboard that pupils have already learned. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the syllables at random. The first pupil to hear all 3 of the syllables they wrote down raises their hand. If they can say all 3 correct items, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words with pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi ɲɔ gbunni nyɛla wula?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi shɛli yɛla. Bachi maa n-nyɛ “simli”. Cheliya ka ti kpahi ti nuhi n-doli di bachijila maa: **sim/li**.
- Ask pupils to point to the first syllable in the word on the page in their Pupil Books. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “simli”. Pumpɔɲɔ ti pa mali bachi muni maa ka di sabi n-dɔya. Cheliya ka ti layim n-karim li. (Pupils read the word)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words

Words: **maɲli, bahi, yɛda**

Use syllables to build new words

- Say: Pumpɔɲɔ, m bɔri ni yi nam bachinima yi tolitoli.
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

The pupils will be able to:

1. Connect letters with spoken words
2. Show the teacher which letters they know well, and which they don't know well

1. Practise Ladder - Letters

(15 mins)

Consonants

- Write the letters from the grid below on the ground. Draw the grid, and write the letters in each box. (If that is not possible, draw it on the blackboard, and find a long stick for pupils to point to the correct box. In this case, they will point, not hop.)

d	y	n	l
m	k	b	t

o	a	i	u
uu	aa	oo	ii

- Divide the class into two groups (at random, or by first letter of their name, etc.) and choose a group to start.
- Read the first word from the list below. The first pupil from the group will jump on the box that has the letter at the beginning of the word.
- Say: Karimbihi Wummiya tuuli bachikobili din be bachi maa ni ka yiɣi n-tam di zuɣu. Bachi maa n-nyɛ: (Say a word from the word list below)
- If the child is correct, give their group a point. If not, let the first pupil from the other group try. If that pupil is correct, give their group a point. If nobody knows it, demonstrate – hop on the box and show them the correct letter.
- Continue with the rest of the words

Word list: **duɣu, yuli, duu, yiɲa, kani, noli, halli, ma.**

Vowels

- Next, play the same game with vowels. The vowels are in the words, not at the beginning.
- Say: Wummi vaawulinima vuri bachinima ɲɔ ni ka yiɣi chaɲ n-ti tam di zuɣu. Bachi maa n-nyɛ: (Say a word from the word list below.)
- Continue with the rest of the words.
- Word list: **kookoo, pili, kom, tarata, guubu, vuubu, taaya, piigi**

Prepare and practice

- This assessment focuses on the first nine letters the pupils learned this term. The results will tell you which letters to review.
- Prepare by arranging pupils for testing. If possible, there should be some space between them. One possibility is for pupils to sit back-to-back, so they can't easily see each-other's pupil books.
- Ask pupils to open to the page. They will see rows of letters with a number at the beginning of each row.
- Let pupils know that you will tell them what row of letters to look at. You will say a sound. Pupils should point to the letter in that row that makes the sound.
- Remind them to only look at their own book, not another pupil's book.
- Ask pupils to try the practice row at the top (see the row with the flower). Help them with the practice row, to be sure they understand how to respond.
- Row (flower), Letter: **m**

Assess pupils

- Continue calling letters for the rest of the rows.
- **Marking.** For each letter you call out, look at 6 pupils' responses at random. If there are two or more pupils pointing to an incorrect letter, note down the letter. You will use the difficult letters for practice in the lesson.
- For example, if you look at 6 pupils and 2 or more don't know it, then it should be reviewed.
- Below is the list of letters to call out, by row. Remember to mark each difficult item before moving to the next one.
 - Row 1, Letter: a

 - Row 4, Letter: k
 - Row 5, Letter: m

Standards

The pupils will be able to:

1. Connect letters with spoken words
2. Show the teacher which letters they know well, and which they don't know well.

1. Reinforcement – Re-teach Letters (10 mins)

Re-teach letters pupils aren't sure of

- Look at your list of letters from the assessment. These are letters that pupils were not confident with or that several pupils got wrong. Pull out the alphabet cards for only those letters.
- Use the alphabet strip to remind pupils of the letter sound and keyword for each letter.
- Raise up each of the alphabet cards, quickly. Ask pupils to say the letter sound as soon as they see it. Spend a couple minutes on this.

2. Reinforcement – Letter game (10 mins)

Ask pupils for words they know

- In this game, the pupils will pass around the alphabet cards with only the letters you **want to reinforce** (the same letters as above). They will say its sound, and think of a word with that sound. Each time the letter comes up, they'll think of a new word.
- If possible, have the pupils stand in a circle.
- The first pupil should hold up the deck for the other pupils with the top card showing. The pupil says the sound of the letter (if the sound is incorrect, the teacher should say the correct sound).
- Then the same pupil says a word that starts with the letter. If it is a vowel, the pupil says a word that has the letter in it.
- The other pupils should say if they agree that the word has the letter in it.
- If they agree, then ALL pupils say the sound of the letter, and the word.
- Then the pupil passes the deck to the next child in the row. The next pupil puts the top card on the bottom. Then they continue (say the letter sound, and a word with the letter in it).
- As the letters begin to come up again, encourage pupils to find words that nobody else has used yet in this game.

3. Decodable story reading – In pairs (10 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

Standards

The pupils will be able to:

1. Connect letters with spoken words
2. Show the teacher which letters they know well, and which they don't know well

1. Reinforcement – Re-teach Blending - Syllable or Word

(10 mins)

Re-teach blending, using syllables or words

- Look at your list of syllables and words from the assessment. These are syllables and words that several pupils got wrong.
- Write the first one on the board.
- Reteach how to blend.
 - o For a syllable, point to each letter slowly, say its sound, and have pupils repeat it. Then move your finger slowly under the syllable, blending the sounds together to say the whole syllable slowly. Ask pupils to repeat.

- o For words, say each syllable. Move your finger under the word, blending the syllables together to say the whole word. Ask pupils to repeat after each step.

- Continue with each item from the assessment that pupils found challenging.

2. Reinforcement – Make a match, blending game

(10 mins)

Syllables – if focusing on syllables, use these directions:

- In this game, pupils will demonstrate blending by standing with a sound – separately, then standing together to form a syllable.
- Pull out the alphabet cards for the letters in syllables that pupils found challenging. (If it was only one or two they found challenging, add a couple more consonants and a couple vowels to the pile.)
- Ask two pupils to come to the front of the class (or three, if you have three-letter syllables)
- Choose a syllable, and give the pupils the letters in that syllable. Ask the pupils to hold up their letter so everyone can see. Then they should stand beside each other, but a few meters apart.
- Say: N yi tiri a, nyin bolimi bachikobili maa vuri. Di yi zani n-tabili taba, nyin bolimi bachijili muni maa!
- Ask the pupils to slowly move to the middle, keeping their letters so the whole class can see. Point to each pupil a couple times (starting with the first letter in the syllable), as the whole class says the sound.
- When they are together, put your hands over both pupils at once (so the class knows they are now standing together). Have whole class say the whole syllable.
- If pupils struggle on the first try, do the same syllable again, encouraging them for correct responses.
- Once the entire class does the first syllable correctly, continue with the next syllable.

Words– if focusing on words, use these directions:

- In this game, pupils will demonstrate blending by standing with a syllable – separately, then standing together to form a word.
- Pull out the alphabet cards for the syllables in words that pupils found challenging. (If it was only one or two they found challenging, add a couple more words to the game.)
- Ask two or three pupils to come to the front of the class (depending on whether you have two or three-syllable words)
- Choose a word, and give each pupil the letters they need to make a syllable in that word. Assure all the syllables for the word are matched with pupils. Ask the pupils to hold up their letters (in syllable order) so everyone can see. Then they should stand beside each other, but a few meters apart, with the syllables in word order.
- For example, the word **wawara**, would be (**wa**) – pupil 1, (**wa**) – pupil 2, (**ra**) – pupil 3.
- Say: N yi tiri a, nyin bolimi bachikɔbili maa vuri. Di yi zani n-tabili taba, nyin bolimi bachijili muni maa!
- Ask the pupils to slowly move to the middle, keeping their letters so the whole class can see. Point to each pupil a couple times (starting with the first syllable in the word), as the whole class says the syllable.
- When they are together, put your hands over both pupils at once (so the class knows they are now standing together). Have whole class say the whole word.
- If pupils struggle on the first try, do the same word again, encouraging them for correct responses. If there are syllables within the word they struggle with – reteach the syllable sounds and blending for that syllable.
- Once the entire class does the first word correctly, continue with the next word.

3. Decodable story reading – In pairs

(10 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.

Review parts of a book – cover, back, title

- Hold up a pupil book with the cover facing the class. Ask what this part of the book is called. (Answer: “**kɔva**”)
- Point to the title.
- Say: Buku maa yuli m-bɔŋɔ. Buku maa yuli lee booni bɔ? (Answer: “**N ni tooi karim!**”)
- Hold up the pupil book with the back cover facing the class.
- Ask pupils what this part is called. (Answer: “**nyaana kɔva**”)

3. Review – comprehension, prediction

Prediction based on picture

- Help pupils find the decodable text of the day in their Pupil Books by holding up the page and saying the page number.
- Say: Yulimiya anfooni maa! Bɔ ka yi nya? A tɛha ni bɔ ka lahibali ŋɔ yɛn jɛndi?
- Give pupils a moment to think, then invite them to share their predictions with a partner. Call on 2 pupils at random and ask for their predictions.

4. Decodable story reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the decodable story independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – Prediction check

(2 mins)

Check prediction based on picture

- Ask pupils to remember the predictions they made before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

Standards

The pupils will be able to:

1. Review keywords for comprehension: who, where, when, and what
2. Review the concept of an inferential question
3. Practice writing or drawing, and making a text-to-self connection

1. Review the decodable story

(2 mins)

Quick review of the decodable story

- Briefly talk with pupils about the story they read for this lesson. In the next activity, pupils will discuss it in detail, and answer questions.
- Begin by asking what they remember. Then fill a couple points that may be missing or incorrect.

2. Review – Question words

(18 mins)

Review the keyword “Who” (“ɲuni”), and answer a question

- Say: Bachi bɔ vuri ka ti yɛn wum bɔhigu piligu di yi nɛn ka di bɔri ni ti labisi ni so yuli?
- Call on a pupil at random. Remind them that the word is “who” (“ɲuni”).
- Ask the following “who” question: Click or tap here to enter text.
- Turn and Talk: Ask pupils to turn to a pupil next to them and talk about the answer.
- Call on a pupil to respond. Correct as needed.

Review the keyword “where” (“ya”), and answer a question

- Say: Bachi bɔ vuri ka ti yɛn wum bɔhigu piligu di yi nɛn ka bɔhigu maa bɔhi n-jendi luyisheli polo yuli bee nɛnsim sheli lahibali puuni?
- Call on a pupil at random. Remind them that the word is “where” (“ya”).
- Ask the following “where” question: Ya ka Amiliya daa be duu maani?
- Turn and Talk: Ask pupils to turn to a pupil next to them and talk about the answer.
- Call on a pupil to respond. Correct as needed.

Review the keyword “when” (“bɔ saha”), and answer a question

- Say: Bachi bɔ vuri ka ti yɛn wum bɔhigu piligu di yi nɛn ka bɔhigu maa bɔhi jendi saha sheli lahibali puuni?
- Call on a pupil at random. Remind them that the word is “when” (“bɔ saha”).
- Ask the following “when” question: Bɔ saha ka amilya maa daa pili waa wabu?
- Turn and Talk: Ask pupils to turn to a pupil next to them and talk about the answer.
- Call on a pupil to respond. Correct as needed.

Review the keyword “what” (“bɔ”), and answer a question

- Say: Yɛlimiya ma bachi shɛli ti ni yɛn tooi wum bɔhigu piligu di yi niŋ ka bɔhigu maa bɔhi jɛndi binshɛli, kamani yili bee loori?
- Call on a pupil at random. Remind them that the word is “**what**” (“Bɔ saha ka Amiliya daa niŋ di bahigu?”).
- Ask the following “what” question: Bɔ saha ka Amiliya daa pili waa wabu?
- Turn and Talk: Ask pupils to turn to a pupil next to them and talk about the answer.
- Call on a pupil to respond. Correct as needed.

Review the concept of inferential questions.

- Say: Yi ni tooi yuli lahibali maa bachinima ka labisi bɔhigu kam n ni bɔhi?
- Ask pupils to raise one hand. Tell them to put up one finger if they think the answer is always in the words of the story, and two fingers if they think that they don’t always have the answers.
- See how pupils respond.
- Remind pupils that sometimes you don’t find the answer to a question in the story. Sometimes you have to think about other things you know in order to think of an answer.
- Ask the following inferential question: Wula ka a niŋ baŋ ni Amiliya maa tabila o noli?
- Turn and Talk: Ask pupils to turn to a pupil next to them and talk about their response, or responses.
- Call on a couple pupils to tell you their answer.

- Write the first two lines of the pupil book story (a dialogue), with the character names. The first two lines are:
 - Nayibila: Muu! Muu! Muu!
 - Nahu: M malila m bia

- Point to each character name.
- Say: Ninvuy' sheba ban be buku maa ni yuya m-bonɔ. Yeltɔɣ' sheli din doli nira maa yuli n-nye o ni yeri yeltɔɣ' sheli. A yi yen karim lahibali maa, a yen karimla nira kam ni yeli sheli ka di yina, pa nira maa yuli. N ni karim tuuli yeltɔɣa ayi maa ka yi wum di ni kumdi shem.
- Read each line written on the board. Try to use emotion, and different voices for each character. Remind pupils that you did not say the character name aloud.
- Ask pupils open their books. Ask them to find the same lines in their book, and point to the first two character names. Walk around to be sure the pupils are following along.

3. Story introduction

(5 mins)

Briefly introduce the story

- Kum gbaai nahu ni o bia ka be bi mi be ni yen nya bindirigu sheli polo n-di.

4. Teacher reads the dialogue (with Curriculum Lead or teaching assistant, if possible)

(5 mins)

Teacher reads while pupils follow along

- Read the dialogue slowly, and with emotion. Ask pupils to follow along with their fingers.
- *Note*- do not read the character name. Only read what the characters are saying. If possible, ask the Curriculum Lead or a teaching assistant to read the part of one of the characters. If not, try to use different voices for different characters.

5. Decodable story reading – in pairs

(10 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words. If they are ready, they can each try to read the part of one character, but they will also have time to try it.
- Remind the class not to read the names of the characters aloud.

1. Special instructions

Instructions to teachers

- ASER is an assessment of pupils' progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.
- Lessons 111, 113, 115, 117 and 119 are short. They contain a new story each day for pupils to read, and the Syllable Race game to play. Pupils will do the same two activities each day, during the Lessons. This is meant to do a couple things:

1. Free teachers' time to conduct ASER. Student-directed activities should make it easier for teachers to have some else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time (during lessons 111, 113, 115, 117 and 119) to assess pupils using ASER.
 2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Syllable Race" game, below (to be played each day), supports syllable counting and word reading.
- Lessons 112, 114, 116, 118, 120 are based on the story in the previous lessons, and require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person who will stay with the pupils)

- 111, please take time to orient the pupils, and the person staying with the pupils, on what they are meant to do. Also, please take a moment to explain the game to pupils. They will do the same activities each day, but using the new story and Syllable Race game for that Lesson.
- Write today's Lesson # on the board. Be sure they have the materials they need.
- In this lesson...
 1. Pupils will read the story alone. (Note – The story in Lessons 111 to 115 are fill-in-the-blank. Pupils will have to try to find the word that goes in the blank as they read.)
 2. After reading it alone, they will find a pair and re-read the story.
 3. With the time remaining after reading, pupils will play the Syllable Race game.

2. Decodable story reading – Independent & in pairs

(15 mins)

Pupils read aloud in the book independently

- Pupils should be given time to read the story independently. They should whisper read (read quietly), putting their finger under each word as they read it.

Pupils read in pairs

- Pupils should then read the decodable story in pairs. They may find a person to pair with after reading alone.

3. Syllable Race (Game) – Complete Instructions

(15 mins)

Pupils play the Syllable Race Game

Syllable Race (Game) Instructions

Materials:

- Pupil Lesson page with game board and word grid.
- Game piece. Each child brings in (or find in the schoolyard) a small thing, like a bottle cap or small stone, to use as a game piece [diema bini]. They will move it around the gameboard [diema polo].
- *Note: pupils should keep their game piece, and have it ready to use each day this week.*

Preparations:

- Teacher, or person with the pupils, places them in groups of 4.
- Within the group of four (4), the pupils each find a partner, to form a team [local language word]. So, each group is made of two (2) teams [tiim] of two (2) pupils.--- If there are remaining pupils once groups are formed, they should be added to teams [tiimnima]., so some teams [tiimnima] will have three (3) pupils instead of two (2) pupils.
- Each team of two pupils selects one (1) game piece [diema bini] to use. Each team opens one (1) pupil book to the page with the game board for this lesson.

How to play:

- The pupil who has the most letters in their first name starts
- The pupil drops a pebble on the grid of words (in the pupil book) from about 15 centimeters up. If it doesn't fall on the word grid, or falls in the middle of a grid line, keep trying until it falls inside a box.
- Once the pebble falls on a box with a word in it: Pupils
 - o (1) Clap the syllables in that word,
 - o (2) Count the number of syllables,
 - o (3) Confirm with the group that is the correct number of syllables, and
 - o (4) Move forward that number of spaces on the game board.
- Then a player from the other team plays (drops the pebble, and does steps 1-4 above).
- Teams should continue to take turns, allowing each player in the group to try. Partners on a team should be encouraged to help each other.
- The team that reaches the end first, wins! All players in the group shine for that team.
- Then the game can be played again, in the time remaining for the lesson.

2. Ask and answer factual and inferential questions
3. Make a connection between a story and personal experience
4. Use drawing and writing to respond to a story

1. Story review and corrections

(12 mins)

Re-read story with pupils, and check the fill-in-the-blank responses

- Ask pupils to open their book to the story for this lesson.
- Ask for a volunteer to read the first sentence. If the sentence has a fill-in-the-blank response, ask them to say the correct word to fill-in the blank as they read the sentence.

- If the pupil chose the correct word, have all the pupils point to the correct word, and re-read the sentence using that word.

- If the pupil chose an incorrect word, discuss the answer with the pupils so they understand why one answer is better. Then have all the pupils point to the correct word and re-read the sentence using the word.
- Ask another volunteer to read the next sentence. Continue in this way, identifying correct answers and discussing difficult ones, until the whole story has been read.

2. Comprehension – making connections

(8 mins)

Ask comprehension questions

- Read the following question, one at a time:
Question 1: Bɔ ka o di zan n-dihi nobila maa?
Question 2: Wula zuɣu ka o yo nobila maa duu ni?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what is in the text or picture, as well as their own experiences, to reflect on their answers.

Make text-to-self connections

- Say: Ti yi karim lahibali, di ni tooi teei ti binshɛɲa din na min niŋ ti ti biɛhigu ni yɛla.
- Say: Pumpɔɲɔ, tɛhi kpa nobila maa polo lahibali maa ni. So guli nobila maa? Wula ka di tu ni a guli a biŋkɔbiri?
- Ask pupils to turn to a partner to share their answers.
- Call on a pupil randomly to share their answer to the question. Discuss their answer with the class. Help the pupils think about how the story relates to their own lives and how they can use their own experiences to understand the story.

3. Writing – Story response

Student-directed activities should make it easier for teachers to have some else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time (during lessons 111, 113, 115, 117 and 119) to assess pupils using ASER.

2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Syllable Race" game, below (to be played each day), supports syllable counting and word reading.
- The B Lessons for Lessons 56 to 60 are based on the story in the A Lessons, and require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person who will stay with the pupils)

- *Please remind the pupils, and person staying with the pupils, what they are meant to do.*
- *Write today's Lesson # on the board. Be sure they have the materials they need. This lesson is the same as yesterday (but using the story and game grid for this lesson).*
 1. Pupils will read the story alone.
 2. After reading it alone, they will find a pair and re-read the story.
 3. With the time remaining after reading, pupils will play the Syllable Race game.

2. Decodable story reading – Independent & in pairs

(15 mins)

Pupils read aloud in the book independently

- Pupils should be given time to read the story independently. They should whisper read (read quietly), putting their finger under each word as they read it.

Pupils read in pairs

- Pupils should then read the decodable story in pairs. They may find a pair once they have taken time to read the story alone.

3. Syllable Race (Game)

(15 mins)

Pupils play the Syllable Race Game

- *Instructions for this game are found in lesson 111.*

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “i” and show the “b”
- Say: Vu’ bɔ n-lee m-bɔŋɔ? (pupils respond “b”)

Cover the “b” and show the “i”

- Say: Vu’ bɔ m-bɔŋɔ? (pupils respond /i/)
- Say: Yi ni tooi laxim vuri maa karim, ka laxim ŋa m-boli bachijilli. Pumpɔŋɔ laximmiya vuri maa karim. /i/ /b/, “ib”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka laxim ŋa n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.

- Say: Cheliya ka ti laxim buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpoŋo yi mi di ni tu ni yi niŋ shem. Karimmiya bachi shenɔ ɲan pahi maa yi bukunima ni kamani ti ni karim ɲo maa shem maa. Karimmiya bachijila maa poi ka naan yi laxim ɲa n-nam bachi maa. Zanmiya yi nubihi n-doli li. (Monitor and help pupils.)

Review small and capital letters

- Point quickly and at random to letters pupils have learnt. Pupils say the sounds of the letters.

n, B, m, T, h, D, s, ɛ

2. New letter review

(2 mins)

Review the new letter from the previous day

- Point to the small letter “b” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Point to the capital letter “B” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Say: Bachi dinnima ka a mi ka di piligiri vuri ɲo /b/.

3. Read syllables

(3 mins)

Rapid syllable reading

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – Making connections

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Tiŋa dini ka sabili daa lee kuna? Karimmi kul' sheli din labisiri bohigu maa.
Question 2: A tēhiya ni bɔ n-daa kabi bidibbila maa suhu? Karimmi kul' sheli din wuhiri bidibbila maa suhu ni kabi shem.
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Make text-to-self connections

- Say: Ti yi karindi lahibali, di tooi teeri ti bin' shenja din na mi n-niŋ ti biēhigu ni.
- Say: Pumpɔŋɔ, tēhimi sabili yela. Bɔ n-daa niŋ sabili?
- Ask pupils to turn to a partner to share their answers.
- Call on a pupil randomly to share their answer to the question. Discuss their answer with the class. Help the pupils think about how the story relates to their own lives and how they can use their own experiences to understand the story.

6. Writing – Environmental print

(10 mins)

Writing – Label objects in the environment

- Divide the pupils into 5 groups. Write the group numbers (1-5) across the top of the board.
- Ask pupils in the group to look around the room, and think of the word for three things they see (in the official Ghanaian language of the school).
- Invite each group to share their words. List each group's words under their group number.
- Look at the first letter for each word. Ask pupils if they learned it, and if so, what sound does the letter make? (use the keyword to remind them, if necessary).
- Have each group copy the list of words for their group into their notebooks. If they finish early, they should continue with other words.
- After the lesson- write the words in large letters on a half-sheet of paper. Stick the label to the thing it represents (for example, stick the word "table" to a table). It should be visible to pupils in the classroom.

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Say: Pumpɔɔ, cheliya ka ti zaŋ ti ni mi bachikɔb' shɛŋa zaa m-bɔhim bachijila karimbu.
- Write the Box #2 syllable column on the board.

- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.

- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Cheliya ka ti layim buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpɔɔ yi mi di ni tu ni yi niŋ shɛm. Karimmiya bachi shɛŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ŋɔ maa shɛm maa. Karimmiya bachijila maa pɔi ka naan yi layim ŋa n-nam bachi maa. Zaŋmiya yi nubihi n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

6. Fluency activity

(10 mins)

Read common words

- Say: Ti ni bɔhim bachi gahinda biɛla shɛŋa din be lahibal' shɛli ti ni na yoli karim yi karimbihi buku ni maa karimbu
- Ask pupils to look at the sentence at the bottom of the page in the pupil book.

- Write the sentence on the board.
- Circle the following common words in the same sentence the pupils just read:

moli, miiya

- Point to each common word in the sentence. Ask pupils to read these common words together as a class. Repeat no more than 3 times.

Re-reading for fluency

- Say: Pumpɔŋɔ, chɛliya ka ti karim yɛltɔyili maa zaa. Ti ni karim li bushɛm zuɣu. M bɔrimi ni yi buɣisi di karimbu kamani yi yɛrila yɛltɔya n-tiri so la.
- Demonstrate reading without emotion (take pauses between words and be boring), and then do it again with more expression (with a natural pace and appropriate emotion- like excitement or sadness).
- Then have pupils follow these steps:
 - 1) Pupils read the sentence with a partner twice.
 - 2) Teacher reads the sentence with the whole class.
 - 3) Pupils try reading with a partner naturally, with more emotion.
- Have pupils rate their own speed and emotion by holding 1, 2, or 3 fingers in the air. (1 – I was excellent, 2 – I was okay, 3 – I need more practice)

- Point to the My Language box in the Pupil Book. Ask pupils to point to it in their books.
- Ask pupils to read the My Language lines (a different pupil for each line).

- Say: Chɛliya ka ti karim bachinima ɲɔ. Bɔ n-taxi tuuli dini maa mini din pahiri ayi maa ni. Di woliginsim nye dini ka wula ka di gbunni taxi? Anfooni ɲɔ mini bachi dini n-lee kpini taba?
- Call on 1-2 pupils to respond, as appropriate.

2. Vocabulary – Before reading

(5 mins)

Teach and discuss vocabulary

- Write the vocabulary on the board (but not the definitions). Ask pupils what they know about each one.
- Discuss the word meaning, using gestures or illustrations to support understanding. If needed, help pupils understand the word by saying it in another language they know.

tuturi damaha

3. Comprehension - Prediction

(4 mins)

Prediction based on picture

- Help pupils find the decodable text of the day in their Pupil Books by holding up the page and saying the page number.
- Say: Yulimiya anfooni maa! Bɔ ka yi nya? Yi teha ni bɔ ka lahibali maa yɛn jɛndi?
- Give pupils a moment to think, then invite them to share their predictions with a partner. Call on 2 pupils at random and ask for their predictions

4. Reason to read

(2 mins)

Think about why you want to read the story

- Say: Pumpɔɔɔ, yi ni karim lahibali maa yi tolitoli yi bukunima maa ni. Yi ni tooi karim di bachinima maa dama bachikɔb' shɛna di ni zaŋ sabi lala lahibali maa nyela ti ni daa pun bɔhim shɛli.

Remind pupils to track as they read

- Say: Teemi n-zaŋ a nubila m-boori bachi kam gbunni ka karindi li.

6. Decodable story reading – Independent

(7 mins)

Pupils read aloud in the book independently

- Ask pupils to read the decodable story independently. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

7. Comprehension – Prediction check

(2 mins)

Check prediction based on picture

- Ask pupils to remember the predictions they made before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

8. Writing – Letters

(6 mins)

Pupils practice writing the letter

- Ask pupils to locate the syllable **“dib”** in a word in the decodable story. Call on 2 pupils at random to share the words they found.
- Write the letter **“b”** on the board (1/3 meter tall).
- Air write the letter (use a straight arm) and describe how to write the letter as you do it. Invite pupils to air write with you and say the sound. Watch them as they do it.
- Ask pupils to write the letter with a finger on their desks while saying the sound of the letter.
- Ask pupils to take out their exercise books and write the letter **“b”** 5 times.
- If some pupils finish early, tell them to draw a picture of something that begins with the sound **/b/**.

**Read

Standards

The pupils will be able to:

1. Use new words correctly in sentences.
2. Identify characters in a story.
3. Use verbal and nonverbal communication appropriately.

3. Read aloud

(10 mins)

Read the following story aloud

- Show the picture that goes with the story as you read aloud. Or, if you have the NALAP big book, use that to show the pictures.
- While reading, pause to think aloud and talk to pupils about the story at key moments. If pupils struggled with one of the new vocabulary words, pause to discuss its meaning in the story. If pupils are struggling with a new sound learnt this week, pause to point out the sound in a few different words.

- Say: Nuni yeltɔya ka lahibali ŋɔ lee yeri maa? (Answer could be one character or multiple main characters)
- Say: Ninsalinima mini binkɔbiri ni binyera ban tɛhiri ka tumdi tuma lahibali ni nyela **niriba ban be lahibali ni.**
- Ask pupils whether the characters in today's story are people, animals, and things.
- Say: Niriba ban be lahibali ni ka lahibali maa yeri be yela nyela lahibali maa ni mɛ n-gili sheba. Lahibali maa ni mɛ n-gili sheba zuɣu ka lahibali tamya. Ban gba nyela ban be anfooni ni. Ninvuy' banima n-lee be anfooni ŋɔ ni saha ŋɔ?
- Ask pupils to think for 15 seconds about what the story taught them about the main character (or one of the main characters) in the story. They should think about: what the character likes or dislikes, what is the character's role in the family, how the character feels, what work the character does.
- Turn and talk: Ask pupils to turn to a pupil next to them to describe the character in the story. Then, call on 2-3 pupils to share their descriptions of the character.

Note: Pupils who do not speak the language of instruction may need additional modelling and support. You can provide them with example words or invite them to describe the character in the language they're most comfortable in.]

n, B, m, T, h, D, s, ε

2. New letter review

(2 mins)

Review the new letter from the previous day

- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words

5. Comprehension – Making connections

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Nuni n-daa yi ka bi kuna?
Question 2: Bo n-daa che ka Naa maa ni mii?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Make text-to-self connections

- Say: Ti yi karindi lahibali, di ni tooi teeri ti binsheli din na mi n-ni ti manmana bihigu ni.
- Say: Pumpoŋɔ, tɛhimiya Naa maa yɛla. A nii na mi n-mii? Bo n-na mi n-ni a?
- Ask pupils to turn to a partner to share their answers.
- Call on a pupil randomly to share their answer to the question. Discuss their answer with the class. Help the pupils think about how the story relates to their own lives and how they can use their own experiences to understand the story.

6. Writing – Story response

(10 mins)

Pupils write or draw a response to the story

- Ask pupils to take out their exercise books.
- Ask pupils to draw or write about the text-to-self connection they made to the story.

Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: Before the lesson

Prepare for the assessment

- Prepare an assessment scoring page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- Prepare an assessment sheet with the assessment letters and syllables (found at the end of this lesson plan). Write the letters and syllables large enough for pupils to see clearly and point to.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Bo zuyu ka niriba maa diri dari?
- Say: Cheliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Show the pupil the 4 letters on the assessment sheet. Mark the number of correct responses (from 1-4) on your assessment scoring page.
- Show the pupil the 3 syllables on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Show the pupil the 3 words on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – For each pupil

- Total the correct letters, syllables and words for each pupil – across the row on your assessment scoring page. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – For class progress

- Total the correct letters and syllables for the 10 pupils by adding each column on your assessment scoring page. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension - Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
Question 1: Nuni ka bi bo hali nti nya tuturi ni?
Question 2: Bo n-lee wuhi ni niriba maa daa yu be Naa maa?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words
2. Blend syllables to read and write words

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: “letter sounds” or “syllable blending”.

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learnt but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the page of letters at the back of the pupil book. Call a letter sound that pupils have already learnt. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learnt. *TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 words on the blackboard that pupils have already learnt. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the words at random. Continue to slowly call out words. The first pupil to hear all 3 of the words they wrote down raises their hand. If they can say all 3 correct words, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words to pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi nɔ gbunni?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tehirila bachi sheli yela. Bachi maa n-nye “**bolon**”. Cheliya ka ti kpahi ti nuhi doli di bachijila maa: /bo/ /lon/.
- Using the syllable grid in the Pupil Book, ask pupils to point to the first syllable that they hear in the word that you said aloud. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nye “**bolon**”. Pumpɔɔ ti mali bachi muni maa zaa ka di sabi doya. Cheliya ka ti laxim karim li. (Pupils read the word “**bolon**”).
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **yebisa, manti, sabili**

Use syllables to build new words

- Say: Pumpɔɔ, m bɔrimi ni yi kpaɲ yi maɲa n-nam yi tolitoli bachinima!
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “n” and show the “a”
- Say: Vu’ bɔ n-lee bɔŋɔ? (pupils respond /a/)
- Cover the “a” and show the “n”
- Say: Vu’ bɔ n-lee bɔŋɔ (pupils respond /n/)
- Say: Yi ni tooi laxim vuri maa karim, ka laxim ŋa m-boli bachijilli. Pumpɔŋɔ laximmiya vuri maa karim /a/ /n/, “an”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(8 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka laxim ŋa n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.

- Say: Cheliya ka ti laxim buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpoŋo yi mi di ni tu ni yi niŋ shem. Karimmiya bachi sheŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ŋo maa shem maa. Karimmiya bachijila maa poi ka naan yi laxim ŋa n-nam bachi maa. Zanmiya yi nubihi n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

3. Comprehension - Prediction

(4 mins)

Prediction based on picture

- Model putting the first two words on the list below into one of the categories. Explain why you put it there.
- Read each word. Ask who has an idea about where it should go. For each word, a new volunteer puts it in a category and says why they think it should go there.
- If pupils struggle, help them talk about how the words are related to each other.
- Note: some words might fit into either category.

2. Ask and answer factual and inferential questions.
3. Make a connection between a story and personal experience.
4. Make a list of objects found in the local environment.

1. Rapid letter review

(1 min)

Review small and capital letters

D, i, N, t, ɲ, S, o, b,

2. New letter review

(2 mins)

Review the new letter from the previous day

- Point to the small letter “n” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – Making connections

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Nuni n-daa lee to tuubaani maa bahi?
Question 2: Bo n-wuhiri ni kum daa mali Baamunu pam?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Make text-to-self connections

- Say: Ti yi karindi lahibali, di ni tooi teeri ti binsheli din na mi n-niŋ ti manmana biɛhigu ni.
- Say: Pumpɔŋɔ, tɛhimiya Andani yela. Bo n-daa lee niŋ Andani?
- Ask pupils to turn to a partner to share their answers.
- Call on a pupil randomly to share their answer to the question. Discuss their answer with the class. Help the pupils think about how the story relates to their own lives and how they can use their own experiences to understand the story.

6. Writing – Environmental print

(10 mins)

Writing – Label objects in the environment

- Divide the pupils into 5 groups. Write the group numbers (1-5) across the top of the board.
- Ask pupils in the group to discuss some of the things they saw on their way to school that morning and as a group agree on 3 words for three things they want to know how to write (in the official Ghanaian language of the school)

- Invite each group to share their words. List each group's words under their group number.
- Look at the first letter for each word. Ask pupils if they learned it, and if so, what its sound is. (use the keyword to remind them, if necessary).
- Have each child draw one object on a piece of paper and label by copying from the list of words from their group.
- After the lesson – help pupils display their work on the wall.

2. Blend letter sounds to read syllables and syllables to read words.
3. Read syllables quickly and accurately.

1. Rapid letter review

(1 mins)

Review small and capital letters

Point at random, quickly, to letters pupils have learnt.
Pupils say the sounds of the letters

- Ask pupil to say the sound with you again (no more than 2 times).

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Say: Pumpɔŋɔ chɛliya ka ti bɔhim karimbu ni bachijil’ shɛŋa din mali bachikɔb’ shɛŋa zaa ti ni mi.
- Write the Box #2 syllable column on the board.

- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(6 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka layim na n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Cheliya ka ti layim buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpoŋo, yi mi di ni tu ni yi niŋ shem. Karimmiya bachi shenja nan pahi maa yi bukunima ni kamani ti ni karim ŋo maa shem maa. Karimmiya bachijila maa poi ka naan yi layim na n-nam bachi maa. Zanmiya yi nubihi n-doli li (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

6. Fluency activity

(10 mins)

Read common words

- Say: Ti ni bohim bachi gahinda biela shenja din be lahibal' sheli ti ni na yoli karim yi karimbihi bukunima ni maa karimbu.
- Ask pupils to look at the sentence at the bottom of the page in the pupil book.
- Write the sentence on the board.
- Circle the following common words in the same sentence the pupils just read:
kuli, ban, bindira.
- Point to each common word in the sentence. Ask pupils to read these common words together as a class. Repeat no more than 3 times.

Re-reading for fluency

- Say: Pumpoŋo, cheliya ka ti karim yeltɔyili maa zaa. Ti ni karim li bushem zuɣu. M boŋi ni yi buyisi di karimbu kamani yi yerila yeltɔya n-tiri so la.
- Demonstrate reading without emotion (take pauses between words and be boring), and then do it again with more expression (with a natural pace and appropriate emotion- like excitement or sadness).
- Then have pupils follow these steps:
 - 1) Pupils read the sentence with a partner twice.
 - 2) Teacher reads the sentence with the whole class.
 - 3) Pupils try reading with a partner naturally, with more emotion.
- Have pupils rate their own speed and emotion by holding 1, 2, or 3 fingers in the air. (1 – I was excellent, 2 – I was okay, 3 – I need more practice)

108 Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before the lesson

Prepare for the assessment

- Prepare an assessment scoring page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- Prepare an assessment sheet with the assessment letters and syllables (found at the end of this lesson plan). Write the letters and syllables large enough for pupils to see clearly and point to.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Karimmiya lahibali nj n-nya njun gba daa be nimaani?
- Say: Cheliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books. Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Show the pupil the 4 letters on the assessment sheet. Mark the number of correct responses (from 1-4) on your assessment scoring page.
- Show the pupil the 3 syllables on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.

- Show the pupil the 3 words on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – For each pupil

- Total the correct letters, syllables and words for each pupil – across the row on your assessment scoring page. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – For class progress

- Total the correct letters and syllables for the 10 pupils by adding each column on your assessment scoring page. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension - Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
 - Question 1: Babila nun nyaana, nun daa lee lahi be waa maa ni?
 - Question 2: Waa maa wabu nyaana, bo ka ban kpalim daa ninda?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words.
2. Blend syllables to read and write words.

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: “letter sounds” or “syllable blending”.

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learnt but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the page of letters at the back of the pupil book. Call a letter sound that pupils have already learnt. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learnt. *TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 words on the blackboard that pupils have already learnt. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the words at random. Continue to slowly call out words. The first pupil to hear all 3 of the words they wrote down raises their hand. If they can say all 3 correct words, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words to pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi nɔ gbunni?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tɛhirila bachi sheli yɛla. Bachi maa n-nyɛ “ban.”
- Using the syllable grid in the Pupil Book, ask pupils to point to the first syllable that they hear in the word that you said aloud. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nyɛ “ban”. Pumpɔɔ, ti mali bachi muni maa zaa ka di sabi dɔya. Cheliya ka ti laxim karim li “ban”. (Pupils read the word “ban”.)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **kuli dan nayili**

Use syllables to build new words

- Say: Pumpɔɔ, m bɔrimi ni yi kpaɲ yi maɲa n-nam yi tolitoli bachinima!
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “**a**” and show the “**ɲ**”.
- Say: Vu’ bɔ n-lee bɔɲɔ? (pupils respond /ɲ/)

- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.

5. Comprehension – Making connections

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Nuni n-da nariŋ n-ti o bihi?
Question 2: Barina dini n-daa lee be be nariŋ maa duhibu ni?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Make text-to-self connections

- Say: Di yi niŋ ka ti karim lahibali, di ni tooi teei ti binsheɣu din na mi n-niŋ ti bieɣigu ni.
- Say: Punpɔŋɔ tɛhimi bihi mini nariŋ yɛla. Nuni n-to bihi maa luhi kom ni?
- Ask pupils to turn to a partner to share their answers.
- Call on a pupil randomly to share their answer to the question. Discuss their answer with the class. Help the pupils think about how the story relates to their own lives and how they can use their own experiences to understand the story.

6. Writing – Environmental print

(10 mins)

Writing – Label objects in the environment

- Divide the pupils into 5 groups. Write the group numbers (1-5) across the top of the board.
- Ask pupils in the group to discuss some of the things they saw on their way to school that morning and as a group agree on 3 words for three things they want to know how to write (in the official Ghanaian language of the school).
- Invite each group to share their words. List each group's words under their group number.
- Look at the first letter for each word. Ask pupils if they learned it, and if so, what its sound is. (use the keyword to remind them, if necessary).
- Have each child draw one of the objects on a piece of paper and label by copying from the list of words from their group.
- After the lesson – help pupils display their work on the wall.

(10 mins)

Read common words

- Say: Ti ni bɔhim bachi gahinda biela shenŋa din be lahibal' sheli ti ni na yoli karim yi karimbihi buku ni maa karimbu.
- Ask pupils to look at the sentence at the bottom of the page in the pupil book.
- Write the sentence on the board.

- Circle the following common words in the same sentence the pupils just read:

kom, ɲariɲ, ba

- Point to each common word in the sentence. Ask pupils to read these common words together as a class. Repeat no more than 3 times.

Re-reading for fluency

- Say: Pumpoɲɔ, cheliya ka ti karim yeltɔyili maa zaa. Ti ni karim li bushem zuyu. M bɔri ni yi buyisi di karimbu kamani yi yerila yeltɔya n-tiri so la.
- Demonstrate reading without emotion (take pauses between words and be boring), and then do it again with more expression (with a natural pace and appropriate emotion- like excitement or sadness).

Then have pupils follow these steps:

- 1) Pupils read the sentence with a partner twice.
 - 2) Teacher reads the sentence with the whole class.
 - 3) Pupils try reading with a partner naturally, with more emotion.
- Have pupils rate their own speed and emotion by holding 1, 2, or 3 fingers in the air. (1 – I was excellent, 2 – I was okay, 3 – I need more practice)

Standards

The pupils will be able to:

1. Apply knowledge of new and previously-learned letters to read a short text independently.
2. Make predictions using a picture.
3. Write a new letter.

1. My language

(3 mins)

Teach a rule of the language

- Say: Sokam zaɲmi o nubila n-tiri adaka din be zuyusaa maa.
- Point to the My Language box in the Pupil Book. Ask pupils to point to it in their books.
- Ask pupils to read the My Language lines (a different pupil for each line).

- Say: : Cheliya ka m mini ya laxim n-karim bachinima ɲɔ di zuyusaa hali nti sheei di tiɲa. Bɔ n-lee woli' taba ti yi karindi bachinima ɲɔ di zuyusaa hali ni tiɲa? Anfooni ɲɔ mini bachi dini n-lee kpini taba?
- Call on 1-2 pupils to respond, as appropriate.

2. Vocabulary – Before reading

(5 mins)

Teach and discuss vocabulary

- Write the vocabulary on the board (but not the definitions). Ask pupils what they know about each one.
- Discuss the word meaning, using gestures or illustrations to support understanding. If needed, help pupils understand the word by saying it in another language they know.

ɲamli kom

3. Comprehension - Prediction

(4 mins)

Prediction based on picture

- Help pupils find the decodable text of the day in their Pupil Books by holding up the page and saying the page number.
- Say: Yulimiya anfooni maa! Bɔ ka yi nya? Yi tɛhiya ni bɔ ka lahibali maa yɛn jɛndi?
- Give pupils a moment to think, then invite them to share their predictions with a partner. Call on 2 pupils at random and ask for their predictions.

4. Reason to read

(2 mins)

Think about why you want to read the story

- Say: Pumpɔɔɔ, yi ni karim lahibali maa yi tolitoli yi bukunima maa ni. Yi ni tooi karim di bachinima maa dama bachikɔb' shɛɲa di ni zaɲ sabi lala lahibali maa nyɛla ti ni daa pun bɔhim shɛli.

5. Reminder - tracking

(1 min)

Remind pupils to track as they read

- Say: Teemi n-zaɲ a nubila m-boori bachi kam gbunni ka karindi li.

6. Decodable story reading – Independent

(7 mins)

Pupils read aloud in the book independently

- Ask pupils to read the decodable story independently. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

7. Comprehension – Prediction check

(2 mins)

Check prediction based on picture

- Ask pupils to remember the predictions they made before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

8. Writing – Letters

(6 mins)

Pupils practice writing the letter

- Ask pupils to locate the syllable “**η**” in a word in the decodable story. Call on 2 pupils at random to share the words they found.
- Write the letter “**η**” on the board (1/3 meter tall).
- Air write the letter (use a straight arm) and describe how to write the letter as you do it. Invite pupils to air write with you and say the sound. Watch them as they do it.
- Ask pupils to write the letter with a finger on their desks while saying the sound of the letter.
- Ask pupils to take out their exercise books and write the letter “**η**” 5 times.
- If some pupils finish early, tell them to draw a picture of something that begins with the sound /η/.

**Read
Aloud**

Standards

The pupils will be able to:

1. Use new words correctly in sentences.
2. Use verbal and nonverbal communication appropriately.
3. Retell a story in their own words.

1. Teach the sound

nam / bam

ɲɔŋ / bɔŋ

daŋ / baŋ

2. Vocabulary – Before reading

(5 mins)

- Call on pupils to use each word in a sentence.

ɲariŋ ɲɔŋli sabi

3. Read aloud reminder

(2 mins)

Summarize the first part of the read aloud story

- Ask pupils what they remember about the beginning of the story.
- Remind pupils who the characters are, and what happened in the first part of the story.

4. Read aloud

(8 mins)

Summarize the first part of the read aloud story

- Show the picture that goes with the story as you read aloud. Or, if you have the NALAP big book, use that to show the pictures.
- While reading, pause to think aloud and talk to pupils about the story at key moments. If pupils struggled with one of the new vocabulary words, pause to discuss its meaning in the story. If pupils are struggling with a new sound learnt this week, pause to point out the sound in a few different words

Standards

The pupils will be able to:

- Use letter knowledge, syllable reading and blending skills to read a decodable text with increased fluency.
- Ask and answer factual and inferential questions.
- Make a connection between a story and personal experience.
- Use drawing and writing to respond to a story.

1. Rapid letter review

(1 min)

Review small and capital letters

Point quickly and at random to letters pupils have learnt. Pupils say the sounds of the letters.

n, B, t, T, ḡ, K, m, H

2. New letter review

(2 mins)

Review the new letter from the previous day

- Point to the small letter “ḡ” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Point to the capital letter “Ḥ” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- SAY: Bachi dini ka ti bḡhim din ni tooi sḡṅ ka ti teei bachikḡbili maa vuri?

3. Read syllables

(3 mins)

Rapid syllable reading

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – Making connections

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Bɔ n-to bihi maa niŋ kom ni?
Question 2: Wula ka bɛ ba daa yɛli ba din wuhiri ni o gu ba mi ka chɛ kodili?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Make text-to-self connections

- Say: Ti yi karindi lahibali, di ni tooi teei ti binsheli din na mi n-niŋ ti maŋmaŋa biɛhigu ni. Nariŋ mini bihi, bee bihi be nariŋ ni kom ni.
- Ask pupils to turn to a partner to share their answers.
- Call on a pupil randomly to share their answer to the question. Discuss their answer with the class. Help the pupils think about how the story relates to their own lives and how they can use their own experiences to understand the story.

6. Writing – Story response

(10 mins)

Pupils write or draw a response to the story

- Ask pupils to take out their exercise books.
- Ask pupils to draw or write about the text-to-self connection they made to the story.

114 Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before the lesson

Prepare for the assessment

- Prepare an assessment scoring page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- Prepare an assessment sheet with the assessment letters and syllables (found at the end of this lesson plan). Write the letters and syllables large enough for pupils to see clearly and point to.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Ya ka buŋa maa chana?
- Say: Cheliya ka ti karim nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Show the pupil the 4 letters on the assessment sheet. Mark the number of correct responses (from 1-4) on your assessment scoring page.
- Show the pupil the 3 syllables on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Show the pupil the 3 words on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – For each pupil

- Total the correct letters, syllables and words for each pupil – across the row on your assessment scoring page. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – For class progress

- Total the correct letters and syllables for the 10 pupils by adding each column on your assessment scoring page. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension - Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
Question 1: Ya ka Biina mini buna daa chana?
Question 2: Wula ka a nin ban ni buna maa suhu daa bi paligi?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words.
2. Blend syllables to read and write words.

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: “letter sounds” or “syllable blending”.

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learnt but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the page of letters at the back of the pupil book. Call a letter sound that pupils have already learnt. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learnt. *TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 words on the blackboard that pupils have already learnt. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the words at random. Continue to slowly call out words. The first pupil to hear all 3 of the words they wrote down raises their hand. If they can say all 3 correct words, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words to pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi nɔ gbunni?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: Pumpɔɔɔ, m bɔrimi ni yi kpaɔ yi maɔa n-nam yi tolitoli bachinima.
- Using the syllable grid in the Pupil Book, ask pupils to point to the first syllable that they hear in the word that you said aloud. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa nyɛla. (Pupils read the word “**luɔa**”)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: mibu **lɛm** siɔa

Use syllables to build new words

- Say: Pumpɔɔɔ, m bɔrimi ni yi kpaɔ yi maɔa n-nam yi tolitoli bachinima
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

Standards

The pupils will be able to:

1. Identify and say the target sound, and recognize the letter that represents that sound.
2. Blend letter sounds to read syllables and syllables to read words.
3. Read syllables quickly and accurately.

1. Rapid letter review

(1 min)

Review small and capital letters

- Point at random, quickly, to letters pupils have learnt.

ɜ, ŋ, n, B, t, D, m, R

2. Teach the sound

(4 mins)

Tongue twister—Say the sound

- Say the tongue twister. Pupils repeat.

ɜɛmana ŋɔ ŋun ɜɛm ɜiri ni ɜini ɜim ni.

- Ask pupils what sound they hear most. (Answer: /ɜ/)

Listening game – First sound

- Say each word below. Pupils put a hand up if they hear the sound at the beginning of the word and on the desk if they do not.

ɜim, dari, ɜɛm, ɜiri, saa, kom, ɜɛri, tani

3. Letter and keyword

(10 mins)

Teach the letter

- Point to the small letter “**ɜ**” on the alphabet strip or on the board.
- Say: ɜunɔ ti bachikɔb’ palli maa m-bɔŋɔ. Bachikɔbili ŋɔ vuri nyela /ɜ/. Bolimiya li n-doli ma:: /ɜ/.
- Ask pupils to say the sound with you (no more than 2 times).
- Point to the capital letter “**ɜ**” on the alphabet strip or on the board.
- Say: Bachikɔbili ŋɔ mini li nyela zaɣ’ yinsi. Di vuri nyela yim /ɜ/. Di bela ŋ-ŋɔ di yi ti niŋ ka di be yeltɔɣili piligu bee yuli piligu.
- Point to the small letter “**ɜ**” on the alphabet strip or on the board again.
- Say: Saha pam ti ni nya li bachinima ni ka di nyela ŋ-ŋɔ

Keyword picture study

- Say: Bɔ ka yi lee nya?
- Call on 1-2 pupils to name what they see in the picture.
- Say the keyword. Touch the letter of the day in the keyword in the pupil book. Say the sound.
- Say: Bolimiya li n-doli ma:: “zim”. Yi wum “z” “zim” ni?
- Ask pupils to touch the letter and say the word again.

Keyword analysis (Pupil Book Box #1)

- Write the keyword from Box #1 on the board.
- Point to the keyword.
- Say: Bachi maa n-nyɛ “zim”.
- Point to the syllable (under the keyword). Read it and show pupils how the syllable is part of the keyword.
- Point to the letter (under the syllable). Read it and show pupils how the letter is part of the syllable.

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “i” and show the “z”
- Say: Vu’ bɔ n-lee bɔŋɔ? (pupils respond /z/)
- Cover the “z” and show the “i”
- Say: Vu’ bɔ n-lee bɔŋɔ? (Pupils respond /i/)
- Say: Yi ni tooi laxim vuri maa karim, ka laxim ŋa m-boli bachijilli. Pumpɔŋɔ laximmiya vuri maa karim. /z/ /i/, “zi”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(8 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka laxim ŋa n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.

- Say: Cheliya ka ti laxim buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpoŋɔ yi mi di ni tu ni yi niŋ shem. Karimmiya bachi sheŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ŋɔ maa shem maa. Karimmiya bachijila maa poi ka naan yi laxim ŋa n-nam bachi maa. Zanmiya yi nubihi n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

1. Use letter knowledge, syllable reading and blending skills to read a decodable text with increased fluency.
2. Ask and answer factual and inferential questions.
3. Retell a story in their own words.
4. Use drawing and writing to respond to a story.

1. Rapid letter review

(1 min)

Review small and capital letters

- Point quickly and at random to letters pupils have learnt. Pupils say the sounds of the letters.

ɜ, ŋ, n, B, t, D, m, R

2. New letter review

(2 mins)

Review the new letter from the previous day

- Point to the small letter “**ɜ**” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Point to the capital letter “**B**” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Say: Bachi dinnima ka yi mi ka di piini ni vuri ŋɔ /ɜ/?

3. Read syllables

(3 mins)

Rapid syllable reading

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – After reading

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Wula zuyu ka Yobaa daa lihi zem Soona?
Question 2: Bo n-wuhiri ni Yobaa daa yihi tahima?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Retell

- Ask for a volunteer pupil to say what happened in the story. Encourage the pupil to use their own words. Pupils should not read directly from the story.

6. Writing – Story response

(10 mins)

3, ŋ, n, B, t, D, m, R

2. Teach the sound

(4 mins)

Tongue twister—Say the sound

- Say the tongue twister. Pupils repeat.

3εmana ŋɔ ŋun 3εm 3iri ni 3ini 3im ni

- Ask pupils what sound they hear most.

- Ask pupil to say the sound with you again (no more than 2 times).

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Say: Pumpɔŋɔ, cheliya ka ti bɔhim karimbu ni bachijil' shɛŋa din mali bachikɔb' shɛŋa zaa ti ni mi.
- Write the Box #2 syllable column on the board.

- Cover the “3” and show the “i”
- Say: Vu' bɔ n-lee bɔŋɔ? (pupils respond /i/)
- Say: Yi ni tooi layim vuri maa karim, ka layim ŋa m-boli bachijilli. Pumpɔŋɔ layimmiya vuri maa karim. /3/ /i/, “3i”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.

- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Cheliya ka ti layim m-buyisi li!!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpɔŋɔ yi mi di ni tu ni yi nin shem. Karimmiya bachi shɛŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ŋɔ maa shem maa. Karimmiya bachijila maa poi ka naan yi layim ŋa bachi maa. Zanmiya yi nubih n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

6. Fluency activity

(10 mins)

Read common words

- Say: Ti ni bɔhim bachi gahinda biɛla shɛŋa din be lahibal' shɛli ti ni na yoli karim yi karimbihi buku ni maa karimbu.
- Ask pupils to look at the sentence at the bottom of the page in the pupil book.

- Write the sentence on the board.

- Point to each common word in the sentence. Ask pupils to read these common words together as a class. Repeat no more than 3 times.

Re-reading for fluency

- Say: Pumpɔɔ, cheliya ka ti karim yeltɔyili maa zaa. Ti ni karim li bushem zuyu. M bɔri ni yi buyisi di karimbu kamani yi yerila yeltɔya n-tiri so la.
- Demonstrate reading without emotion (take pauses between words and be boring), and then do it again with more expression (with a natural pace and appropriate emotion- like excitement or sadness).
- Then have pupils follow these steps:
 - 1) Pupils read the sentence with a partner twice.
 - 2) Teacher reads the sentence with the whole class.
 - 3) Pupils try reading with a partner naturally, with more emotion.
- Have pupils rate their own speed and emotion by holding 1, 2, or 3 fingers in the air. (1 – I was excellent, 2 – I was okay, 3 – I need more practice).

1. Use letter knowledge, syllable reading and blending skills to read a decodable text with increased fluency.
2. Ask and answer factual and inferential questions.
3. Make a connection between a story and personal experience.
4. Use drawing and writing to respond to a story.

1. Rapid letter review

(1 min)

Review small and capital letters

- Point quickly and at random to letters pupils have learnt. Pupils say the sounds of the letters.

3, ŋ, n, B, t, D, m, R

2. New letter review

(2 mins)

Review the new letter from the previous day

- Point to the small letter “**3**” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Point to the capital letter “**3**” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- SAY: Bachi dinnima ka yi mi ka di piini ni vuri ɲ /3/?

3. Read syllables

(3 mins)

Rapid syllable reading

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – After reading

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
 - Question 1: A tɛhiya ni bɔ ka ʒinani daa suhi o ma sani?
 - Question 2: Bɔ n-lee wuhi ni bia maa daa bɔhim yɛm?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what may have given them that idea, such as their own experiences, or what they see in the text or picture.

Retell

- Ask for a volunteer pupil to say what happened in the story. Encourage the pupil to use their own words. Pupils should not read directly from the story.

6. Writing – Story response

(10 mins)

Pupils write or draw a response to the story

- Ask pupils to take out their exercise books.
- Ask pupils to draw or write about the text-to-self connection they made to the story.

120 Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency

1. Assessment: Before the lesson

Prepare for the assessment

- Prepare an assessment scoring page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- Prepare an assessment sheet with the assessment letters and syllables (found at the end of this lesson plan). Write the letters and syllables large enough for pupils to see clearly and point to.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Bɔ ka karimba maa mini bihi maa ninɗa?
- Say: Cheliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Show the pupil the 4 letters on the assessment sheet. Mark the number of correct responses (from 1-4) on your assessment scoring page.
- Show the pupil the 3 syllables on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.

- Show the pupil the 3 words on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – For each pupil

- Total the correct letters, syllables and words for each pupil – across the row on your assessment scoring page. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – For class progress

- Total the correct letters and syllables for the 10 pupils by adding each column on your assessment scoring page. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension - Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
Question 1: Yelimuxisir' dini n-daa lee mali Dooyilinima?
Question 2: Bo zuyu ka bihi maa suhu daa paligi?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words.
2. Blend syllables to read and write words.

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: “letter sounds” or “syllable blending”.

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learnt but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Call on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the page of letters at the back of the pupil book. Call a letter sound that pupils have already learnt. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learnt. *TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 words on the blackboard that pupils have already learnt. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the words at random. Continue to slowly call out words. The first pupil to hear all 3 of the words they wrote down raises their hand. If they can say all 3 correct words, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words to pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi nɔ gbunni?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tehirila bachi sheli yela. Bachi maa n-nye “bihi”. Cheliya ka ti kpahi ti nuhi doli di bachijila maa: /bi/ /hi /.
- Using the syllable grid in the Pupil Book, ask pupils to point to the first syllable that they hear in the word that you said aloud. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: Bachi maa n-nye “bihi.” Pumpɔnɔ ti mali bachi muni maa zaa ka di sabi doya. Cheliya ka ti layim karim li. (Pupils read the word “bihi”).
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **tiɲa, zilinsi, soli**

Use syllables to build new words

- Say: Pumpɔnɔ, m bɔrimi ni yi kpaɲ yi maɲa n-nam yi tolitoli bachinima!
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.

2. Blend letter sounds to read syllables and syllables to read words.
3. Read syllables quickly and accurately.

1. Rapid letter review

(1 min)

Review small and capital letters

- Point at random, quickly, to letters pupils have learnt.

y, ɛ, m, B, r, S, ɲ, ʒ

- Ask pupils to say the sound with you (no more than 2 times).
- Point to the capital letter “P” on the alphabet strip or on the board.
- Say: Bachikɔbili ŋɔ mini li nyɛla zaɣ’ yinsi. Di vuri nyɛla yim /p/. Di bela ŋ-ŋɔ di yi ti niŋ ka di be yɛlɔyili piligu bee yuli piligu.
- Point to the small letter /p/ on the alphabet strip or on the board again.
- Say: Saha pam ti ni nya li bachinima ni ka di nyɛla ŋ-ŋɔ.

Keyword picture study

- Say: Bɔ ka yi lee nya?
- Call on 1-2 pupils to name what they see in the picture.

- Ask pupils to touch the letter and say the word again.

Keyword analysis (Pupil Book Box #1)

- Write the keyword from Box #1 on the board.
- Point to the keyword.
- Say: Bachi maa n-nyɛ “tipa”.
- Point to the syllable (under the keyword). Read it and show pupils how the syllable is part of the keyword.
- Point to the letter (under the syllable). Read it and show pupils how the letter is part of the syllable.

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “i” and show the “p”.
- Say: Vu’ bɔ n-lee bɔŋɔ? (pupils respond /p/)
- Cover the “p” and show the “i”.
- Say: Vu’ bɔ n-lee bɔŋɔ? (pupils respond /i/).
- Say: Yi ni tooi layim vuri maa karim, ka layim ŋa m-boli bachijilli. Pumpɔŋɔ, layimmiya vuri maa karim /p/ /i/, “pi”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(8 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka layim ŋa n-nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.

- Say: Cheliya ka ti laxim buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpoŋɔ yi mi di ni tu ni yi niŋ shem. Karimmiya bachi sheŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ŋɔ maa shem maa. Karimmiya bachijila maa poi ka naan yi laxim ŋa n-nam bachi maa. Zanmiya yi nubihi n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

3. Comprehension - Prediction

(4 mins)

Prediction based on picture

Help pupils find the decodable text of the day in their Pupil Books by holding up the page and saying the page number.

Check prediction based on picture and title

- Ask pupils to remember the predictions they made before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

7. Writing – Letters

(6 mins)

Pupils practice writing the letter

- Ask pupils to locate the syllable “pu” in a word in the decodable story. Call on 2 pupils at random to share the words they found.
- Write the letter “p” on the board (1/3 meter tall).

2. Ask and answer factual and inferential questions
3. Retell a story in their own words.
4. Use drawing and writing to respond to a story.

1. Rapid letter review

- Point quickly and at random to letters pupils have learnt. Pupils say the sounds of the letters.

y, ɛ, m, B, r, S, ɲ, ʒ

2. New letter review

(2 mins)

Review the new letter from the previous day

- Point to the small letter “p” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Point to the capital letter “P” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Say: Bachi dinnima ka yi mi ka di piini ni vuri ɲ /p/?

3. Read syllables

(3 mins)

Rapid syllable reading

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – Making connections

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Nuni yina ka Puumaaya daa chan?
Question 2: Bo n-daa che ka sokam pili o puli doya Puumaaya yina?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what is in the text or picture, as well as their own experiences, to reflect on what may have given them that idea.

Retell

- Ask for a volunteer pupil to say what happened in the story. Encourage the pupil to use their own words. Pupils should not read directly from the story.

6. Writing – Separate syllables

(10 mins)

Writing – Write a word and find its syllables

- Write the following words.
pulaani wulani banli
- Ask pupils to copy the words into their notebooks.
- Tell pupils that seeing parts of words helps them read and write. They will now learn to separate words into syllables with slashes (this symbol /).
- Model. Clap the first word. Put a slash mark between each syllable like this. **pu/laa/ni**
- Ask pupils to clap syllables in each word, then add slash marks between syllables.
- Walk around the classroom and help pupils successfully complete this activity.

- Point at random, quickly, to letters pupils have learnt. Pupils say the sounds of the letters.

y, ɛ, m, B, r, S, ɲ, ʒ

2. Teach the sound

(4 mins)

Tongue twister—Say the sound

- Say the tongue twister. Pupils repeat.

Payinaa payi pipaya pa pɔŋ puuni.

- Ask pupils what sound they hear most.

Listening game – First sound

- Say each word below. Pupils put a hand up if they hear the sound at the beginning of the word and on the desk if they do not.

paanu, ʒiɛri, naa, pɔŋ, polli, soonɔ, loori, paya

3. Letter and keyword

(2 mins)

Review the letter

- Point to the small letter “p” on the alphabet strip or on the board.
- Say: Vu’ bo ka bachikɔbili ɲo mali?
- Ask pupils to say the sound with you (no more than 2 times).

- Say: Bachi gahindi' dini ka ti pun bɔhim ka di ni sɔŋ ti ka ti teei bachikɔbili ŋɔ vuri maa?
- Turn and Talk: Ask pupils to turn to a pupil next to them to share the keyword for the letter of the week. They can use the picture on the alphabet strip or in their pupil books to help them. Then, ask one pair to say the keyword aloud for the whole class.
- Ask pupil to say the sound with you again (no more than 2 times).

4. Read syllables

(7 mins)

Use the new letter sound to read syllables (Pupil Book Box #2)

- Say: Pumpɔŋɔ, cheliya ka ti bɔhim karimbu ni bachijil' shɛŋa din mali bachikɔb' shɛŋa zaa ti ni mi.
- Write the Box #2 syllable column on the board.
- Point to the first syllable. Cover the “a” and show the “p”.
- Say: Vu' bɔ n-lee bɔŋɔ? (pupils respond /p/)
- Cover the “p” and show the “a”.
- Say: Vu' bɔ n-lee bɔŋɔ? (pupils respond /a/).
- Say: Yi ni tooi layim vuri maa karim, ka layim ŋa m-boli bachijilli. Pumpɔŋɔ layimmiya vuri maa karim. /p/ /a/, “pa”.
- Continue in this way for the other syllables. Ask pupils to do the others. They will say each sound, and then the syllable.
- After the pupils have read all the syllables together, give them 1 minute to try reading the syllables independently again from their books.

Rapid syllable reading (Pupil Book Box #3)

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables randomly. Ask the whole class to read each one quickly as you point to it.

5. Read words

(6 mins)

Blending syllables to read words

- Write the first word on the chalkboard and help pupils find it in their books.
- Say: Gbulisimiya tibili wum ka lihi. N ni karim bachijila maa ka layim ŋa nam bachi.
- Model the blending process by reading each syllable, then blending the syllables together to read the word.
- Say: Cheliya ka ti layim m-buyisi li!
- Read the same syllables and the word, but this time with the pupils. Then ask the pupils to try the same word by themselves.
- Say: Pumpɔŋɔ yi mi di ni tu ni yi niŋ shɛm. Karimmiya bachi shɛŋa ŋan pahi maa yi bukunima ni kamani ti ni karim ŋɔ maa shɛm maa. Karimmiya bachijila maa poi ka naan yi layim ŋa bachi maa. Zanmiya yi nubihi n-doli li. (Monitor and help pupils.)
- Call on 4 pupils at random to read one of the words using the blending process – reading the syllables, then the word. Provide help if needed.

6. Fluency activity

(10 mins)

Read common words

- Say: Ti ni bəhim bachi gahinda biela sheŋa din be lahibal' sheli ti ni na yoli karim yi karimbihi buku ni maa karimbu.
- Ask pupils to look at the sentence at the bottom of the page in the pupil book.
- Write the sentence on the board.
- Circle the following common words in the same sentence the pupils just read:

polli daam

- Point to each common word in the sentence. Ask pupils to read these common words together as a class. Repeat no more than 3 times.

Re-reading for fluency

- Say: Pumpoŋɔ, cheliya ka ti karim yeltɔyili maa zaa. Ti ni karim li bushem zuɣu. M bɔri ni yi buɣisi di karimbu kamani yi yerila yeltɔya n-tiri so la.
- Demonstrate reading without emotion (take pauses between words and be boring), and then do it again with more expression (with a natural pace and appropriate emotion- like excitement or sadness).
- Then have pupils follow these steps:
 - 1) Pupils read the sentence with a partner twice.
 - 2) Teacher reads the sentence with the whole class.
 - 3) Pupils try reading with a partner naturally, with more emotion.
- Have pupils rate their own speed and emotion by holding 1, 2, or 3 fingers in the air. (1 – I was excellent, 2 – I was okay, 3 – I need more practice.)

Dagbani Pupil Book 125

Standards

The pupils will be able to:

1. Apply knowledge of new and previously-learnt letters to read a short text independently.
2. Make predictions using a picture.
3. Write a new letter.

1. My language

(3 mins)

Teach a rule of the language

- Say: Sokam zanmi o nubila n-tiri adaka din be zuyusaa maa.
- Point to the My Language box in the Pupil Book. Ask pupils to point to it in their books.
- Ask pupils to read the My Language lines (a different pupil for each line).

- Say: : Yeltɔɣ' dini n-woligi yeltɔɣa diba ayi ɲɔ ni?
- Call on 1-2 pupils to respond, as appropriate.

2. Vocabulary – Before reading

(5 mins)

Teach and discuss vocabulary

- Write the vocabulary on the board (but not the definitions). Ask pupils what they know about each one.
- Discuss the word meaning, using gestures or illustrations to support understanding. If needed, help pupils understand the word by saying it in another language they know.

polli daam

3. Comprehension - Prediction

(4 mins)

Prediction based on picture

- Help pupils find the decodable text of the day in their Pupil Books by holding up the page and saying the page number.
- Say: Yulimiya anfooni maa! Bɔ ka yi nya? Yi teha ni bɔ ka lahibali maa yen jendi?
- Give pupils a moment to think, then invite them to share their predictions with a partner. Call on 2 pupils at random and ask for their predictions

4. Reason to read

(2 mins)

Think about why you want to read the story

- Say: Pumpoŋɔ, yi ni karim lahibali maa yi tolitoli yi bukunima maa ni. Yi ni tooi karim di bachinima maa dama bachikɔb' shɛŋa di ni zaŋ sabi lala lahibali maa nyela ti ni daa pun bɔhim shɛli.
- Say: Bɔ n-tahi li ka bua maa be duɣu ni?
- Say: Chɛliya ka ti karim n-nya!
- Say: Zaŋmiya yi ni mi binshɛŋa zaŋ kpa bachikɔba mini bachijila polo ka di sɔŋ ya ka yi karim lahibali maa yi tolitoli! Tirimiya bachinima maa ka karinda!

5. Decodable story reading – Independent

(7 mins)

Pupils read aloud in the book independently

- Ask pupils to read the decodable story independently. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

6. Comprehension – Prediction check

(3 mins)

Check prediction based on picture

- Ask pupils to remember their predictions from before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

7. Writing – Letters

(6 mins)

Pupils practice writing the letter

- Ask pupils to locate the syllable “**polli**” in a word in the decodable story. Call on 2 pupils at random to share the words they found.
- Write the letter “**p**” on the board (1/3 meter tall).
- Air write the letter (use a straight arm) and describe how to write the letter as you do it. Invite pupils to air write with you and say the sound. Watch them as they do it.
- Ask pupils to write the letter with a finger on their desks while saying the sound of the letter.
- Ask pupils to take out their exercise books and write the letter “**p**” 5 times.
- If some pupils finish early, tell them to draw a picture of something that begins with the sound /p/.

Read
Aloud

Standards

The pupils will be able to:

1. Use new words correctly in sentences.
2. Use verbal and nonverbal communication appropriately.
3. Retell a story in their own words.

1. Teach the sound

(5 mins)

Listening game – Remove a syllable

- Say: Cheliya ka ti zan bachijila n-diem diema. N yen boli la bachi. Ka yeli a bachijil' sheli a ni yen yihi bahi. Bolimi bachi' palli maa.
- Give an example – **polli**, take away “l” [Response: “poli”]

- Continue with the rest of the words..
“yuli”, take away “y” [Response: “uli”]
“nimdi”, take away “n” [Response: “imdi”]
“paanu”, take away “p” [Response: “aanu”]
“bali”, take away “l” [Response: “bai”]

2. Vocabulary – Before reading

(5 mins)

Review and discuss vocabulary

- Review the vocabulary words for this story (learnt during the last reading). Say each word and call on 3-4 pupils to say the word meanings.
- Call on pupils to use each word in a sentence.

polli	doya	yupaa
-------	------	-------

3. Read aloud reminder

(2 mins)

Summarize the first part of the read aloud story

- Ask pupils what they remember about the beginning of the story.
- Remind pupils who the characters are, and what happened in the first part of the story.

4. Read aloud

(8 mins)

Read the following story aloud

- Show the picture that goes with the story as you read aloud. Or, if you have the NALAP big book, use that to show the pictures.
- While reading, pause to think aloud and talk to pupils about the story at key moments. If pupils struggled with one of the new vocabulary words, pause to discuss its meaning in the story. If pupils are struggling with a new sound learnt this week, pause to point out the sound in a few different words.

Standards

The pupils will be able to:

- Use letter knowledge, syllable reading and blending skills to read a decodable text with increased fluency.
- Ask and answer factual and inferential questions.
- Make a connection between a story and personal experience.
- Use drawing and writing to respond to a story.

1. Rapid letter review

(1 min)

- Point quickly and at random to letters pupils have learnt. Pupils say the sounds of the letters.

y, ɛ, m, B, r, S, η, ʒ

2. New letter review

(2 mins)

Review the new letter of the week

- Point to the small letter “p” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Point to the capital letter “P” on the alphabet strip or on the board. Ask pupils to say the sound of the letter.
- Say: Bachi dinnima ka yi mi ka di piini ni vuri ɲɔ /p/?

3. Read syllables

(3 mins)

Rapid syllable reading

- Write the first column of Box #3 on the board.
- Ask pupils, all together, to read down the column on the board.
- Write each additional column, one at a time. Have pupils read the syllables in each column.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – After reading

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
Question 1: Bɔ ka m ma zina?
Question 2: Wula ka a nin ban ni bua maa lu daam maa ni?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what is in the text or picture, as well as their own experiences, to reflect on what may have given them that idea.

Retell

- Ask for a volunteer pupil to say what happened in the story. Encourage the pupil to use their own words. Pupils should not read directly from the story.

6. Writing – Story response

(10 mins)

Add to the story through shared writing

- Ask pupils to take out their exercise books.

- Tell pupils to think about what the main character in the pupil book story might do next. (Note: There is no correct answer, any logical answer is a good one.)
- Call on 2 pupils at random to give ideas. Write a short sentence for each response. Read it back to the pupils.
- Encourage pupils to write their own response in their exercise books. If some pupils struggle, they may copy the response on the board that they liked best.

126 Dagbani Pupil Book

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before the lesson

Prepare for the assessment

- Prepare an assessment scoring page in a notebook. List all the pupils in the class in alphabetical order. Then make 3 more columns with the title “letters”, “syllables” and “individual score”.
- Prepare an assessment sheet with the assessment letters and syllables (found at the end of this lesson plan). Write the letters and syllables large enough for pupils to see clearly and point to.
- At the beginning of this lesson, help pupils find the decodable story for this lesson. Instruct pupils who are not being assessed to read the story quietly.

2. Reason to Read

(2 mins)

Think about why you want to read the story

- Tell pupils that they will be reading a story with a partner while you work with individual pupils.
- Say: Bo ka a nya anfooni maa ni? A na mi n-nya kundun?
- Say: Cheliya ka ti karim n-nya!
- Turn and talk: Ask pupils to turn to a pupil next to them to begin reading the story in their Pupil Books.
- Tell pupils that they will see a few words in the story missing. With their partners, they should choose which of the two options in parenthesis is the correct choice for the story.

3. Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the assessment

- You will assess 10 pupils. While the whole class is reading in pairs, call one pupil to sit with you.
- Show the pupil the 4 letters on the assessment sheet. Mark the number of correct responses (from 1-4) on your assessment scoring page.
- Show the pupil the 3 syllables on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Show the pupil the 3 words on the assessment sheet. Mark the number of correct responses (from 1-3) on your assessment scoring page.
- Do this for another 9 pupils (to complete all 10). Next week you will assess 10 more pupils starting with the next pupil on the list.

Score the assessment – For each pupil

- Total the correct letters, syllables and words for each pupil – across the row on your assessment scoring page. This gives a general sense of how the child is learning: 8-10 correct is good. 6-7 is developing. 1-5 may indicate that the child is struggling.

Score the assessment – For class progress

- Total the correct letters and syllables for the 10 pupils by adding each column on your assessment scoring page. A total of 40-50 is good, 30-40 is developing, and less than 30 is a challenge. Consider reinforcement activities for skill areas that are less than 40.

Looking forward

- Next week, continue with the next 10 pupils on the list.
- Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension - Comprehension questions

(8 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions:
Question 1: Bo ka kunduna yura?
Question 2: Wula ka a nin ban ni kundun zori daadam?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standards

The pupils will be able to:

1. Use letter and sound knowledge to read words.
2. Blend syllables to read and write words.

1. Reinforcement activities

(15 mins)

NOTE

Choose a reinforcement activity from the options below. Base your choice on the skill(s) your pupils found challenging in the assessment. The skill reinforced by the activity is in the activity name: "letter sounds" or "syllable blending".

Letter sounds – Can you think of a word?

- Use flashcards. Hold up a letter pupils have learnt but need to practice. Ask a pupil to say the letter sound. Repeat the correct letter sound. Ask pupils to think of a word that starts with the sound. Calls on 5-10 pupils to share their words, then move on to the next letter.

Letter sounds – Letter zoom

- Ask pupils to turn to the page of letters at the back of the pupil book. Call a letter sound that pupils have already learnt. Ask pupils to look at the letters in the table and quickly tap the letter that makes that sound. Repeat with additional letters that pupils have already learnt. *TIP – start saying letter sounds at a speed that gets as many pupils to participate as possible, then gradually start saying letter sounds more quickly.

Syllable blending – Whisper the syllable

- Use flashcards. Choose 3 consonants and 3 short or long vowels from the flashcards (try to use letters that pupils may struggle with or have forgotten). Hold up a consonant and say its sound. Hold up a short or long vowel and say its sound (or have pupils say the sound). Ask pupils to turn to a partner and quietly say the syllable made by the two flashcards. When they agree on the syllable, have them raise their hands. Wait until most of the class has raised their hands. Call on a pair at random to say the syllable. If they are correct, give a clap of appreciation. Continue using flashcards to make 5-10 more syllables for pupils to say in pairs.

Syllable blending – Phonics bingo

- Write 10 words on the blackboard that pupils have already learnt. Read the items aloud once. Ask pupils to choose 3 of them to write in a notebook, paper, slate, or other place. Call one of the words at random. Continue to slowly call out words. The first pupil to hear all 3 of the words they wrote down raises their hand. If they can say all 3 correct words, they get a clap of appreciation from the class.

2. Word matching

(5 mins)

Match words to pictures

- Ask pupils to put their fingers under the first word in the word list for the activity in the pupil book. Read the first word.
- Say: Bachi nɔ gbunni?
- Ask for a volunteer to tell say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

3. Word building

(10 mins)

Use syllables to build given words

- Tell pupils they will write words using the syllables in the box.
- Say: N tehirila bachi sheli yela. Bachi maa n-nye “puli”. Cheliya ka ti kpahi ti nuhi doli di bachijila maa: [/pu/ /li/]
- Using the syllable grid in the Pupil Book, ask pupils to point to the first syllable that they hear in the word that you said aloud. Then, write the syllable on the board.
- Continue asking pupils to point to the syllables in the word until the full word is written on the board.
- Say: : Bachi maa n-nye “puli”. Pumpɔɔ, ti mali bachi muni maa zaa ka di sabi doya. Cheliya ka ti layim karim li. (Pupils read the word “puli”.)
- Say the first word below and clap the syllables with pupils. Give pupils time to find the syllables of the word and point to them in their book, then write them to form the word in their copy books. After all pupils have written the word, say the next word. Continue with the rest of the words.

Words: **bali, nimdi, paanu**

Use syllables to build new words

- Say: Pumpɔɔ, m bɔrimi ni yi kpan yi maɲa n-nam yi tolitoli bachinima!
- Ask pupils to use any of the syllables in the pupil book to make another word that they know and write it in their copy books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the word they made.
- Point to 5 syllables at random. Ask the whole class to read them quickly, as you point.

4. Decodable story reading – In pairs

(6 mins)

Pupils read in pairs

- Ask pupils to read the decodable story in pairs. Encourage pupils to help each other read challenging words.
- Walk around the room while pupils read. Encourage pupils to use skills they have learnt to read words. They should blend sounds to read syllables, and blend syllables to read words.

5. Comprehension – After reading

(8 mins)

Ask comprehension questions

- Call on a pupil randomly to answer the following question:
 - Question 1: Nuni n-daa lee mali suyulo n-ti yayi?
 - Question 2: Bo zuyu ka Sibiri daa bi garigi ba?
- After each question, call on a pupil randomly to share their answer to the question. Discuss their answers with the class. Help the pupils think about what is in the text or picture, as well as their own experiences, to reflect on what may have given them that idea.

Retell

- Ask for a volunteer pupil to say what happened in the story. Encourage the pupil to use their own words. Pupils should not read directly from the story.

6. Writing – Separate syllables

(10 mins)

Pupils write or draw a response to the story

- Write the following words.
kuyili, sandaani, tabisi, suyuli.
- Ask pupils to copy the words into their notebooks.
- Tell pupils that seeing parts of words helps them read and write. They will now learn to separate words into syllables with slashes (this symbol /).
- Model. Clap the first word. Put a slash mark between each syllable like this. **ku/yi/li.**
- Ask pupils to clap syllables in each word, then add slash marks between syllables.
- Walk around the classroom and help pupils successfully complete this activity.

Annex I: Techniques for Teaching *Learning* Lessons

I do | We do | You do

This is a process to slowly shift from the teacher demonstrating a new skill or concept, to the pupil doing it on their own.

- **I DO:** The teacher models or demonstrates, and explains what they are doing.
- **WE DO:** The teacher and pupils practice the skill or task together, once or several times.
- **YOU DO:** Pupils try it alone, with many opportunities to practice with the same and new material.

Turn and Talk

Using this technique, a teacher would give pupils a task, then ask them to turn and talk to another pupil sitting next to them. Usually, pupils must do this quickly, then turn back to the teacher.

Using this teaching technique, teachers can get all the pupils in the class to actively think about and discuss the response to a question, or practice a skill. For example, if asking a comprehension question, the teacher has all pupils turn and talk quickly with the person next to them about their response to the question. By doing this, all the pupils are expected to pay attention, to think about what is being asked, and to be ready with a response. Also, it provides a way to do continuous assessment – to assess, just walk around and listen to what the pupils are saying or doing. Finally, pupils who don't speak the Ghanaian Language of Instruction can use this time to think and talk in their language, before giving a response in the Language of Instruction. Note: You must be ready to let your room get a little noisy, and be sure to have a consistent signal for pupils to start and stop the Turn and Talk activity so you can use it quickly and then move on with the lesson.

Calling on pupils “at random”

Calling on pupils at random, instead of calling on pupils to volunteer, accomplishes two things. First, it helps pupils understand that they should always be ready to share their thoughts. They should be actively listening to the teacher all the time, and thinking about the activities and discussions. Second, it gives the teacher insight into what pupils are understanding and why they may not be interested in responding. By including both the brightest pupils and pupils who need more explanation or demonstration to understand the lesson, helps the teacher reach all pupils.

Whole class response

Activities that call for the whole class to respond in unison are a way for the teacher to monitor who has understood, and who has not understood. It helps the teacher know which pupils need more support and gives the teacher a chance to pause the lesson and give feedback to individuals or groups of pupils who are not following along. For whole class response to be effective, pupils must respond all together, immediately. For example, if they are to put up two fingers to say “yes” and one to say “no”, then they must do this as soon as the teacher signals (gives them a cue) for them to respond. Note that pupils may need a bit of time to think before responding, so the teacher may wait before giving the signal. But if some pupils are permitted to respond before others, the slower pupils may simply copy the classmates who respond first. So be sure to give them a signal, and encourage them to respond right away!

In this document, the meaning of L1 is the language the child speaks most comfortably, and the L2 refers to any language that is not their L1. Because the Learning Early Grade Reading Program is focused on teaching reading and writing, these techniques are mainly for teachers who are in a situation where they have a few, or many, pupils whose L1 is not the official Ghanaian Language of Instruction of the school they are in. So, these pupils are learning to read and write in their L2 (a Ghanaian language, but a less familiar one). However, these techniques could also be applied to learning to read in another L2, such as English.

1. Create links to personal experience and background knowledge

Why? L2 learners benefit from understanding the context of new materials. Relating the new material to their experiences and background knowledge provides meaningful context.

How? When introducing a topic, ask pupils what they know about it. Have they ever seen, used, or done this thing? When? Turn and talk works well for this type of strategy. Pupils can first think about what they already know, then turn to a partner to talk about it. After that, a few pupils can share with the whole class.

2. Encourage pupils to use their home language (L1)

Why? Using the more familiar language (L1) to learn a less familiar language (L2) can help pupils clarify their understandings of classroom conversation and text, confirm and expand their understanding of the content, prepare to carry out a task in the L2, and talk about how their language works. It can also save time by allowing for the occasional quick translation, rather than undergoing a long attempt at explanation in the L2. Additionally, it can give pupils a sense of security when much of what is happening in the classroom is new.

How? Using L1 in the classroom needs to be done carefully with intentional planning. Regular code switching (changing back and forth) from L2 to L1 without a planned strategy may result in linguistic confusion. To avoid confusion and save time when explaining new vocabulary, systematically ask pupils as part of the instructional routine, “How would you say this in your language?” Likewise, after reading a story, ask pupils to retell the story in their own language. A rule of thumb for deciding on the use of L1 is to consider if the pupils’ understanding of the content is important or how to express a message in the L2. For example, when pupils share their prior experience with a new word or concept, using L1 can be helpful because what is important is to connect to their experiences, not how to express that in the L2. Similarly, when pupils are preparing a partner or group task, they may be invited to use the L1 but reminded that the ultimate product (such as a verbal or written response) should be in the L2. This encourages deeper thinking about the topic and allows for discussion in the L1 about the L2 as pupils prepare their work.

3. Practice and play with the sounds of the target language

Why? After vocabulary, phonological awareness is one of the most important skills for L2 readers to develop. Even if sounds are similar in the L1 and L2, pupils who are new to the L2 will need to develop their capacity to hear those same sounds in a new linguistic context. The first skills to develop are more general phonological awareness skills, such as identifying individual words in a spoken sentence and identifying rhyme. Finer skills such as identifying syllables and phonemes (individual sounds) and being able to substitute or delete syllables or phonemes are developed later.

How? Teachers can make a habit of integrating some phonological awareness work into lesson plans whenever they are introducing new words and phrases, and returning to phonological awareness work if pupils are struggling to read certain passages or spell certain words. Techniques include representing spoken words with pebbles or bottle caps, clapping the syllables in a new vocabulary word, and finding words pupils already know that rhyme or contain a similar sound to a new word.

4. Enhance meaning with pictures, objects, and actions

Why? L2 learners need to interact with a new word or idea many times and in many ways to fully learn the meaning. Using pictures, objects, and actions can help provide visual, tactile, and kinesthetic reinforcement to any verbal explanation that may be given for a new word.

How? It does not matter if you do not have fancy, prepared flash cards and posters. Teachers can draw simple stick figures and line drawings on the board (or ask pupils to do it). The teacher and the pupils can use actions to demonstrate individual words and concepts, or can use role play to dramatize stories they have read. Many everyday objects are portable enough for teachers to bring to school to use for demonstrations (e.g., dishes, clothing, cooking tools, parts of plants, etc.). Keep clippings of images from newspapers and magazines as small treasures to share and discuss on the right occasion. Parents' committees can also help collect empty containers that can be used in class for demonstration and vocabulary practice (e.g., old containers for different foods and drinks, empty medicine packets, labels of various products, etc.).

5. Give pupils time to process and test out ideas, either by speaking in their first or in their new language, with a partner or small group

Why? In an L2 classroom, it is important to have learners feel secure so that they can take risks and participate fully. They will feel more secure if they have time to practice using their L2 and answering the question before having to say it in front of the whole class. While this cannot be used for every question in every class, it is important to remember to do this several times each lesson so that the pupils who tend to take longer to prepare an answer and who do not frequently raise their hands have more opportunity to participate in a non-threatening way.

How? Pupils may be asked to jot down their idea on a slate or in their notebooks, or to think quietly and then participate in a turn and talk. Another way to encourage participation from even the quietest pupils is to ask a whole-class question that has two or more possible answers and all pupils answer at once. For example, a teacher might say, "In the story today, would you describe the main character as brave or foolish? Raise your fist if you think she was brave and raise one finger if you think she was foolish."
