Foreword

The Ministry of Education/Ghana Education Service (MOE/GES) would like to thank the United States Agency for International Development (USAID) Partnership for Education: *Learning* for helping the Government of Ghana to improve the quality of early grade reading instruction in public basic schools. *Learning* supports the MOE/GES to improve learning outcomes in reading for pupils in KG2, B1, and B2 through a systematic phonics-based approach. This is achieved by developing and training teachers in the use of teaching and learning materials for reading instruction in 11 Ghanaian languages (GL) and oral English.

The reading program supported by *Learning* focuses on the teaching of the six most important components of reading instruction: phonological awareness, phonics (letter-sounds), fluency, vocabulary, comprehension and writing. The reading program is framed in the “simple view of reading,” which teaches pupils the skills needed to decode and to comprehend written words in order to become independent readers.

The reading program includes daily lessons with step-by-step instructions in a Teacher Guide, accompanied by a Pupil Reader for each pupil in the classroom, which contains exercises, pictures and texts that support the lessons. The Teacher Guide and associated teacher trainings conducted by *Learning* and GES, provide guidance on how to use the Pupil Reader and other learning materials to deliver engaging and effective reading lessons. The lessons are designed to be taught in 30 minutes each day, from Monday to Friday.

The Dagbani Prototype

The reading program has been prototyped in the Dagbani language as a precursor to the larger reading program in all 11 Ghanaian languages. The Teacher Guide and the Pupil Book developed for the Dagbani Prototype for B1, Terms 1 & 2 were piloted from January – July 2017 in 20 schools in the Yendi Municipal. Teachers, Headteachers, Curriculum Leads, Circuit Supervisors and Language Specialists from the Yendi Municipal were trained to strengthen their various roles to improve reading performance. This included trainings in reading pedagogy, classroom management, pupil assessment, and monitoring and supervision. *Learning* conducted base-line and mid-line assessment to track progress; and an end-line assessment will be conducted to find out how well the prototype has impacted the reading performance of the pupils. The mid-line results indicate that pupils who could read a syllable in Dagbani increased by 31% and pupils who could read a word in a decodable text increased by 26% after 8 weeks of prototype lessons.

We would like to particularly thank the Northern Regional Director of Education, the Municipal Director of Education and staff, teachers and pupils of the Yendi Municipal Assembly who have worked hard to ensure that the prototype reading program is successful.

Scale-up to the 11 Ghanaian Languages of Instruction

The prototype program was tested and refined; and the lessons learned during prototyping were fed directly into the development of teaching and learning materials for all 11 Ghanaian languages of instruction and English, and the scale-up to over 7,200 schools in 100 targeted districts. In preparation for the nationwide implementation, *Learning* has developed the Teacher Guide for KG2 and a Teacher Guide and Pupil Book for B1 for the 2017-2018 school year. B2 materials have been developed for the 2018 – 2019 school year.

We would like to thank the MOE/GES and national and regional language and pedagogical experts who served as validators to ensure the materials are of high quality and have met the standards set by GES for teaching and learning materials for early grade pupils in Ghana. We appreciate the input and guidance provided by the following persons of the MOE/GES: Mrs. Cynthia Bosumtwi-Sam, the Acting Executive Secretary, National Inspectorate Board; Mrs. Felicia Boakye-Yiadom, Acting Executive Secretary, National Council for Curriculum and Assessment; and Dr. Evelyn Oduro, the Acting Executive Secretary, National Teaching Council.

Finally, we thank the *Learning* staff, consultants from FHI360 and Summer Institute of Linguistics (SIL) Africa, as well as Ghana Institute of Linguistics, Literacy and Bible Translation (GILLBT) staff for their expertise in the development and the production of these materials that meet high Ghanaian and international teaching and learning standards. These materials and the trainings in their use will go a long way to support Ghana's goal of improving reading performance and pedagogical excellence in early grade reading in Ghana.

Introduction

The Teacher Guides are part of the USAID Partnership for Education: Learning (Learning) Early Grade Reading Program, a reading program for Ghanaian pupils in the early grades. This Teacher Guide is designed to be used with *Learning's* Pupil Reader and additional teaching and learning support materials. The Teacher Guide consists of daily lesson plans with step-by-step instructions on how to deliver the lessons and how to use the Pupil Reader. Through daily exposure to the 5+1 components of reading (phonics, phonological awareness, vocabulary, comprehension and fluency, plus writing), pupils will develop the skills they need to become successful readers and writers.

The Use of Ghanaian Languages

Research shows that it is easier for children to learn to read in a language familiar to them. Children learn to read a second language, such as English, when the concepts of reading and writing have been established in the language that the pupil already speaks.

The *Learning* Teacher Guides have been produced in the 11-approved Ghanaian languages of instruction- Akuapem Twi, Asante Twi, Dagaare, Dagbani, Adangme, Eve, Mfantse, Ga, Gonja, Kasem and Nzema.

Time Allocation

The Language Policy makes provision for the use of Ghanaian language as the medium of instruction from Kindergarten 1 to 2 and Basic 1 to 3, while introducing English gradually until Basic 3. From Basic 4, English becomes the medium of instruction.

Accordingly, the *Learning* Early Grade Reading Program materials are designed to be taught for 30 minutes per day. The program should be implemented during the time slot allocated for Ghanaian language literacy.

Structure of the Teacher Guide

The P3 *Learning* Teacher Guide contains 150 lessons. The lessons are 30 minutes long and the teaching skills in each lesson are built upon prior lessons. Therefore, it is critical that the lessons are taught in order.

Lesson Content

The weekly lessons are structured as follows:

- These lessons focus on teaching reading and writing skills. On the 10th day there is a quick assessment and time for reinforcement, so you can remain aware of pupil performance and provide support to help them reach expected standards.

Instructional Approach

The primary approach used in the *Learning* P3 Teacher Guide is systematic and explicit instruction of reading fundamentals, based on the components of reading instruction plus writing (referred to as the “5 + 1” components). The integration of writing into reading is very important because reading and writing mirror each other (receiving and producing information) and are therefore, best taught together.

Important design features of the *Learning* Teacher Guide include:

- a) **Explicit instruction:** Key concepts are explained directly. To be explicit, we say to pupils what they are learning and why.
- b) **Structured instruction:** Key concepts are explained in a logical order, from simple to complex, and building on pupils’ prior knowledge. For example, building pupils’ word reading skills from sounds, to letters, to syllables, to words and then to sentences.
- c) **Teaching routines:** Activities are repeated regularly across the term. These predictable activities help pupils think about the content instead of focusing on the instructions for new activities.
- d) **Teacher modeling:** The teacher regularly demonstrates reading and writing skills. Modeling for pupils as a whole class, small group, and one-on-one aids pupils’ understanding.
- e) **Pupil independent practice:** To master reading and writing skills, pupils must try out what the teacher has taught many times over with new material. All pupils should have opportunities to practice independently of the teacher each day.
- f) **Differentiation:** Suggestions for differentiation based on pupils’ needs are found throughout the Teacher Guide. In addition, the teacher is encouraged to use available supplementary reading materials to support pupils who are ready for an additional challenge. Annex 1 contains a list of supplementary reading materials that were provided by *Learning*, and which are appropriate for use in P3.
- g) **Continuous assessment:** To best support pupil learning, the teacher must understand the pupils’ strengths and needs. By regularly assessing pupils’ reading skills each week, the teacher knows which pupils will require extra help during the lessons, which pupils are ready for more challenging content and which skills the whole class will need to review.

Additional Resources

Supplementary Reading contains tips for providing feedback to pupils as they read, as well as a list of books supplied to schools under *Learning* that can be shared with pupils for an additional reading challenge at home or during other times in the school day (such as the library period).

Techniques for Teaching Learning Lessons and Techniques for Supporting Second Language

Learners describes key instructional techniques integrated into the lesson plans and strategies for improving instruction for pupils who speak a language other than the Ghanaian language of instruction.

Alphabet, Digraphs and Trigraphs and Clusters serve as a reference for the alphabet for this language. The Alphabet includes a complete list of the single letters of the language, both small and capital letters. It also includes common digraphs, trigraphs, and clusters. Digraphs (two letters together) and Trigraphs (three letters together) are groups of letters that represent a single sound in this language. Clusters are groups of letters each of which makes an independent sound, but are often paired together in the language.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil Text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

Dagbani Pupil Reader 11

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Prepare an assessment scoring page in an exercise book. List all the pupils in the class in alphabetical order. Then make three more columns: “Title”, “Accuracy”, “Notes”.
- Find the assessment text for this week in the Assessment Texts annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Jan̄kun’ Yoya Ayi**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.

- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: Yino ni karim tuuli ka nuni la mi doli ka yuuni chiriŋ zuŋu. Di nyaana ka yi tayi ka nunbala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuŋu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the Assessment Texts annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Bɔ ka Jan kunnyan nindi Jan kunloyu o yi ti gbi hira? (**Answer:** Jan kunnyan timdila o nyevoya ni.)
 - Question 2: Bɔ zu yu ka a tɛhi ni Jan kunnyan mini Jan kunloyu maa piri zahim maa n-ti taba? (**Answer:** Labisibu ni tooi nyɛ zaɣ' bɔbigu.)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Lesson 10

- Write the four spelling words on the board and ask pupils to correct their partner's work.
- Write the three answers to the vocabulary assessment (1. “**diyi**” 2. “**tibɔŋ**” 3. “**zonima**”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5mins)

Rereading for fluency

- Help pupils find the Pupil text of the day Bolli Baŋda in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.

- Say: Yino ni karim tuuli ka nuni la mi doli ka yuuni chiriŋ zuyu. Di nyaana ka yi tayi ka nun bala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuyu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the Assessment Texts annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page).

- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Banima n-ɲmɛri bolli bɛ yi chani shikuru? (**Answer:** Mandeeya mini o taba.)

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5mins)

Rereading for fluency

- Help pupils find the Pupil text of the day “**Doo ŋun Mali Nirilim Be Daa Ni**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: Yino ni karim tuuli ka ŋuni la mi doli ka yuuni chiriŋ zuɣu. Di nyaaga ka yi taɣi ka ŋumbala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuɣu.

- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Bin' vieli bɔnima ka Azimpaya mini Danaa nya daa maa ni? (Answer: namdanima, nyuya, zahim, ni din pahi.)
 - Question 2: Bɔ zuɣu ka Azimpaya mini Danaa lee kpalim buku maa alizama dibu ni? (Answer: Labisibu ni tooi nye zaɣ' bɔbigu.)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text of the day “**Faako Puu**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.

- Say: Yino ni karim tuuli ka nuni la mi doli ka yuuni chiriŋ zuyu. Di nyaana ka yi tayi ka numbala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuyu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the Assessment Texts annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Bɔ zuɣu ka Azimpaya mini Danaa daa lee ko puu maa? (**Answer:** Bɛ daa yɛn baligila bindira lay' dili.)
 - Question 2: Bɔ zuɣu ka bɛ daa lee mali bɛ laamba saawara zaŋ kpa puu maa kɔbu polo? (**Answer:** Labisibu ni tooi nyɛ zaɣ' bɔbigu.)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Lesson 40

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

Dagbani Pupil Reader 51

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text of the day “**Paya Ŋun Zuri Biləri**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.

- Say: Yino ni karim tuuli ka nuni la mi doli ka yuuni chiriŋ zuŋu. Di nyaana ka yi tayi ka nun bala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuŋu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Banima n-daa wuhi tiŋa maa nima paya maa ni kpa sheli polo? (**Answer:** Sana mini Dawuni)
 - Question 2: Be daa kpari paya ŋun zu bilexu maa? (**Answer:** Labisibu ni tooi nye zaɣ' bɔbigu)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

Word building

Use syllables to build new words

Ask pupils to use any of the syllables in the Reader to make other words that they know and write them in their exercise books.

Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the all words they made.

Call several pairs at random to say a word they found. If they are correct, give a clap of appreciation.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text of the day “**Ba’ Waasimani**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: Yino ni karim tuuli ka ŋuni la mi doli ka yuuni chiriŋ zuɣu. Di nyaɲa ka yi taxi ka ŋumbala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list

Score the reading assessment and matching pupils to text levels– For each pupil

- To get each pupil's percentage of errors, count the number of errors and divide that number by the total number of words in the text. Use the grid at the bottom of the text to help you.
- This gives a general sense of how the child is learning:
 - 100% accuracy (no errors) is excellent, pupil should be reading text at a higher level.
 - 95%-99% accuracy is good, pupil is reading at the correct level.
 - 89%-94% accuracy is developing and indicates that the pupil should read texts from a lower level.
 - 88% or less accuracy may indicate that the pupil is struggling, they need remediation activities to improve their accuracy and should read texts from a lower level.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Banima n-daa zuri puri maa ni? (Answer: Jansi)
 - Question 2: A tɛhiya ni bɔ zuɣu ka baa daa yɛli ni o ni guli puri maa? (Answer: Labisibu ni tooi nye zaɣ' bɔbigu.)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

lɛhu, dawule, nyɛvoya, tɛhiya

- Say each word three times slowly, giving time for pupils to write each one.

Administer the vocabulary assessment

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: Yulimi bachi dibaayi nɔ puuni m-pii bachi sheli din lu n-zahim yeltɔyili maa, ka sabi li n-sɔn a ni yiɣisi bachi shɛnɔ la gbunni a tuma buku maa nyaana.

- Write the three answers to the vocabulary assessment (1. **yɛriga** 2. **malɛɣu** 3. **garo**) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaanaahi maa zaa dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!

The score is good if more than half the class got 3 or more words correct.

Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!

The score is developing if half the class got at least 2 words correct.

Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5mins)

Rereading for fluency

- Help pupils find the Pupil text of the day “**Kahimpiɛɣu Di Daa**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.

- Say: Yino ni karim tuuli ka nuni la mi doli ka yuuni chiriŋ zuyu. Di nyaana ka yi tayi ka nun bala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuyu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Bɔ m-muyisi Kahimpiɛɣu ka o kpe daa maa? (**Answer:** Kum m-mali o.)
 - Question 2: A tɛhiya ni Kahimpiɛɣu nya o ni bɔri sheli maa? (**Answer:** Labisibu ni tooi nye zaɣ' bɔbigu.)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

5. After Reading – Comprehension

(4 mins)

Discuss the text

- Say: N yɛn bɔhi ya la bɔhisi ka yi layim niriba ayiyi n labisi li.
Question 1: Ya ka Adam zani ni o nyu kom? (**Answer:** Biɛma ni.)
Question 2: Adam shiri nyɛla nɔn yɛn zaŋ bihim maa yo paya maa samli? Bɔzuɣu ka a tɛhi lala? (**Possible Answer:** Labisibu ni tooi nyɛ zaɣ' bɔbigu.)
Turn and talk: For each question, pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- Help pupils build on each other's ideas by asking: Bɔ ka yi ni tooi zaŋ paɛhi? Discuss their answers with the class.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5mins)

Rereading for fluency

- Help pupils find the Pupil text of the day “**Nayigul’ Yɛndana**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.

- Say: Yino ni karim tuuli ka nuni la mi doli ka yuuni chiriŋ zuyu. Di nyaana ka yi tayi ka nun bala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuyu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Ya ka Adam zani ni o nyu kom? (**Answer:** Biema ni.)
 - Question 2: Adam shiri nyela nun yen zan bihim maa yo paya maa samli? Bo zuyu ka a tehi lala? (**Answer:** Labisibu ni tooi nye zaɣ' bobigu.)
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Lesson 80

Assess & Review

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

(15 mins)

- Say: N yen bolila bachi buta ka yi sabi li n-nin yi bukunima maa nyaana.

piɛɣu, tiɛɣu, dabiɛm, daandiɛɣu

- Say each word three times slowly, giving time for pupils to write each one.

Administer the vocabulary assessment

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: Yulimi bachi dibaayi ɲɔ puuni m-pii bachi sheli din lu n-zahim yeltɔɣili maa, ka sabi li n-sɔŋ a ni yiɣisi bachi sheŋa la gbunni a tuma buku maa nyaana.

Scoring the spelling and vocabulary assessment

- Ask pupils to exchange their exercise books with a partner.
- Write the four spelling words on the board and ask pupils to correct their partner's work.
- Write the three answers to the vocabulary assessment (1. “**layipiɛliga**” 2. “**kubiɛlim**” 3. “**chibidɔɣu**”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaanaɲi maa zaa dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!
The score is good if more than half the class got 2 or more words correct.
The score is developing if half the class got less than 2 words correct.
Consider reinforcement activities if more than half the class got only 0-1 word correct.

2. Reinforcement activities

(13 mins)

Word matching

Match pictures to words

- Ask pupils to put their fingers under the first word in the word list for the activity in the Reader. Read the first word.
- Say: Bachi nɔ gbunni lee nyɛla dini?
- Ask for a volunteer to say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

Word building

Use syllables to build new words

- Ask pupils to use any of the syllables in the Reader to make other words that they know and write them in their exercise books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the all words they made.
- Call several pairs at random to say a word they found. If they are correct, give a clap of appreciation.

3. Homework

(2 mins)

- Say: Yi yi kuli yiɲa, yi n-sabimi yi ni yiɣisiri bachi sheɲa maa yim m-pahi yi bukunima ni n-doli soya maa: yuli, yeli, pɔbi, sabi, vihi.
- Ask pupils to review their writing draft and then read it to a family member.

For each word you call out, look at 6 pupils' responses at random. If there are two or more pupils pointing to an incorrect word, note down the word. If there are particularly difficult vowels or syllables, note that too.]

- Help pupils find the word grid for this lesson in their Readers by holding up the page and saying the page number.
- Tell pupils that you will say a word and pupils should point to the word in the grid.

1. Special Instructions

Instructions to teachers

- ASER is an assessment of pupils' progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.

- All five lessons this week contain a word game to play (Sink the boat), a fluency activity and a writing activity.
- All activities are done in pairs.
- Pupils will do the same game and fluency activity each day. This is meant to do a couple things:
 1. Free teachers' time to conduct ASER. Pupil-directed activities should make it easier for teachers to have someone else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time to assess pupils using ASER.
 2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Sink the Word Boat" game, below (to be played each day), supports word reading.
- The last part of the lesson is a writing activity based on what the pupils learnt. It will require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person who will stay with the pupils)

- Please take time to orient the pupils, and the person staying with the pupils, on what they are meant to do. Also, please take a moment to explain the game to pupils. They will do the same activities each day, but using a different story and Sink the Word Boat game for that Lesson.
- Write today's Lesson # on the board. Be sure they have the materials they need.

- *In this lesson...*
 1. Pupils will re-read a Pupil Text of their choice in pairs. They will practice their accuracy, speed and expression.
 2. With the time remaining after reading, pupils will play the Sink the Word Boat game.

2. Pupil Text – Increasing fluency

(10 mins)

Reading in pairs – Fluency

- Ask pupils to turn to a pupil next to them and together they decide which Pupil Text from previous weeks they are going to read.
- Together they decide who will read first. They each take turns reading a page of the story.
 1. The first time they read the text, they check that their partner did not make a mistake. They count the mistakes if there are some and help each other re-read the misread words after the reading.
 2. The second time they read the text, they choose an emotion (happy, sad or afraid) and take turns reading a page of the text in that emotion.
 3. The third time they read the whole text quietly, as fast as they can and see how fast they can read it.
- If they finish early, they may choose another Pupil Text and start again.

3. Sink the Word Boat (game) – Complete instructions

(20 mins)

Pupils play the Sink the Word Boat Game in pairs

Sink the Word Boat (game) Instructions

Materials:

- Pupil Lesson page with game board (boat) with word grid. Pupils face each other and open their book sideways and hide their game board (boat) from each other.
- Game piece. Each child brings in (or find in the schoolyard) three small things, like bottle caps or small stones, beans or maize, to use as a game pieces [diema bini]. They will put each game piece on a word of their choice on the game board [diema polo] (boat), making sure their partner cannot see.

Note: Pupils should keep their game pieces, and have them ready to use each day this week.

Preparations:

- Teacher, or person with the pupils, places them in pairs, facing each other.
- Each pupil places his three game pieces on three words of his choice.

How to play:

- The pupil who has the most letters in their first name starts. He is pupil 1.
- Pupil 1 says a word, any word from the grid.
 - If pupil 2 has a game piece on that word he says: sinking “**fimda**” and removes his game piece from that word and puts it aside.
 - If pupil 2 has no game piece on that word, he says: miss “**nyehigiya**” and it is his turn to play.
- Pupils continue to take turns.
- The first player to have removed all three game pieces loses the game.
- The game can be played again, if there is time remaining.

Standards

The pupils will be able to:

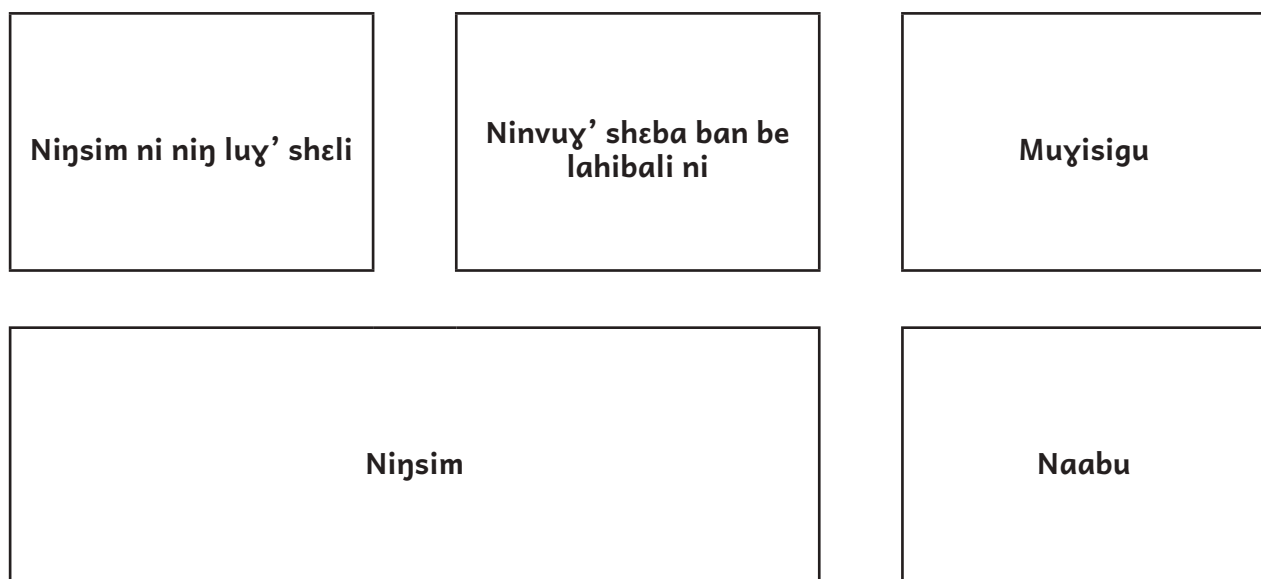

1. Read text with fluency (accuracy, speed and expression).
2. Read words accurately.
3. Work with peers to discuss ideas, use pictures and words to show ideas.

1. Writing

 - Ningsim bɔnima n-daa lee nin di nyaana?
 - Wula ka di daa lee naai, bɔ n-daa nin di bahigu?
- Then, call on a pupil at random to retell the story by answering the questions.
- Explain to pupils that they will have the whole week to write a story in pairs. Each writing pair will write their own story and work together for the whole week. As with the sentences they completed during term 1, this time they will complete sentences to write a story.
- Say: Di tumi ni a tɛhi ningsim ni nin luy' sheli, ninvuy' sheba ban be lahibali maa ni, muyisigu maa, ningsim maa mini din yɛn nin di bahigu.
- Ask them to each copy the diagram in their exercise books and draw or write words in the boxes to get their ideas down for their own story. They can invent a new story or retell one they have read before.

1. Special Instructions

Instructions to teachers

- ASER is an assessment of pupils' progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.

- All five lessons this week contain a word game to play (Sink the boat), a fluency activity and a writing activity.
- All activities are done in pairs.
- Pupils will do the same game and fluency activity each day. This is meant to do a couple things:
 1. Free teachers' time to conduct ASER. Pupil-directed activities should make it easier for teachers to have someone else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time to assess pupils using ASER.
 2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Sink the Word Boat" game, below (to be played each day), supports word reading.
- The last part of the lesson is a writing activity based on what the pupils learnt. It will require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person who will stay with the pupils)

- *Please take time to orient the pupils, and the person staying with the pupils, on what they are meant to do. Also, please take a moment to explain the game to pupils. They will do the same activities each day, but using a different story and Sink the Word Boat game for that Lesson.*
- *Write today's Lesson # on the board. Be sure they have the materials they need.*
- *In this lesson...*
 1. Pupils will re-read a Pupil Text of their choice in pairs. They will practice their accuracy, speed and expression. (20 minutes.)
 2. With the time remaining after reading, pupils will play the Sink the Word Boat game. (20 minutes.)

108 Dagbani Pupil Reader

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Prepare an assessment scoring page in an exercise book. List all the pupils in the class in alphabetical order. Then make three more columns: “Title”, “Accuracy”, “Notes”.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “**Binneembihi Barina mini Anfaani**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ŋuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taxi ka ŋuni maa gba karim ka ŋun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:

Question 1: Bɔ zuyɔ ka binneembihi nyɛri gala?

Question 2: A tɛhiya ni ya ka binneembihi nyari bindir' kura?

- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Lesson 110

- Write 3 words pupils found on the board.
- Say: Teemiya, yi yi yuli bachi yaya maa zaa poi ka naanyi karim li, di sɔŋdi ya ka yi bandi yi ni yɛn karim bachi maa shɛm.
- Lead pupils in reading each word on the board once by first reading it in parts (first part, second part), then reading the whole word.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

5. Comprehension – Prediction check

(2 mins)

Check prediction based on picture

- Ask pupils to remember the predictions they made before they read the story. Give them a moment to think. Ask them to raise their hands if their predictions were what happened in the story.
- Remind the class what the volunteer pupils predicted before they read the story. Ask the pupils if those predictions were what happened.

6. After Reading – Comprehension

(3 mins)

Discuss the text

- Say: N yɛn bɔhi ya la bɔhisi ka yi layim niriba ayiyi n-labisi ŋa.
Question 1: Ya ka poloya lee be?
Question 2: Wula ka poloya ni tooi sɔŋ n-taxi binneembihi ban mali barina?

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text **“Poloya Lahibali”** in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee maa ni karim tuuli ka nuni maa mi doli ka yuuni chiriŋ zuyɔ. Yi ni taxɔ ka nuni maa gba karim ka nun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuyɔ.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them..

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:

Question 1: Ya ka poloya lee be?

Question 2: Wula ka poloya ni tooi sɔŋ n-tayɪ binneembihi ban mali barina?

- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

132 Dagbani Pupil Reader

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “Pin’ Gahindili” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: Yino ni karim tuuli ka ŋuni la mi doli ka yuuni chiriŋ zuɣu. Di nyaana ka yi taxi ka ŋumbala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:
 - Question 1: Ɓuni n-di pɔɔu din bahindi nyaana maa? (**Answer:** Katari)
 - Question 2: Bo zuɔu ka a tɛhi ni bipuxinsi yɛliya ni bɛ mini bidibisi maa ni kpaɣi bolli tabbu ni?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Lesson 130

- Write the three vocabulary words (1. “**tipieliga**” 2. “**buusili**” 3. “**tiivi**”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi diba anu maa zaa dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaanahi dede!

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!

The score is developing if half the class got at least 2 words correct.

Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!

The score is good if more than half the class got 3 or more words correct.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “**Bihi Laamba mini Karimbanima Layiŋgu**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: Yino ni karim tuuli ka ŋuni la mi doli ka yuuni chiriŋ zuɣu. Di nyaɗa ka yi taxɪ ka ŋun bala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Say: N yɛn bɔhi ya la bɔhisi ka yi laɣim niriba ayiyi n-labisi ŋa.

Question 1: Sɔŋsim bɔ ka bihi laamba daa yɛli ni bɛ ni ti shikuru bihi maa? (Answer: Bindira mini shikuru nɛma.)

Question 2: Bɔ zugu ka a tɛhi ni bihi laamba maa daa vooi di kompateesa maa?

- Say: Bɔ m-be lahibali maa bee anfooni maa puuni n-che ka a tɛhi lala zan kpa ningsimnima maa ni nin shem lahibali maa ni polo?
- For each question, pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

156 Dagbani Pupil Reader

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “**Mochi**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka nuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taxi ka nuni maa gba karim ka nun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil text they read with their partner:

Question 1: Duniayili biŋkɔra ni, lache mini kawana yi yi dini n-lee paya?

Question 2: Bɔ zuɣu ka a tɛhi ni shingkaafa bɔrila mahili shee ni di zooi?

- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Lesson 150

Assess & Review

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment) (15 mins)

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: Yulimiya bachi dibaayi ɲɔ puuni m-pii bachi sheli din lu n-zahim yɛltɔyili maa, ka sabi li n-sɔŋ yi ni yiyisi bachi shɛŋa la gbunni yi tuma bukunima maa nyaana!

- Write the three vocabulary words (1. "Kulipalinima" 2. "zingoo" 3. "Wuntana") on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiyisi bachi diba anu maa zaa dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiyisi bachi dibaana dede!

The score is good if more than half the class got 3 or more words correct.

• Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!

• Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!

The score is developing if half the class got at least 2 words correct.

Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

• Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!

• Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!

The score is good if more than half the class got 3 or more words correct.

The score is developing if half the class got less than 3 words correct.

Consider reinforcement activities if more than half the class got only 0-1 word correct.

2. Reinforcement activities

(13 mins)

Word matching

Match pictures to words

- Ask pupils to put their fingers under the first word in the word list for the activity in the Reader. Read the first word.
- Say: Bachi nɔ gbunni lee nyɛla bɔ?
- Ask for a volunteer to say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

Completing sentences

Choosing the correct word to complete a sentence

- Ask pupils to read the sentences in the Reader, choose the best word to complete the sentence and write them in their exercise books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the words they chose.
- Ask the children to explain the difference between the three correct answers.
- Say: Woliginsim dini m-be bachi dibaata maa sunsuuni? (Answer: yee)
- Call several pairs at random to say a word they chose for each sentence. If they are correct, give a clap of appreciation.
- Write the three answers (1. “kum” 2. “kum” 3. “kum”) on the board and ask pupils to correct their partners work.

3. Homework

Remediation Activities

Skills/Learning outcomes	How to build skills
<i>Identify words with the same sound</i>	If learners can't identify words that have the same sound: - Say other words that have the same sound at the beginning or at the end. When pronouncing the words, emphasize the parts that have the same sound (eg watoto, wapenzi, wafuto).
<i>Count syllables orally</i>	If learners can't separate words into syllables - Repeat the word for them and then tell them to repeat it with the same rhythm as they put their hand below their chin. Whenever their chin moves, it's a syllable.
<i>Write letters</i>	If learners can't write letters: - Hold their hand and help them write the letter while at the same time describing the movements.
<i>Point and count words in a sentence</i>	If learners can't point or count words in a written sentence: - Read the written sentence on the board pointing to each word, pausing between each word. Ask them to do the same. Make them touch each word as they say it. - Do the same thing counting the words and have them do it as well. Follow the same steps with 2 other sentences. - Ask them to do it again with a new sentence. - Note. These sentences must be short and easy to memorize and repeat – the goal is not to read the words but rather recite them.
<i>Associate sounds with letters to read syllables and words</i>	If learners can't decode syllables: - Repeat the sound that each letter makes in a syllable, and blend them quickly while putting your finger under each one. Do this again with the learners saying the sounds and blending them with you for 2 other syllables, then by themselves for another 2 syllables.
<i>Decode words in a text with letters already studied</i>	If learners can't decode the words in a text: - Repeat for them the sound each letter or each syllable makes in the word, and blend them quickly while putting your finger under each one. Ask them to do the same thing with the same word. Do it again by replacing letters or syllables in 2 other words, then ask them to do it by themselves with 2 other words.

<i>Make predictions using information from the title and illustrations</i>	If learners can't make predictions : - Read the title with them, show them the illustrations and ask them what they see. Ask them to use the information in what they see to predict what will happen in the text. If needed, share your predictions with them and why you predicted that in order to model how it is done.
<i>Summarize a text by identifying the characters, the problem the events and the resolution.</i>	If learners can't summarize a text : - Review the main elements of the text: Who is the text about? What was the problem? What happened? What happened in the end? - Reread the text with them and ask the questions about the main elements of the text during reading. At the end of the text, review all the main elements with them.
<i>Write from left to right, writing clearly and beginning sentences with a capital letter.</i>	If learners can't copy words or sentences: - Write the sentence for them in their exercise book, and point to the capital letter at the beginning of the sentence. - Ask them to trace on top of your writing with their pen. Then ask them to do the same thing with 2 other sentences.
<i>Complete sentences with known words</i>	If learners can't complete a sentence : - Write the sentence to be completed on the board. Read the sentence with them and ask them to orally propose words to complete the sentence. Choose one of the words and write it to complete the sentence. Ask them to complete the sentence with another word of their choice using letter/sound correspondence to spell the word.
<i>Identify the main idea in a text and state it in their own words</i>	If learners can't identify or state the main idea: - Reread the text and ask them questions to bring out the topic of the text (main idea) and the details that expand the topic. Then, in your own words, state the main idea in one or two sentences. Then ask them to do the same. Ask several learners to share their ideas and help them reformulate in case they were not able to.
<i>Read a text with accuracy</i>	If learners can't read a text with accuracy (little error) : - Tell them to slow down their reading and ensure they decode each word by pointing to them - Then ask them to re-read the text several times until they make less than 5% errors. - If a learner still makes too many mistakes (more than 30%), have him reread the text with you, showing him how to decode each word.

Annex II: Techniques for Teaching *Learning* Lessons

I do | We do | You do

This is a process to slowly shift from the teacher demonstrating a new skill or concept, to the pupil doing it on their own.

- **I DO:** The teacher models or demonstrates, and explains what they are doing.
- **WE DO:** The teacher and pupils practice the skill or task together, once or several times.
- **YOU DO:** Pupils try it alone, with many opportunities to practice with the same and new material.

Turn and Talk

Using this technique, a teacher would give pupils a task, then ask them to turn and talk to another pupil sitting next to them. Usually, pupils must do this quickly, then turn back to the teacher.

Using this teaching technique, teachers can get all the pupils in the class to actively think about and discuss the response to a question, or practice a skill. For example, if asking a comprehension question, the teacher has all pupils turn and talk quickly with the person next to them about their response to the question. By doing this, all the pupils are expected to pay attention, to think about what is being asked, and to be ready with a response. Also, it provides a way to do continuous assessment – to assess, just walk around and listen to what the pupils are saying or doing. Finally, pupils who don't speak the Ghanaian Language of Instruction can use this time to think and talk in their language, before giving a response in the Language of Instruction. Note: You must be ready to let your room get a little noisy, and be sure to have a consistent signal for pupils to start and stop the Turn and Talk activity so you can use it quickly and then move on with the lesson.

Calling on pupils “at random”

Calling on pupils at random, instead of calling on pupils to volunteer, accomplishes two things. First, it helps pupils understand that they should always be ready to share their thoughts. They should be actively listening to the teacher all the time, and thinking about the activities and discussions. Second, it gives the teacher insight into what pupils are understanding and why they may not be interested in responding. By including both the brightest pupils and pupils who need more explanation or demonstration to understand the lesson, helps the teacher reach all pupils.

Whole class response

Activities that call for the whole class to respond in unison are a way for the teacher to monitor who has understood, and who has not understood. It helps the teacher know which pupils need more support and gives the teacher a chance to pause the lesson and give feedback to individuals or groups of pupils who are not following along. For whole class response to be effective, pupils must respond all together, immediately. For example, if they are to put up two fingers to say “yes” and one to say “no”, then they must do this as soon as the teacher signals (gives them a cue) for them to respond. Note that pupils may need a bit of time to think before responding, so the teacher may wait before giving the signal. But if some pupils are permitted to respond before others, the slower pupils may simply copy the classmates who respond first. So be sure to give them a signal, and encourage them to respond right away!

In this document, the meaning of L1 is the language the child speaks most comfortably, and the L2 refers to any language that is not their L1. Because the Learning Early Grade Reading Program is focused on teaching reading and writing, these techniques are mainly for teachers who are in a situation where they have a few, or many, pupils whose L1 is not the official Ghanaian Language of Instruction of the school they are in. So, these pupils are learning to read and write in their L2 (a Ghanaian language, but a less familiar one). However, these techniques could also be applied to learning to read in another L2, such as English.

1. Create links to personal experience and background knowledge

Why? L2 learners benefit from understanding the context of new materials. Relating the new material to their experiences and background knowledge provides meaningful context.

How? When introducing a topic, ask pupils what they know about it. Have they ever seen, used, or done this thing? When? Turn and talk works well for this type of strategy. Pupils can first think about what they already know, then turn to a partner to talk about it. After that, a few pupils can share with the whole class.

2. Encourage pupils to use their home language (L1)

Why? Using the more familiar language (L1) to learn a less familiar language (L2) can help pupils clarify their understandings of classroom conversation and text, confirm and expand their understanding of the content, prepare to carry out a task in the L2, and talk about how their language works. It can also save time by allowing for the occasional quick translation, rather than undergoing a long attempt at explanation in the L2. Additionally, it can give pupils a sense of security when much of what is happening in the classroom is new.

How? Using L1 in the classroom needs to be done carefully with intentional planning. Regular code switching (changing back and forth) from L2 to L1 without a planned strategy may result in linguistic confusion. To avoid confusion and save time when explaining new vocabulary, systematically ask pupils as part of the instructional routine, “How would you say this in your language?” Likewise, after reading a story, ask pupils to retell the story in their own language. A rule of thumb for deciding on the use of L1 is to consider if the pupils’ understanding of the content is important or how to express a message in the L2. For example, when pupils share their prior experience with a new word or concept, using L1 can be helpful because what is important is to connect to their experiences, not how to express that in the L2. Similarly, when pupils are preparing a partner or group task, they may be invited to use the L1 but reminded that the ultimate product (such as a verbal or written response) should be in the L2. This encourages deeper thinking about the topic and allows for discussion in the L1 about the L2 as pupils prepare their work.

3. Practice and play with the sounds of the target language

Why? After vocabulary, phonological awareness is one of the most important skills for L2 readers to develop. Even if sounds are similar in the L1 and L2, pupils who are new to the L2 will need to develop their capacity to hear those same sounds in a new linguistic context. The first skills to develop are more general phonological awareness skills, such as identifying individual words in a spoken sentence and identifying rhyme. Finer skills such as identifying syllables and phonemes (individual sounds) and being able to substitute or delete syllables or phonemes are developed later.

How? Teachers can make a habit of integrating some phonological awareness work into lesson plans whenever they are introducing new words and phrases, and returning to phonological awareness work if pupils are struggling to read certain passages or spell certain words. Techniques include representing spoken words with pebbles or bottle caps, clapping the syllables in a new vocabulary word, and finding words pupils already know that rhyme or contain a similar sound to a new word.

4. Enhance meaning with pictures, objects, and actions

Why? L2 learners need to interact with a new word or idea many times and in many ways to fully learn the meaning. Using pictures, objects, and actions can help provide visual, tactile, and kinesthetic reinforcement to any verbal explanation that may be given for a new word.

How? It does not matter if you do not have fancy, prepared flash cards and posters. Teachers can draw simple stick figures and line drawings on the board (or ask pupils to do it). The teacher and the pupils can use actions to demonstrate individual words and concepts, or can use role play to dramatize stories they have read. Many everyday objects are portable enough for teachers to bring to school to use for demonstrations (e.g., dishes, clothing, cooking tools, parts of plants, etc.). Keep clippings of images from newspapers and magazines as small treasures to share and discuss on the right occasion. Parents' committees can also help collect empty containers that can be used in class for demonstration and vocabulary practice (e.g., old containers for different foods and drinks, empty medicine packets, labels of various products, etc.).

5. Give pupils time to process and test out ideas, either by speaking in their first or in their new language, with a partner or small group

Why? In an L2 classroom, it is important to have learners feel secure so that they can take risks and participate fully. They will feel more secure if they have time to practice using their L2 and answering the question before having to say it in front of the whole class. While this cannot be used for every question in every class, it is important to remember to do this several times each lesson so that the pupils who tend to take longer to prepare an answer and who do not frequently raise their hands have more opportunity to participate in a non-threatening way.

How? Pupils may be asked to jot down their idea on a slate or in their notebooks, or to think quietly and then participate in a turn and talk. Another way to encourage participation from even the quietest pupils is to ask a whole-class question that has two or more possible answers and all pupils answer at once. For example, a teacher might say, "In the story today, would you describe the main character as brave or foolish? Raise your fist if you think she was brave and raise one finger if you think she was foolish."

Supplementary Reading

When pupils are provided with appropriately challenging reading opportunities, they can strengthen their skills and continue developing as fluent readers. In a reading class, not all pupils are going to be progressing at the same pace. Some pupils will struggle to read texts that other pupils find very easy. That is why it is important for the teacher to observe pupils during reading, assess them regularly, and identify each pupil's individual areas of need. The tips below are just a few strategies for observing pupils and providing feedback.

- Watch pupils as they answer questions, work together, and read independently to determine what each pupil can do and where they are stuck.
- Use the end-of-the-week assessments in the Learning lessons to determine action steps for each pupil.
- Provide feedback immediately – while they are practicing. Keep feedback encouraging, rather than punitive.
- Give a positive comment on what they do know – this motivates them and confirms what they have learned.
- Encourage pupils who are excelling to support their peers who are struggling. For example, pair strong and weak readers together for buddy reading.
- Provide pupils with choices for supplementary reading at a level appropriate for them. Allow them to choose texts that stimulate their interests.

If a pupil is fluently reading the texts in the Pupil Reader and is ready for an additional challenge, the books below can be provided for reading practice during other times in the school day or at home. These titles were supplied by Learning to every school. Teachers are encouraged to provide pupils with these or other B2-appropriate texts in the Ghanaian language of instruction so that they can continue to grow as readers.
