Foreword

The Ministry of Education/Ghana Education Service (MOE/GES) would like to thank the United States Agency for International Development (USAID) Partnership for Education: *Learning* for helping the Government of Ghana to improve the quality of early grade reading instruction in public basic schools. *Learning* supports the MOE/GES to improve learning outcomes in reading for pupils in KG2, B1, and B2 through a systematic phonics-based approach. This is achieved by developing and training teachers in the use of teaching and learning materials for reading instruction in 11 Ghanaian languages (GL) and oral English.

The reading program supported by *Learning* focuses on the teaching of the six most important components of reading instruction: phonological awareness, phonics (letter-sounds), fluency, vocabulary, comprehension and writing. The reading program is framed in the “simple view of reading,” which teaches pupils the skills needed to decode and to comprehend written words in order to become independent readers.

The reading program includes daily lessons with step-by-step instructions in a Teacher Guide, accompanied by a Pupil Reader for each pupil in the classroom, which contains exercises, pictures and texts that support the lessons. The Teacher Guide and associated teacher trainings conducted by *Learning* and GES, provide guidance on how to use the Pupil Reader and other learning materials to deliver engaging and effective reading lessons. The lessons are designed to be taught in 30 minutes each day, from Monday to Friday.

The Dagbani Prototype

The reading program has been prototyped in the Dagbani language as a precursor to the larger reading program in all 11 Ghanaian languages. The Teacher Guide and the Pupil Book developed for the Dagbani Prototype for B1, Terms 1 & 2 were piloted from January – July 2017 in 20 schools in the Yendi Municipal. Teachers, Headteachers, Curriculum Leads, Circuit Supervisors and Language Specialists from the Yendi Municipal were trained to strengthen their various roles to improve reading performance. This included trainings in reading pedagogy, classroom management, pupil assessment, and monitoring and supervision. *Learning* conducted base-line and mid-line assessment to track progress; and an end-line assessment will be conducted to find out how well the prototype has impacted the reading performance of the pupils. The mid-line results indicate that pupils who could read a syllable in Dagbani increased by 31% and pupils who could read a word in a decodable text increased by 26% after 8 weeks of prototype lessons.

We would like to particularly thank the Northern Regional Director of Education, the Municipal Director of Education and staff, teachers and pupils of the Yendi Municipal Assembly who have worked hard to ensure that the prototype reading program is successful.

Scale-up to the 11 Ghanaian Languages of Instruction

The prototype program was tested and refined; and the lessons learned during prototyping were fed directly into the development of teaching and learning materials for all 11 Ghanaian languages of instruction and English, and the scale-up to over 7,200 schools in 100 targeted districts. In preparation for the nationwide implementation, *Learning* has developed the Teacher Guide for KG2 and a Teacher Guide and Pupil Book for B1 for the 2017-2018 school year. B2 materials have been developed for the 2018 – 2019 school year.

We would like to thank the MOE/GES and national and regional language and pedagogical experts who served as validators to ensure the materials are of high quality and have met the standards set by GES for teaching and learning materials for early grade pupils in Ghana. We appreciate the input and guidance provided by the following persons of the MOE/GES: Mrs. Cynthia Bosumtwi-Sam, the Acting Executive Secretary, National Inspectorate Board; Mrs. Felicia Boakye-Yiadom, Acting Executive Secretary, National Council for Curriculum and Assessment; and Dr. Evelyn Oduro, the Acting Executive Secretary, National Teaching Council.

Finally, we thank the *Learning* staff, consultants from FHI360 and Summer Institute of Linguistics (SIL) Africa, as well as Ghana Institute of Linguistics, Literacy and Bible Translation (GILLBT) staff for their expertise in the development and the production of these materials that meet high Ghanaian and international teaching and learning standards. These materials and the trainings in their use will go a long way to support Ghana's goal of improving reading performance and pedagogical excellence in early grade reading in Ghana.

Introduction

The Teacher Guides are part of the USAID Partnership for Education: Learning (Learning) Early Grade Reading Program, a reading program for Ghanaian pupils in the early grades. This Teacher Guide is designed to be used with *Learning's* Pupil Reader and additional teaching and learning support materials. The Teacher Guide consists of daily lesson plans with step-by-step instructions on how to deliver the lessons and how to use the Pupil Reader. Through daily exposure to the 5+1 components of reading (phonics, phonological awareness, vocabulary, comprehension and fluency, plus writing), pupils will develop the skills they need to become successful readers and writers.

The Use of Ghanaian Languages

Research shows that it is easier for children to learn to read in a language familiar to them. Children learn to read a second language, such as English, when the concepts of reading and writing have been established in the language that the pupil already speaks.

The *Learning* Teacher Guides have been produced in the 11-approved Ghanaian languages of instruction- Akuapem Twi, Asante Twi, Dagaare, Dagbani, Adangme, Eve, Mfantse, Ga, Gonja, Kasem and Nzema.

Time Allocation

The Language Policy makes provision for the use of Ghanaian language as the medium of instruction from Kindergarten 1 to 2 and Basic 1 to 3, while introducing English gradually until Basic 3. From Basic 4, English becomes the medium of instruction.

Accordingly, the *Learning* Early Grade Reading Program materials are designed to be taught for 30 minutes per day. The program should be implemented during the time slot allocated for Ghanaian language literacy.

Structure of the Teacher Guide

The P4 *Learning* Teacher Guide contains 150 lessons. The lessons are 30 minutes long and the teaching skills in each lesson are built upon prior lessons. Therefore, it is critical that the lessons are taught in order.

Lesson Content

The weekly lessons are structured as follows:

- These lessons focus on teaching reading and writing skills. On the 10th day there is a quick assessment and time for reinforcement, so you can remain aware of pupil performance and provide support to help them reach expected standards.

Instructional Approach

The primary approach used in the *Learning* P4 Teacher Guide is systematic and explicit instruction of reading fundamentals, based on the components of reading instruction plus writing (referred to as the “5 + 1” components). The integration of writing into reading is very important because reading and writing mirror each other (receiving and producing information) and are therefore, best taught together.

Important design features of the *Learning* Teacher Guide include:

- a) **Explicit instruction:** Key concepts are explained directly. To be explicit, we say to pupils what they are learning and why.
- b) **Structured instruction:** Key concepts are explained in a logical order, from simple to complex, and building on pupils’ prior knowledge. For example, building pupils’ word reading skills from sounds, to letters, to syllables, to words and then to sentences.
- c) **Teaching routines:** Activities are repeated regularly across the term. These predictable activities help pupils think about the content instead of focusing on the instructions for new activities.
- d) **Teacher modeling:** The teacher regularly demonstrates reading and writing skills. Modeling for pupils as a whole class, small group, and one-on-one aids pupils’ understanding.
- e) **Pupil independent practice:** To master reading and writing skills, pupils must try out what the teacher has taught many times over with new material. All pupils should have opportunities to practice independently of the teacher each day.
- f) **Differentiation:** Suggestions for differentiation based on pupils’ needs are found throughout the Teacher Guide. In addition, the teacher is encouraged to use available supplementary reading materials to support pupils who are ready for an additional challenge. Annex 1 contains a list of supplementary reading materials that were provided by *Learning*, and which are appropriate for use in P4.
- g) **Continuous assessment:** To best support pupil learning, the teacher must understand the pupils’ strengths and needs. By regularly assessing pupils’ reading skills each week, the teacher knows which pupils will require extra help during the lessons, which pupils are ready for more challenging content and which skills the whole class will need to review.

Additional Resources

Supplementary Reading contains tips for providing feedback to pupils as they read, as well as a list of books supplied to schools under *Learning* that can be shared with pupils for an additional reading challenge at home or during other times in the school day (such as the library period).

Techniques for Teaching Learning Lessons and Techniques for Supporting Second Language

Learners describes key instructional techniques integrated into the lesson plans and strategies for improving instruction for pupils who speak a language other than the Ghanaian language of instruction.

Alphabets, Digraphs and Trigraphs and Clusters serve as a reference for the alphabet for this language. The Alphabet includes a complete list of the single letters of the language, both small and capital letters. It also includes common digraphs, trigraphs, and clusters. Digraphs (two letters together) and Trigraphs (three letters together) are groups of letters that represent a single sound in this language. Clusters are groups of letters each of which makes an independent sound, but are often paired together in the language.

12 Dagbani Pupil Reader

Standard

The pupils will be able to:

- Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “**Alibarika Bindirigu**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ŋuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taxi ka ŋuni maa gba karim ka ŋun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil Text they read with their partner:
 - Question 1: Bɔ zuɣu ka shiri mali dariza?
 - Question 2: A tɛhiya ni bɔ zuɣu ka shigula kɔhiri shihi?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “**Daliri Din Che Ka Kahimpiɛɣu Yiɣiri Wuntaŋni**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: Yino ni karim tuuli ka ŋuni la mi doli ka yuuni chiriŋ zuɣu. Di nyaana ka yi taɣi ka ŋun bala maa mi karinda ka o kpee maa mi doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- To get each pupil's percentage of errors, count the number of errors and divide that number by the total number of words in the text. Use the grid at the bottom of the text to help you.
- This gives a general sense of how the child is learning:
 - 100% accuracy (no errors) is excellent, pupil should be reading text at a higher level.
 - 95%-99% accuracy is good, pupil is reading at the correct level.
 - 89%-94% accuracy is developing and indicates that the pupil should read texts from a lower level.
 - 88% or less accuracy may indicate that the pupil is struggling, they need remediation activities to improve their accuracy and should read texts from a lower level.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil Text they read with their partner:
 - Question 1: Bɔ ka Zɔŋa daa yi ninda, kum yi daa ti gbaai Kahimpiebila? (Answer: Zɔŋ yirimi m-bo binwala mini zɛvari na nti dihi o.)
 - Question 2: Bɔ zuɣu ka Kahimpiɛnyan daa yiɣi ka che Kahimpiebila ka mi ni o kpunkpama na bi kpan?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

(15 mins)

Administer the spelling assessment

- Ask pupils to take out their exercise books.

- Say: N yen bolila bachi buta ka yi sabi li n-nin yi bukunima maa nyaana.

balli, polli, tulli, bol' palli

- Say each word three times slowly, giving time for pupils to write each one.

Administer the vocabulary assessment

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: Yulimi bachi dibaayi nɔ puuni m-pii bachi sheli din lu n-zahim yeltɔyili maa, ka sabi li n-sɔŋ a ni yiɣisi bachi sheŋa la gbunni a tuma buku maa nyaana.

Scoring the spelling and vocabulary assessment

- Ask pupils to exchange their exercise books with a partner.
- Write the four spelling words on the board and ask pupils to correct their partner's work.
- Write the three vocabulary words (1. “dagbulli” 2. “Zuyugbullilana” 3. “sagbana”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiɣisi bachi dibaanu maa zaa dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiɣisi bachi dibaanaahi dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiɣisi bachi dibaata dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiɣisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil text “**Suhuyini Gɔrim**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ɲuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taxi ka ɲuni maa gba karim ka ɲun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment sheet for Level D or E.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment (on assessment scoring page)

- To get each pupil's percentage of errors, count the number of errors and divide that number by the total number of words in the text. Use the grid at the bottom of the text to help you.
- This gives a general sense of how the child is learning:
 - 100% accuracy (no errors) is excellent, pupil should be reading text at a higher level.
 - 95%-99% accuracy is good, pupil is reading at the correct level.
 - 89%-94% accuracy is developing and indicates that the pupil should read texts from a lower level.
 - 88% or less accuracy may indicate that the pupil is struggling, they need remediation activities to improve their accuracy and should read texts from a lower level.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil Text they read with their partner:
 - Question 1: Ya mini ya ka Suhuyini mini o nahiba daa kaai Ankara puuni?
 - Question 2: Bɔ zuɣu ka Suhuyini daa yɛli, “Zuɣɔ din tariga, n ku lahi di n-yayi n dibu zuɣu!”
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

Word matching

Match pictures to words

- Ask pupils to put their fingers under the first word in the word list for the activity in the Reader. Read the first word.
- Say: Bachi ɲɔ gbunni lee nyɛla bɔ?
- Ask for a volunteer to say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

2. Use what they know about letters, syllables and blending to write words.

1. Review and Assessment

(10 mins)

Practice Ladder - Words

NOTE: For each word you call out, look at 6 pupils' responses at random. If there are two or more pupils pointing to an incorrect word, note down the word. If there are particularly difficult vowels or syllables, note that too. You will review these difficult letters and syllables later in the lesson.

- Help pupils find the word grid for this lesson in their Readers by holding up the page and saying the page number.
- Tell pupils that you will say a word and pupils should point to the word in the grid.
- Remind them to only look at their own Reader, not another pupil's Reader.
- Say: Ti yɛn zanjla zuyusaa kuligu din mali bimpum maa m-bɔhim.
- Say: Wummiya bachi maa bolibu ka shihi li bimpum maa kuligu maa ni! Bachi maa n-nyɛ: "cheche".
- When pupils have their finger on a word, show them the correct word by holding up the page and pointing to the word. Tell them to check their partner has their finger on the correct word.
- Say the parts of the word (first part, second part) and blend them to read the word while pointing at each part of the word. Encourage pupils to do it with you.

chinchini, bɔɣulɔŋ, ninneesim, ŋmani, binnyura, ʒɛvari, gbarigu, shishiriga

- Say each word three times slowly, giving time for pupils to write each one.

Spelling Check

- Ask pupils to exchange their exercise books with a partner.
- Write the eight spelling words on the board and ask pupils to correct their partner's work.

2. Read words accurately.
3. Work with peers to discuss ideas, use pictures and words to show ideas.

1. Special Instructions

Instructions to teachers

- ASER is an assessment of pupils’ progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.

- All five lessons this week contain a word game to play (Sink the boat), a fluency activity and a writing activity.
- All activities are done in pairs.
- Pupils will do the same game and fluency activity each day. This is meant to do a couple things:
 1. Free teachers’ time to conduct ASER. Pupil-directed activities should make it easier for teachers to have someone else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time to assess pupils using ASER.
 2. Support pupils’ reading fluency. The more pupils read, the more fluent and confident readers they become. The “Sink the Word Boat” game, below (to be played each day), supports word reading.
- The last part of the lesson is a writing activity based on what the pupils learnt. It will require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person supporting the pupils)

- In this lesson, please take time to orient the pupils, and the person staying with the pupils, on what they are meant to do. Also, please take a moment to explain the game to pupils. They will do the same activities each day, but using a different story and Sink the Word Boat game for that Lesson.
- Write today's Lesson # on the board. Be sure they have the materials they need.
- *In this lesson...*
 1. Pupils will re-read a Pupil Text of their choice in pairs. They will practice their accuracy, speed and expression.
 2. With the time remaining after reading, pupils will play the Sink the Word Boat game.

2. ASER Assessment

(30 mins)

- Set up an ASER assessment recording sheet in your jotter or notebook (see training resources for instructions).
- Begin with the first pupil on the class list. Use the ASER assessment and accompanying instructions to conduct the ASER assessment with as many pupils as possible within the given time.

3. While teacher assesses pupils - Pupil Text (20 minutes)

(10 mins)

Pupils reread in pairs - Fluency

- Ask pupils to turn to a pupil next to them and together they decide which Pupil Text from previous weeks they are going to read.
- Together they decide who will read first. They each take turn reading a page of the story.
 - The first time they read the text, they check that their partner did not make a mistake. They count the mistakes if there are some and help each other re-read the misread words after the reading.
 - The second time they read the text, they choose an emotion (happy, sad or afraid) and take turns reading a page of the text in that emotion.
 - The third time they read the whole text quietly, as fast as they can and see how fast they can read it.
- If they finish early, they may choose another Pupil Text and start again.

4. Sink the Word Boat (game) – Complete instructions (20 minutes)

(20 mins)

Sink the Word Boat (game) Instructions

Materials:

- Pupil Lesson page with game board (boat) with word grid. Pupils face each other and open their book sideways and hide their game board (boat) from each other.
- Game piece. Each child brings in (or find in the schoolyard) three small things, like bottle caps or small stones, beans or maize, to use as a game pieces [**diɛma bini**]. They will put each game piece on a word of their choice on the game board [**diɛma polo**] (boat), making sure their partner cannot see.

Note: pupils should keep their game pieces, and have them ready to use each day this week.

Preparations:

- Teacher, or person with the pupils, places them in pairs, facing each other.
- Each pupil places his three game pieces on three words of his choice.

How to play:

- The pupil who has the most letters in their first name starts. He is pupil 1.
- Pupil 1 says a word, any word from the grid.
 - If pupil 2 has a game piece on that word he says: sinking “**fimda**” and removes his game piece from that word and puts it aside.
 - If pupil 2 has no game piece on that word, he says: miss “**nyehigiya**” and it is his turn to play.
- Pupils continue to take turns.
- The first player to have removed all three game pieces loses the game.
- The game can be played again, if there is time remaining.

Lesson 42

ASER and Story Week

Standards

The pupils will be able to:

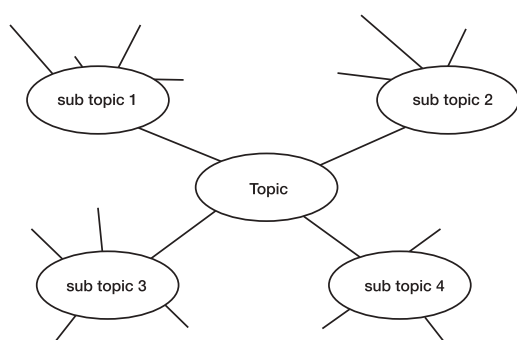

1. Read text with fluency (accuracy, speed and expression).
2. Read words accurately.
3. Work with peers to discuss ideas, use pictures and words to show ideas.

1. Writing a non fiction text

(30 mins)

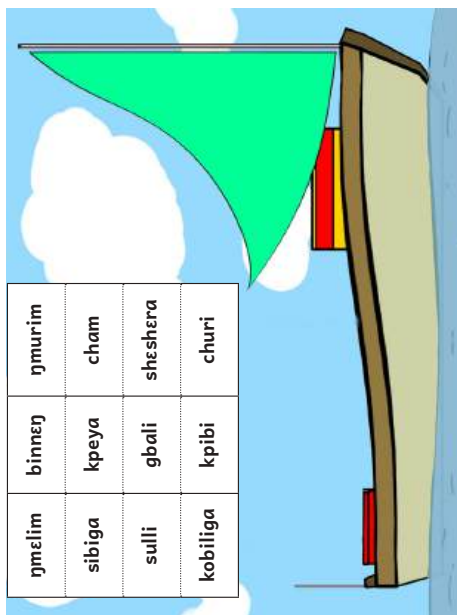

Brainstorm ideas

- Draw this diagram of a web on the board:

- Remind pupils of the text “**Kpara Lahibali.**”.
- Ask pupils to discuss in pairs and answer the following questions:
 - Bɔ ka lahibali maa lee jendi?
 - Binyɛr’ bɔnima ka ti lee bɔhim lahibali maa puuni?
- As they answer, replace the generic terms in the web on the board by their answers: The topic will be “**kpara**” The sub topics will be: “**Kpara Nahingbana, Kpara Biɛhigu Shee, Kpara Biɛhigu.**”
- Say: Yi malila bakɔi muni maa zaa ni yi mini yi taba laxim n-sabi. Yi ni sabi lahibali zaŋ kpa baŋsim shɛli yi ni bɔra. A mini a kpee maa, yi ni sabi yi maŋmaŋa lahibali ka laxim n-tum bakɔi maa zaa.

- Ask pupils to share topics they would like to write about.
- Ask them to each copy the diagram of the web in their exercise books and draw or write words in the circles to get their topic and subtopics down for their own text. The subtopics should be 3-4 main things they want to say about the topic. They can rewrite a text they have read or write about something they know.

1. Special Instructions

Instructions to teachers

- ASER is an assessment of pupils' progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.

- All five lessons this week contain a word game to play (Sink the boat), a fluency activity and a writing activity.
- All activities are done in pairs.
- Pupils will do the same game and fluency activity each day. This is meant to do a couple things:
 1. Free teachers' time to conduct ASER. Pupil-directed activities should make it easier for teachers to have someone else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time to assess pupils using ASER.
 2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Sink the Word Boat" game, below (to be played each day), supports word reading.
- The last part of the lesson is a writing activity based on what the pupils learnt. It will require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person who will stay with the pupils)

- In this lesson, please take time to orient the pupils, and the person staying with the pupils, on what they are meant to do. Also, please take a moment to explain the game to pupils. They will do the same activities each day, but using a different story and Sink the Word Boat game for that Lesson.
- Write today's Lesson # on the board. Be sure they have the materials they need.

- *In this lesson...*
 1. Pupils will re-read a Pupil Text of their choice in pairs. They will practice their accuracy, speed and expression.
 2. With the time remaining after reading, pupils will play the Sink the Word Boat game.

2. ASER Assessment

(30 mins)

Conduct ASER

- Open to the ASER assessment recording sheet in your jotter or notebook (see training resources for instructions).
- Continue where you left off on the class list yesterday. Use the ASER assessment and accompanying instructions to conduct the ASER assessment with as many pupils as possible within the given time.

3. While teacher assesses pupils - Pupil Text (20 minutes)

(10 mins)

Pupils reread in pairs - Fluency

- Ask pupils to turn to a pupil next to them and together they decide which Pupil Text from previous weeks they are going to read.
- Together they decide who will read first. They each take turns reading a page of the story.
 1. The first time they read the text, they check that their partner did not make a mistake. They count the mistakes if there are some and help each other re-read the misread words after the reading.
 2. The second time they read the text, they choose an emotion (happy, sad or afraid) and take turns reading a page of the text in that emotion.
 3. The third time they read the whole text quietly, as fast as they can and see how fast they can read it.
- If they finish early, they may choose another Pupil Text and start again.

4. While teacher assesses pupils - Sink the Word Boat (20 minutes)

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Prepare an assessment scoring page in an exercise book. List all the pupils in the class in alphabetical order. Then make three more columns: “Title”, “Accuracy”, “Notes”.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Sabita**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka nuni maa mi doli ka yuuni chiriŋ zuŋu. Yi ni taxi ka nuni maa gba karim ka nuni di pun karim tuuli maa gba doli ka yuuni chiriŋ zuŋu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil’s reading challenges or successes in the “Notes” column.

- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil Text they read with their partner:
 - Question 1: Bɔ n-simdi ni ti bo? (Answer: biɛh' sun)
 - Question 2: Bɔ zuɣu ka a tɛhi ni zileli ni maalibu nyɛla din viɛla?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

(15 mins)

Administer the spelling assessment

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson**Prepare for the assessment**

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Namtieri Yilli**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka nuni maa mi doli ka yuuni chiriŋ zuŋu. Yi ni taxi ka nuni maa gba karim ka nuni di pun karim tuuli maa gba doli ka yuuni chiriŋ zuŋu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil’s reading challenges or successes in the “Notes” column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.

- 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
- 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Thank pupils for staying on task and working well with their partners.
- Call on a pupil randomly to answer each of the following questions about the Pupil Text they read with their partner:
 - Question 1: Bɔ nyom n-nyaxisa? (Answer: bimpuma)
 - Question 2: Anfaani bɔ ka ti nyari saa mibu ni?
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson**Prepare for the assessment**

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Lɔba**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ɲuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taxi ka ɲuni maa gba karim ka ɲun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil’s reading challenges or successes in the “Notes” column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Say: N yɛn bɔhi ya la bɔhigu ka yi layim niriba ayiyi n-labisi li.
Question 1: Naawuni namateri maa lee nyɛla dini? (**Answer:** dari, gbana ni kuriti)
- Have pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- Say: Bɔhi' bɔ ka yi lee mali zaŋ kpa lahibali maa polo ka di labisibu ka lahibali maa puuni? Wula ka yi niŋ n-nya labisibu maa?
- Help pupils create a question using one of the following starters: Bɔ...? Ŋuni...? Bɔ saha...? Ya...?
- Turn and talk: Ask pupils to turn to someone next to them to discuss their answers.
- Call on a pupil randomly to share their question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why.

Lesson 80

- Write the three vocabulary words (1. “singbundi” 2. “kulim” 3. “kpaale”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiyisi bachi dibaanu maa zaa dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiyisi bachi dibaanahi dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiyisi bachi dibaata dede!

The score is good if more than half the class got 3 or more words correct.

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yiyisi bachi dibaayi dede!
- The score is developing if half the class got at least 2 words correct.
- Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

100 Dagbani Pupil Reader

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Dazim, Dabɔya mini Danmahi Lebighu**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ŋuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taɣi ka ŋuni maa gba karim ka ŋun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Say: N yɛn bɔhi ya la bɔhigu ka yi laɣim niriba ayiyi n-labisi li.
Question 1: Bɔ ka bɛ mali ŋmari dazim mini dabɔɣa ni daŋmahi? (Answer: mazina)
- Have pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- Say: Bɔh' bɔ ka yi mali zaŋ kpa lahibali maa polo? Wula ka yi yɛn niŋ n-nya labisibu maa?

- Help pupils create a question using one of the following starters: Bɔ...? Ɔuni...? Bɔ saha...? Ya...?
- Turn and talk: Ask pupils to turn to someone next to them to discuss their answers.
- Call on a pupil randomly to share their question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil Text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

5. After Reading – Comprehension

(5 mins)

Discuss the text

- Say: N yɛn bɔhi ya la bɔhisi ka yi laxim niriba ayiyi n-labisi ŋa.
Question 1: Bɔ ka gbuxinli daa niŋ bambua? (Answer: O daa ku o mi nubi.)
Question 2: A tɛhiya ni bɛŋkɔbiri maa daa deei Janga noli?
- For each question, pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Daliri din che ka Binkɔbiri Noya Woli**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee maa ni karim tuuli ka nuni maa mi doli ka yuuni chiriŋ zuŋu. Yi ni taxi ka nuni maa gba karim ka nun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuŋu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil’s reading challenges or successes in the “Notes” column.

- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Say: N yɛn bɔhi ya la bɔhisi ka yi laxim niriba ayiyi n-labisi ŋa.
 Question 1: Bɔ ka gbuɣinli daa niŋ bambua? (Answer: O daa ku o mi ŋubi)
 Question 2: A tɛhiya ni biŋkɔbiri maa daa deei Jaŋa noli?
- For each question, pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

(15 mins)

Administer the spelling assessment

- Ask pupils to take out their exercise books.
- Say: Lebigimiya yi bukunima ka vii di nyaana polo! Ti yen ninla ti zahimbu maa bukunima maa nyaana.
- Say: N yen bolila bachi buta zuyu ka yi sabi li n-nin yi tuma bukunima maa nyaana.

lahi, pahi, yaha, suhu, bchi
- Say each word three times slowly, giving time for pupils to write each one.

Administer the vocabulary assessment

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: N yen bolila bachi buta zuyu ka yi sabi li n-nin yi tuma bukunima maa nyaana.

Scoring the spelling and vocabulary assessment

- Ask pupils to exchange their exercise books with a partner.
- Write the five spelling words on the board and ask pupils to correct their partner's work.
- Write the three vocabulary words (1. "yaankpula" 2. "daantaliga" 3. "sakoro") on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaanu maa zaa dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaanahi dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
- Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata maa zaa dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!
The score is good if more than half the class got 2 or more words correct.
The score is developing if half the class got less than 2 words correct.
- Consider reinforcement activities if more than half the class got only 0-1 word correct.

2. Reinforcement activities

(13 mins)

Word matching

Match pictures to words

- Ask pupils to put their fingers under the first word in the word list for the activity in the Reader. Read the first word.
- Say: *Bachi ɲɔ gbunni lee nyɛla bɔ?*
- Ask for a volunteer to say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

Completing sentences

Choosing the correct word to complete a sentence

- Ask pupils to read the sentences in the Reader, choose the best word to complete sentence and write them in their exercise books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the words they chose.
- Call several pairs at random to say a word they chose for each sentence. If they are correct, give a clap of appreciation.
- Write the three reinforcement words (1. “**bunyaŋ**” 2. “**naɣisaa**” 3. “**kpaandaa**”) on the board and ask pupils to correct their partners work.

3. Homework

(2 mins)

- Say: *Yi yi kuli yiŋa, yi n-sabimi yi ni yiyisiri bachi sheŋa maa yim m-pahi yi bukunima ni n-doli soya maa: yuli, yeli, pɔbi, sabi, vihi!*
- Ask pupils to review their writing draft and then read it to a family member.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

5. After Reading – Comprehension

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Mabihi Ata**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka nuni maa mi doli ka yuuni chiriŋ zuŋu. Yi ni taxɪ ka nuni maa gba karim ka nuni di pun karim tuuli maa gba doli ka yuuni chiriŋ zuŋu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil’s reading challenges or successes in the “Notes” column.

- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Say: N yɛn bɔhi ya la bɔhisi ka yi laxim niriba ayiyi n-labisi ŋa.
 Question 1: Wula ka Dooko daa niŋ n-yihi saŋmarisi maa kom maa ni? (Answer: O daa kala kom maa zaa m-bahi yun maa.)
 Question 2: A tɛhiya ni bɔ zuɣu ka Fochichi mini Dobielli kɔŋ saŋmarisi maa yihibu kom maa ni?
- For each question, pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why. Help pupils find the sentence in the story that contains the answer.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

(15 mins)

Administer the spelling assessment

- Ask pupils to take out their exercise books.
- Say: Lɛbigimiya yi bukunima ka vii li di nyaana polo! Ti yɛn ninla ti zahimbu maa bukunima maa nyaana.
- Say: N yɛn bolila bachi buta zuɣu ka yi sabi li n-nin yi tuma bukunima maa nyaana.

ɲmaana, ɲmɛnditoli, chɔriɲmɛra, saɲmariga, ɲmancheɣu

- Say each word three times slowly, giving time for pupils to write each one.

Administer the vocabulary assessment

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: Yulimiya bachi dibaayi ɲɔ puuni m-pii bachi sheli din lu n-zahim yɛltɔɣili maa! Sabimiya li n-sɔɲ yi ni yiɣisi bachi sheɲa la gbunni yi tuma bukunima maa nyaana!

Scoring the spelling and vocabulary assessment

- Ask pupils to exchange their exercise books with a partner.
- Write the five spelling words on the board and ask pupils to correct their partner's work.
- Write the three vocabulary words (1. “**tabibilana**” 2. “**ɲmɛliɲkuxa**” 3. “**saviɣu**”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaanu maa zaa dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaanahi dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
- Consider reinforcement activities if more than half the class got only 0-2 words correct.

Vocabulary: Check approximately the class score

- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaata maa zaa dede!
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!
The score is good if more than half the class got 2 or more words correct.
The score is developing if half the class got less than 2 words correct.
- Consider reinforcement activities if more than half the class got only 0-1 word correct.

2. Reinforcement activities

(13 mins)

Word matching

Match pictures to words

- Ask pupils to put their fingers under the first word in the word list for the activity in the Reader. Read the first word.
- Say: Bachi nɔ gbunni lee nyɛla bɔ?
- Ask for a volunteer to say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

Completing sentences

Choosing the correct word to complete a sentence

- Ask pupils to read the sentences in the Reader, choose the best word to complete sentence and write them in their exercise books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the words they chose.
- Call several pairs at random to say a word they chose for each sentence. If they are correct, give a clap of appreciation.
- Write the three reinforcement words (1. “be” 2. “za” 3. “pa”) on the board and ask pupils to correct their partners work.

3. Homework

(2 mins)

- Say: Yi yi kuli yina, yi n-sabimi yi ni yixisiri bachi shɛna maa yim m-pahi yi bukunima ni n-doli soya maa: yuli, yeli, pɔbi, sabi, vihi!
- Ask pupils to review their writing draft and then read it to a family member.

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil Text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

5. Comprehension – Prediction check

(2 mins)

Check prediction

- Ask pupils to remember the predictions they made before they read the text. Give them a moment to think. Ask them to raise their hands if their predictions were what the text was about.

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Hogbechocho Chuyu ni Pili shɛm**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ɲuni maa mi doli ka yuuni chiriɲ zuyu. Yi ni taxɪ ka ɲuni maa gba karim ka ɲun di pun karim tuuli maa gba doli ka yuuni chiriɲ zuyu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Say: N yɛn bɔhi ya la bɔhigu ka yi laɣim niriba ayiyi n-labisi li.
Question 1: Wula ka chu' shɛŋa a yanima bee a zuliyanima ni puhiri daa lee pili?
- Have pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.

- Say: Bɔhi' bɔ ka yi lee mali zaŋ kpa lahibali maa polo ka di labisibu ka lahibali maa ni? Labisibu bɔ ka yi ni tooi zaŋ ti bɔhigu maa?
- Help pupils create a question using one of the following starters: M biɛhimmi...? Wula...? Bɔ n-che...?
- Turn and talk: Ask pupils to turn to someone next to them to discuss their answers.
- Call on a pupil randomly to share their question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why.

The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuyusaa di yi nin ka a yixisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.
- Consider reinforcement activities if more than half the class got only 0-2 words correct.

Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

- Ask pupils to read the sentences in the Reader, choose the best word to complete sentence and write them in their exercise books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the words they chose.
- Call several pairs at random to say a word they chose for each sentence. If they are correct, give a clap of appreciation.
- Write the three reinforcement words (1. “nyamnyam” 2. “zunɔ” 3. “pam”) on the board and ask pupils to correct their partners work.

3. Homework

(2 mins)

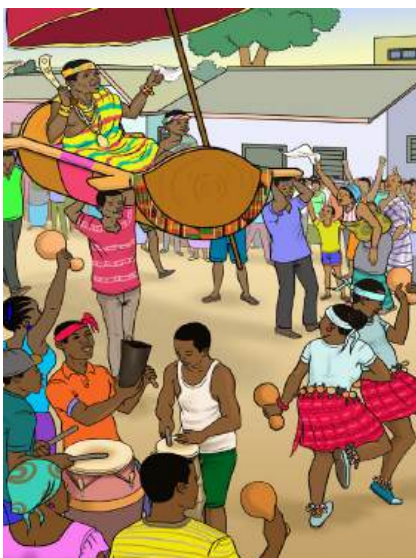

- Say: Yi yi kuli yina, yi n-sabimi yi ni yixisiri bachi shena maa yim m-pahi yi bukunima ni n-doli soya maa: yuli, yeli, pobi, sabi, vihi!

Independent reading – During reading

4. Pupil Text Reading – Independent

(8 mins)

Pupils read aloud in the book independently

- Ask pupils to read the Pupil Text independently. Do NOT read it aloud for them. They should whisper read (read quietly), putting their finger under each word as they read it. If pupils finish reading early, they can read the story again with a partner.
- Walk around the classroom while pupils read. Help pupils use the skills they have learnt to read words. They should blend syllables to read words.

Independent reading – After reading

5. Comprehension – Prediction check

(2 mins)

Check prediction

- Ask pupils to remember the predictions they made before they read the text. Give them a moment to think. Ask them to raise their hands if their predictions were what the text was about.
- Ask them how the table was useful for predicting what the text was about.
- Remind the class what the volunteer pupils predicted before they read the text. Ask the pupils if those predictions were accurate.

6. After Reading – Comprehension

(3 mins)

Discuss the text

- Say: N yen bɔhi ya la bɔhigu ka yi layim niriba ayiyi n-labisi li.
Question 1: A tɛha puuni bindir' bɔnima ka bɛ duxiri Buyum Chuyu dali?
- Have pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.
- Say: Bɔh' bɔ ka yi mali zaŋ kpa lahibali maa polo ka di labisibu ka lahibali maa ni? Labisibu bɔ ka yi ni tooi zaŋ ti bɔhigu maa?

Standard

The pupils will be able to:

1. Read text with fluency.

1. Assessment: Before The Lesson

Prepare for the assessment

- Review the assessment scoring page. Make sure all the pupils in the class are listed.
- Find the assessment text for this week in the **Assessment Texts** annex at the back of this Teacher Guide.

2. Fluency

(5 mins)

Rereading for fluency

- Help pupils find the Pupil Text of the day “**Buɣum Tɔbu**” in their Readers by holding up the page and saying the page number.
- Tell pupils that they will be reading their Pupil Text for a second time while you work with individual pupils.
- Ask pupils to turn to a pupil next to them and together they decide who will read first and who will read second.
- Say: A kpee ni karim tuuli ka ŋuni maa mi doli ka yuuni chiriŋ zuɣu. Yi ni taɣi ka ŋuni maa gba karim ka ŋun di pun karim tuuli maa gba doli ka yuuni chiriŋ zuɣu.
- If pupils finish early, they can read the text again or read any other previous texts of their choice to practice their reading skills.

3. Fluency Assessment (individual assessment while the rest of the class reads in pairs)

(20 mins)

Administer the reading assessment

- You will assess 5 pupils while the whole class is reading in pairs, call one pupil to sit with you.
 - Tell the pupil that you want them to read a text while you listen to them read.
 - Find the pupil the assessment for this week in the **Assessment Texts** annex.
 - Ask the pupil to read the text and listen to them.

[NOTE: If the pupil makes 5 or more errors in the first few lines of reading or cannot read the text you give them, try giving them a text from a previous week. If the pupil cannot read that text either, end the assessment. Remain positive! Do not punish the pupils for struggling. Instead, use the tips below to help them in later lessons.]

- Do this for another 4 pupils (to complete all 5). Next week you will assess 5 more pupils starting with the next pupil on the list.

Score the reading assessment and match pupils to text levels– For each pupil

- Record the title of the text the pupil read.
- Record the accuracy (percent of words read correctly) using the grid at the bottom of the assessment text. This is calculated by counting the number of errors and divide that number by the total number of words in the text.
- Write any observations you may have about the pupil's reading challenges or successes in the "Notes" column.
- Refer to the tips below to understand how the pupil is progressing and plan for support:
 - 100% accuracy (no errors) is excellent. The pupil is ready for additional challenges – this could mean writing longer stories during writing activities, reading more complex texts during library time, or helping struggling pupils during pair work.
 - 95%-99% accuracy is good. The pupil is progressing through the lessons at a normal pace. Make sure the pupil stays on track by checking in with them regularly during independent reading time.
 - 89%-94% accuracy is developing. The pupil may need extra support to keep pace with the lessons – this could mean frequent check ins from the teacher during independent reading time, buddy reading with a strong reader, and extra remediation activities.
 - 88% or less accuracy may indicate that the pupil is struggling. The pupil needs remediation activities and one-on-one support to improve their accuracy.

Looking forward

- Next week, continue with the next 5 pupils on the list. Continue this way until all pupils are assessed, then start over again from the beginning of the list.

4. Comprehension – Comprehension questions

(5 mins)

Ask comprehension questions

- Say: N yen bɔhi ya la bɔhigu ka yi laxim niriba ayiyi n-labisi li.
Question 1: A tɛha puuni bindiri bɔnima ka bɛ duxiri Buɣum Chuɣu dali? Wula zuɣu ka a tɛhi lala?
- Have pupils discuss in pairs. Then call on a pupil randomly to share their answer to the question.

- Say: Bɔhi' bɔ ka yi mali zaŋ kpa lahibali maa polo ka di labisibu ka lahibali maa ni? Labisibu bɔ ka yi ni tooi zaŋ ti bɔhigu maa?
- Help pupils create a question using one of the following starters: M biɛhimmi...? Bɔ zuɣu...? Wula ka di kana...?
- Turn and talk: Ask pupils to turn to someone next to them to discuss their answers.
- Call on a pupil randomly to share their question.
- After each response, congratulate, help, or correct the pupil's answer. If the pupil is partly correct or incorrect, tell them why.

Lesson 130

Assess & Review

Standard

The pupils will be able to:

1. Read text with fluency.

1. Spelling and Vocabulary Assessment (Whole class assessment)

(15 mins)

Administer the spelling assessment

- Ask pupils to take out their exercise books.
- Say: Lɛbigimiya yi bukunima ka vii di nyaɲa polo! Ti yɛn niŋla ti zahimbu maa bukunima maa nyaɲa.
- Say: N yɛn bolila bachi buta zuɣu ka yi sabi li n-niŋ yi tuma bukunima maa nyaɲa.

gbani, gbɛm, gbiligi, jangbuni, gbarigu

- Say each word three times slowly, giving time for pupils to write each one.

Administer the vocabulary assessment

- Help pupils find the assessment page in their Readers by holding up the page and saying the page number.
- Tell pupils that they will see a word missing in each of the sentences.
- Say: Yulimiya bachi dibaayi ŋɔ puuni m-pii bachi sheli din lu n-zahim yeltɔyili maa! Sabimiya li n-sɔŋ yi ni yixisi bachi shɛŋa la gbunni yi tuma bukunima maa nyaɲa!

Scoring the spelling and vocabulary assessment

- Ask pupils to exchange their exercise books with a partner.
- Write the five spelling words on the board and ask pupils to correct their partner's work.
- Write the three vocabulary words (1. “**lɛbiginsim**” 2. “**dovihi**” 3. “**amanka**”) on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

Spelling: Check the approximate class score

- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaanu maa zaa dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaanaahi dede!
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaata dede!
The score is good if more than half the class got 3 or more words correct.
- Say: Kpuximi a nuu zuɣusaa di yi nin ka a yiɣisi bachi dibaayi dede!
The score is developing if half the class got at least 2 words correct.

2. Reinforcement activities

(13 mins)

Word matching

Match pictures to words

- Ask pupils to put their fingers under the first word in the word list for the activity in the Reader. Read the first word.
- Say: Bachi ɲɔ gbunni lee nyɛla bɔ?
- Ask for a volunteer to say the meaning of the word. Then, ask pupils to point to the picture on the page that matches that word. Ask all pupils to point to the next word in the list and whisper read it to themselves. Call on a pupil at random to read the word for the class. Ask all pupils to point to the picture that matches the word.
- Continue the activity to the end of the word list, helping pupils that get stuck.

Completing sentences

Choosing the correct word to complete a sentence

- Ask pupils to read the sentences in the Reader, choose the best word to complete sentence and write them in their exercise books.
- Turn and talk: When pupils are finished, ask them to turn to a pupil next to them to share the words they chose.
- Call several pairs at random to say a word they chose for each sentence. If they are correct, give a clap of appreciation.
- Write the three reinforcement words (1. “ma” 2. “ba” 3. “ya”) on the board and ask pupils to correct their partners work.

3. Homework

(2 mins)

- Say: Yi yi kuli yin̄a, yi n-sabimi yi ni yīisiri bachi sh̄ēn̄a maa yim m-pahi yi bukunima ni n-doli soya maa: yuli, yeli, p̄obi, sabi, vihi!

holadee	ɲmāāɲa	zengamazugu	dayiri	
waribara	dimkabishee	suhuballi	ɲmel̄iŋkuɣa	

Standards

The pupils will be able to:

1. Apply knowledge of sounds, syllables, and blending to accurately and quickly decode words.
2. Use what they know about letters, syllables and blending to write words.

1. Review and Assessment

(10 mins)

Practice Ladder - Words

*NOTE: For each **word** you call out, look at 6 pupils' responses at random. If there are two or more pupils pointing to an incorrect word, note down the word. If there are particularly difficult vowels or syllables, note that too. You will review these difficult letters and syllables later in the lesson.*

- Help pupils find the word grid for this lesson in their Readers by holding up the page and saying the page number.
- Tell pupils that you will say a word and pupils should point to the word in the grid.
- Remind them to only look at their own Reader, not another pupil's Reader.
- Say: Ti ȳen zan̄la zuɣusaa kuligu din mali bimpum maa m-b̄ohim.
- Say: Wummiya bachi maa bolibu ka shihi li bimpum maa kuligu maa ni! Bachi maa n-nȳɛ: "ɲolim".
- When pupils have their finger on a word, show them the correct word by holding up the page and pointing to the word. Tell them to check their partner has their finger on the correct word.
- Say the parts of the word (first part, second part) and blend them to read the word while pointing at each part of the word. Encourage pupils to do it with you.
- Continue with one other word in the practice row (row with the flower): "**baɣabaya**".
- Say: Wummiya bachi maa bolibu ka shihi li, saha ɲɔ, bachi maa ni tooi be kulisi ata ɲɔ puuni yini ni.
- Continue with the words below, one by one.
- Word list: **ɲmāāɲa, suhuballi, dimkabishee, holadee, zengamazugu, duduhugu**

2. Assessment – Words

(20 mins)

Prepare and practice writing words

NOTE: This assessment focuses on words the pupils learned this term. The results will help you decide what to review.

- Ask pupils to take out their exercise books.
- Say: N yɛn bolila bachi shɛli buta ka yi mo n-sabi li yi tuma bukunima ni.

bayabaya, zinyurigu, dibigi, gbɛɣu, chɛmpaŋ, giregire, ɲmɛlinɲkuxa, waribara

- Say each word three times slowly, giving time for pupils to write each one.

Spelling Check

- Ask pupils to exchange their exercise books with a partner.
- Write the eight spelling words on the board and ask pupils to correct their partner's work.

Score the assessment – For class progress

- Check the approximate class score for each word. For each word, note if less than half the class wrote the word correctly. If less than half the class can write the word, you will need to include this word in the reinforcement activities.
- Say: Kpuximi a nuu zuɣusaa di yi niŋ ka a yiɣisi bachi maa “bayabaya” dede!
- Say: Kpuximi a nuu zuɣusaa di yi niŋ ka a yiɣisi bachi maa “zinyurigu” dede!

1. Special Instructions

Instructions to teachers

- ASER is an assessment of pupils' progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.

- All five lessons this week contain a word game to play (Sink the boat), a fluency activity and a writing activity.
- All activities are done in pairs.
- Pupils will do the same game and fluency activity each day. This is meant to do a couple things:
 1. Free teachers' time to conduct ASER. Pupil-directed activities should make it easier for teachers to have someone else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time to assess pupils using ASER.
 2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Sink the Word Boat" game, below (to be played each day), supports word reading.
- The last part of the lesson is a writing activity based on what the pupils learnt. It will require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person supporting the pupils)

- In this lesson, please take time to orient the pupils, and the person staying with the pupils, on what they are meant to do. Also, please take a moment to explain the game to pupils. They will do the same activities each day, but using a different story and Sink the Word Boat game for that Lesson.

- Write today's Lesson # on the board. Be sure they have the materials they need.
- *In this lesson...*
 1. Pupils will re-read a Pupil Text of their choice in pairs. They will practice their accuracy, speed and expression.
 2. With the time remaining after reading, pupils will play the Sink the Word Boat game.

2. ASER Assessment

(30 mins)

Conduct ASER

- Set up an ASER assessment recording sheet in your jotter or notebook (see training resources for instructions).
- Begin with the first pupil on the class list. Use the ASER assessment and accompanying instructions to conduct the ASER assessment with as many pupils as possible within the given time.

3. While teacher assesses pupils - Pupil Text (20 minutes)

(10 mins)

Pupils reread in pairs - Fluency

- Ask pupils to turn to a pupil next to them and together they decide which Pupil Text from previous weeks they are going to read.
- Together they decide who will read first. They each take turn reading a page of the story.
 - The first time they read the text, they check that their partner did not make a mistake. They count the mistakes if there are some and help each other re-read the misread words after the reading.
 - The second time they read the text, they choose an emotion (happy, sad or afraid) and take turns reading a page of the text in that emotion.
 - The third time they read the whole text quietly, as fast as they can and see how fast they can read it.
- If they finish early, they may choose another Pupil Text and start again.

4. Sink the Word Boat (game) – Complete instructions (20 minutes)

(20 mins)

Pupils play the Sink the Word Boat Game in pairs

Sink the Word Boat (game) Instructions

Materials:

- Pupil Lesson page with game board (boat) with word grid. Pupils face each other and open their book sideways and hide their game board (boat) from each other.
- Game piece. Each child brings in (or find in the schoolyard) three small things, like bottle caps or small stones, beans or maize, to use as a game pieces [**diema bini**]. They will put each game piece on a word of their choice on the game board [**diema polo**] (boat), making sure their partner cannot see.

Note: pupils should keep their game pieces, and have them ready to use each day this week.

Preparations:

- Teacher, or person with the pupils, places them in pairs, facing each other.
- Each pupil places his three game pieces on three words of his choice.

How to play:

- The pupil who has the most letters in their first name starts. He is pupil 1.
- Pupil 1 says a word, any word from the grid.
 - If pupil 2 has a game piece on that word he says: sinking “**fimda**” and removes his game piece from that word and puts it aside.
 - If pupil 2 has no game piece on that word, he says: miss “**nyehigiya**” and it is his turn to play.
- Pupils continue to take turns.
- The first player to have removed all three game pieces loses the game.
- The game can be played again, if there is time remaining.

Lesson 142

ASER and Story Week

Standards

The pupils will be able to:

1. Read text with fluency (accuracy, speed and expression).
2. Read words accurately.
3. Work with peers to discuss ideas, use pictures and words to show ideas.

1. Writing a non fiction text

(30 mins)

Brainstorm ideas

- Draw the following chart on the board:

Churi	
Lahibali jendila	Ti ni bɔhim sheli

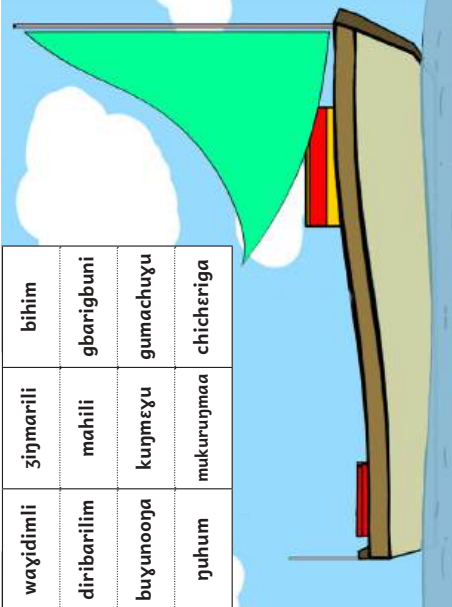

- Remind pupils of the text “**Hogbechocho Chuyu**”.
- Ask pupils to discuss in pairs and answer the following questions:
 - Bɔ ka lahibali maa lee jendi?
 - Binyer’ bɔnima ka ti lee bɔhim lahibali maa puuni?
- As they answer, replace the generic terms in the web on the board by their answers:
- As they answer, fill in the chart on the board by their answers.
- Say: Ti ni bɔhim bin’ yini sheli lahibali maa ni nyela niriba ni labi nyaana n-lɔxi naputɔɔɔlana maa!

- Say: Di tu ni yi tɛhi baŋsim shɛŋa yɛla ni yi ni bɔri ni yi yɛli shɛli zaŋ jɛndi dahin' yini nyaambibirili chandi.
- Ask pupils to share ideas they would like to write about.
- Ask them to draw or write words in their exercise books about their ideas. The ideas should be 3–4 main things they want to say about walking backwards. Remind pupils they will need a beginning, middle, and end to their story.

- Ask pupils to get back into their writing pairs. Ask pairs to open their exercise books and read what they have written so far.
- Say: Kpanmiya yi manā ka yi mali piligu, sunsuuni ni naabu yi lahibali maa ni!
- Remind pupils of what we do when we revise a text: we add words to make it more interesting, to make it more precise and we correct misspelled words.
- Explain to pupils that they will revise another pair's text.
- Say: Saha paaya ni ti labi lihi ti lahibaya maa. Tayimiya taba tuma bukunima ka karim taba lahibaya! Teemiya n-yuli lahibali zuyu!
- When pupils are finished reading, ask them to sit with the pair whose story they reviewed, in groups of four (4). Each pair makes suggestions to the other pair about how to make the story more interesting and how to correct the sentences.
- After 15 minutes, ask 2 pairs at random to say what suggestions they received from their peers.

[Note: Pupils who do not speak the language of instruction may need additional support. You can provide them with example words or invite them to use words in the language they're most comfortable in.]

Standards

The pupils will be able to:

1. Read text with fluency (accuracy, speed and expression).
2. Read words accurately.
3. Work with peers to write in good copy revised work.
4. Correctly apply conventions of capitalization and punctuation.

1. Special Instructions

Instructions to teachers

- ASER is an assessment of pupils' progress in reading skills over the school year. Conducting ASER is a part of this program. It gives you, the teacher, the ability to track how your pupils are advancing, and identify pupils who need extra help in reading.

- All five lessons this week contain a word game to play (Sink the boat), a fluency activity and a writing activity.
- All five lessons this week contain a word game to play (Sink the Word Boat), a fluency activity and a writing activity. Each activity is done in pairs.
- Pupils will do the same activities each day. This is meant to achieve the following:
 1. Free teachers' time to conduct ASER. Pupil-directed activities should make it easier for teachers to have someone else with their classroom (such as the Curriculum Lead, Head Teacher, assistant teacher, or a trusted parent volunteer), so the teacher can use this time to assess pupils using ASER.
 2. Support pupils' reading fluency. The more pupils read, the more fluent and confident readers they become. The "Sink the Word Boat" game, below (to be played each day), supports word reading.
- The last part of the lesson is a writing activity based on what the pupils learnt. It will require a teacher, or other educator, to lead the instruction.

Orientation of pupils (and the person supporting the pupils)

- In this lesson, take time to orient the pupils and the person supporting the pupils on what they are meant to do. Also, take a moment to explain the game to pupils. They will do the same activities each day, but using a different story and Sink the Word Boat game for that lesson.
- Write today's Lesson # on the board. Be sure they have the materials they need.

- *In this lesson...*
 1. Pupils will re-read a Leveled Text of their choice in pairs. They will practice their accuracy, speed and expression.
 2. With the time remaining after reading, pupils will play the Sink the Word Boat game.

2. ASER Assessment

(30 mins)

Conduct ASER

- Open to the ASER assessment recording sheet in your jotter or notebook (see training resources for instructions).
- Continue where you left off on the class list yesterday. Use the ASER assessment and accompanying instructions to conduct the ASER assessment with as many pupils as possible within the given time.

3. While teacher assesses pupils - Pupil Text (20 minutes)

(10 mins)

Pupils reread in pairs - Fluency

- Ask pupils to turn to a pupil next to them and together they decide which Leveled Text from previous weeks they are going to read.
- Together they decide who will read first. They each take turn reading a page of the story.
 1. The first time they read the text, they check that their partner did not make a mistake. They count the mistakes if there are some and help each other re-read the misread words after the reading.
 2. The second time they read the text, they choose an emotion (happy, sad or afraid) and take turns reading a page of the text in that emotion.
 3. The third time they read the whole text quietly, as fast as they can and see how fast they can read it.
- If they finish early, they may choose another Pupil Text and start again.

4. While teacher assesses pupils - Sink the Word Boat (20 minutes)

(20 mins)

Pupils play the Sink the Word Boat Game in pairs

- *Instructions for this game are found in lesson 141.*

Standards

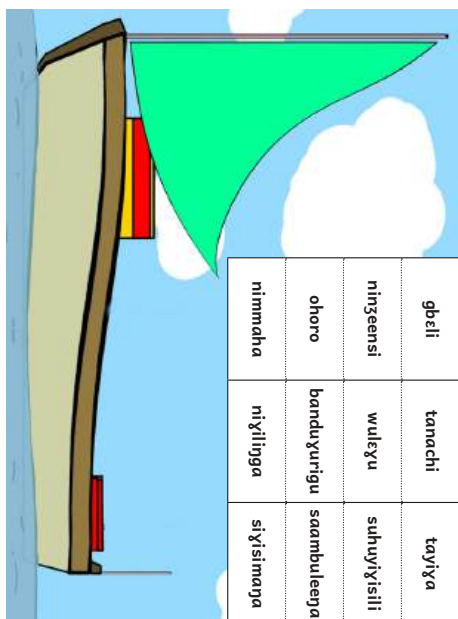

The pupils will be able to:

1. Read text with fluency (accuracy, speed and expression).
2. Read words accurately.
3. Work with peers to write in good copy revised work.
4. Correctly apply conventions of capitalization and punctuation.

1. Writing**(30 mins)****Write text in good copy**

- Ask pupils to get back into their writing pairs. Ask pairs to open their exercise books and read what they have written so far and check their revisions.
- Ask pupils to begin writing their text in good copy and their table if they have one.
- Say: Cheliya ka yi zaya be bachikob' kara zuyu yeltɔya piligu, ni zanibubihi yeltɔya naabu ni!
Cheliya polo zuyusaa lahibali maa yuli zuyu ka sabi lahibali maa yuli n-sɔŋ ni!
- Remind pupils of writing clearly and neatly.
- Explain that if they have time they can draw a picture or make a table to go with their text.

Remediation Activities

Skills/Learning outcomes	How to build skills
<i>Identify the letters of the alphabet</i>	If learners can't correctly name letters: - Repeat the name of the letter while pointing at the letter. Have them repeat the name of the letter several times while pointing at the letter.
<i>Count syllables orally</i>	If learners can't separate words into syllables: - Repeat the word for them and then tell them to repeat it with the same rhythm as they put their hand below their chin. Whenever their chin moves, it's a syllable. Learner can hold their lips together and say the word. Each sound vibration is a syllable.
<i>Use syllable boxes to identify the number of syllables in a word</i>	If learners can't point at a syllable box for each syllable: - Repeat the word and ask them to repeat it. Hold their finger and as you say the word, touch a box for each syllable. Do this with 3 other words then ask learners to do it with a new word.
<i>Identify words or syllables with the same beginning sound</i>	If learners can't identify words or syllables that have the same beginning sound: - Say other words or syllables that have the same sound at the beginning. When pronouncing the words, emphasize the parts that have the same sound (e.g. watoto, wapenzi, wafuto).
<i>Associate sounds with letters to read syllables and words</i>	If learners can't decode syllables: - Repeat the sound that each letter makes in a syllable and blend the sounds quickly while putting your finger under each one. Do this again with the learners saying the sounds and blending them with you for 2 other syllables, then by themselves for another 2 syllables.
<i>Write letters</i>	If learners can't write letters: - Hold their hand and help them write the letter while at the same time describing the movements. OR - Write the letter with dashed line and show learner how to trace the letter, then cover that letter and ask the learner to write the same letter next to the one they traced. - Demonstrate air writing of the letters and let pupils do the same thing and then on tables, floors, etc.
<i>Point to words in a sentence</i>	If learners can't point to words in a written sentence: - Read the written sentence on the board, point to each word and pause after each word. Ask them to do the same. Make them point to each word as they say it. - Do the same thing pointing to the words and have them do it as well. Follow the same steps with 2 other sentences. - Ask them to do it again with a new sentence. - Note. These sentences must be short and easy to read.
<i>Write words correctly to make sentences</i>	- If learners can't write sentences with words spelled correctly: - Ask them to say a sentence and write it for them, showing them the spaces between words. Show them how you associate sounds with letters to spell words correctly. Then give them a simple sentence to write and help them as needed.

<i>Write from left to right, writing clearly and beginning sentences with a capital letter</i>	If learners can't copy words or sentences: - Write the sentence for them on the board and point to the capital letter at the beginning of the sentence. - Ask them to trace on top of your writing with their finger from left to right. Then ask them to do the same thing with 2 other sentences.
<i>Read words in a text</i>	If learners can't read the words in a text: - Say the sound each letter or each syllable makes in the word and blend them quickly while putting your finger under each letter or syllable. Ask them to do the same thing with the same word. Do it again with 2 other words, then ask them to do it by themselves with 2 new words.
<i>Make predictions using information from the title and illustrations</i>	If learners can't make predictions: - Read the title to them, show them the illustrations and ask them to use the information to predict what will happen in the text. If needed, share your predictions with them and say what you predicted in order to model how it is done.
<i>Summarize a text by identifying the characters, the problem, the events and the resolution</i>	If learners can't summarize a text: - Review the main elements of the text: Who is the text about? What was the problem? What happened? What happened in the end? - Re-read the text with them and ask the questions about the main elements of the text during reading. At the end of the text, review all the main elements with them.
<i>Complete sentences with known words</i>	If learners can't complete a sentence: - Write the sentence to be completed on the board. Read the sentence with them and ask them to orally propose words to complete the sentence. Choose one of the words and write it to complete the sentence. Ask them to complete the sentence with another word of their choice using letter/sound correspondence to spell the word.
<i>Read a text with accuracy</i>	If learners can't read a text with accuracy (little error): - Tell them to slow down their reading and ensure they decode each word by pointing to them as they decode the sounds/syllables. - Then ask them to re-read the text several times until they make less than 5% errors. - If a learner still makes too many mistakes (more than 30%), have him re-read the text with you, showing him how to decode each word.
<i>Imagine the next part of the story</i>	If learners can't imagine the next part of a story: - Review the main elements of a story. Re-read the text with them and ask them questions about the main elements of the text while reading. When you get to the problem in the story, ask them to imagine different ways to solve the problem or continue the story.
<i>Identify the main idea in a text and state it in their own words</i>	If learners can't identify or state the main idea: - Re-read the text and ask them questions to bring out the topic or the main idea and the details that expand the topic. Then, in your own words, state the main idea in one or two sentences. Then ask them to do the same. Ask several learners to share their ideas and help them reformulate in case they were not able to identify the main idea.

Annex II Techniques for Teaching *Learning* Lessons

I do | We do | You do

This is a process to slowly shift from the teacher demonstrating a new skill or concept, to the pupil doing it on their own.

- **I DO:** The teacher models or demonstrates, and explains what they are doing.
- **WE DO:** The teacher and pupils practice the skill or task together, once or several times
- **YOU DO:** Pupils try it alone, with many opportunities to practice with the same and new material

Turn and Talk

Using this technique, a teacher would give pupils a task, then ask them to turn and talk to another pupil sitting next to them. Usually, pupils must do this quickly, then turn back to the teacher. Using this teaching technique, teachers can get all the pupils in the class to actively think about and discuss the response to a question, or practice a skill. For example, if asking a comprehension question, the teacher has all pupils turn and talk quickly with the person next to them about their response to the question. By doing this, all the pupils are expected to pay attention, to think about what is being asked, and to be ready with a response. Also, it provides a way to do continuous assessment – to assess, just walk around and listen to what the pupils are saying or doing. Finally, pupils who don't speak the Ghanaian Language of Instruction can use this time to think and talk in their language, before giving a response in the Language of Instruction. Note: You must be ready to let your room get a little noisy, and be sure to have a consistent signal for pupils to start and stop the Turn and Talk activity so you can use it quickly and then move on with the lesson.

Calling on pupils “at random”

Calling on pupils at random, instead of calling on pupils to volunteer, accomplishes two things. First, it helps pupils understand that they should always be ready to share their thoughts. They should be actively listening to the teacher all the time, and thinking about the activities and discussions. Second, it gives the teacher insight into what pupils are understanding and why they may not be interested in responding. By including both the brightest pupils and pupils who need more explanation or demonstration to understand the lesson, helps the teacher reach all pupils.

Whole class response

Activities that call for the whole class to respond in unison are a way for the teacher to monitor who has understood, and who has not understood. It helps the teacher know which pupils need more support and gives the teacher a chance to pause the lesson and give feedback to individuals or groups of pupils who are not following along. For whole class response to be effective, pupils must respond all together, immediately. For example, if they are to put up two fingers to say “yes” and one to say “no”, then they must do this as soon as the teacher signals (gives them a cue) for them to respond. Note that pupils may need a bit of time to think before responding, so the teacher may wait before giving the signal. But if some pupils are permitted to respond before others, the slower pupils may simply copy the classmates who respond first. So be sure to give them a signal, and encourage them to respond right away!

In this document, the meaning of L1 is the language the child speaks most comfortably, and the L2 refers to any language that is not their L1. Because the Learning Early Grade Reading Program is focused on teaching reading and writing, these techniques are mainly for teachers who are in a situation where they have a few, or many, pupils whose L1 is not the official Ghanaian Language of Instruction of the school they are in. So, these pupils are learning to read and write in their L2 (a Ghanaian language, but a less familiar one). However, these techniques could also be applied to learning to read in another L2, such as English.

1. Create links to personal experience and background knowledge

Why? L2 learners benefit from understanding the context of new materials. Relating the new material to their experiences and background knowledge provides meaningful context.

How? When introducing a topic, ask pupils what they know about it. Have they ever seen, used, or done this thing? When? Turn and talk works well for this type of strategy. Pupils can first think about what they already know, then turn to a partner to talk about it. After that, a few pupils can share with the whole class.

2. Encourage pupils to use their home language (L1)

Why? Using the more familiar language (L1) to learn a less familiar language (L2) can help pupils clarify their understandings of classroom conversation and text, confirm and expand their understanding of the content, prepare to carry out a task in the L2, and talk about how their language works. It can also save time by allowing for the occasional quick translation, rather than undergoing a long attempt at explanation in the L2. Additionally, it can give pupils a sense of security when much of what is happening in the classroom is new.

How? Using L1 in the classroom needs to be done carefully with intentional planning. Regular code switching (changing back and forth) from L2 to L1 without a planned strategy may result in linguistic confusion. To avoid confusion and save time when explaining new vocabulary, systematically ask pupils as part of the instructional routine, “How would you say this in your language?” Likewise, after reading a story, ask pupils to retell the story in their own language. A rule of thumb for deciding on the use of L1 is to consider if the pupils’ understanding of the content is important or how to express a message in the L2. For example, when pupils share their prior experience with a new word or concept, using L1 can be helpful because what is important is to connect to their experiences, not how to express that in the L2. Similarly, when pupils are preparing a partner or group task, they may be invited to use the L1 but reminded that the ultimate product (such as a verbal or written response) should be in the L2. This encourages deeper thinking about the topic and allows for discussion in the L1 about the L2 as pupils prepare their work.

3. Practice and play with the sounds of the target language

Why? After vocabulary, phonological awareness is one of the most important skills for L2 readers to develop. Even if sounds are similar in the L1 and L2, pupils who are new to the L2 will need to develop their capacity to hear those same sounds in a new linguistic context. The first skills to develop are more general phonological awareness skills, such as identifying individual words in a spoken sentence and identifying rhyme. Finer skills such as identifying syllables and phonemes (individual sounds) and being able to substitute or delete syllables or phonemes are developed later.

How? Teachers can make a habit of integrating some phonological awareness work into lesson plans whenever they are introducing new words and phrases, and returning to phonological awareness work if pupils are struggling to read certain passages or spell certain words. Techniques include representing spoken words with pebbles or bottle caps, clapping the syllables in a new vocabulary word, and finding words pupils already know that rhyme or contain a similar sound to a new word.

4. Enhance meaning with pictures, objects, and actions

Why? L2 learners need to interact with a new word or idea many times and in many ways to fully learn the meaning. Using pictures, objects, and actions can help provide visual, tactile, and kinesthetic reinforcement to any verbal explanation that may be given for a new word.

How? It does not matter if you do not have fancy, prepared flash cards and posters. Teachers can draw simple stick figures and line drawings on the board (or ask pupils to do it). The teacher and the pupils can use actions to demonstrate individual words and concepts, or can use role play to dramatize stories they have read. Many everyday objects are portable enough for teachers to bring to school to use for demonstrations (e.g., dishes, clothing, cooking tools, parts of plants, etc.). Keep clippings of images from newspapers and magazines as small treasures to share and discuss on the right occasion. Parents' committees can also help collect empty containers that can be used in class for demonstration and vocabulary practice (e.g., old containers for different foods and drinks, empty medicine packets, labels of various products, etc.).

5. Give pupils time to process and test out ideas, either by speaking in their first or in their new language, with a partner or small group

Why? In an L2 classroom, it is important to have learners feel secure so that they can take risks and participate fully. They will feel more secure if they have time to practice using their L2 and answering the question before having to say it in front of the whole class. While this cannot be used for every question in every class, it is important to remember to do this several times each lesson so that the pupils who tend to take longer to prepare an answer and who do not frequently raise their hands have more opportunity to participate in a non-threatening way.

How? Pupils may be asked to jot down their idea on a slate or in their notebooks, or to think quietly and then participate in a turn and talk. Another way to encourage participation from even the quietest pupils is to ask a whole-class question that has two or more possible answers and all pupils answer at once. For example, a teacher might say, "In the story today, would you describe the main character as brave or foolish? Raise your fist if you think she was brave and raise one finger if you think she was foolish."

Supplementary Reading

When pupils are provided with appropriately challenging reading opportunities, they can strengthen their skills and continue developing as fluent readers. In a reading class, not all pupils are going to be progressing at the same pace. Some pupils will struggle to read texts that other pupils find very easy. That is why it is important for the teacher to observe pupils during reading, assess them regularly, and identify each pupil's individual areas of need. The tips below are just a few strategies for observing pupils and providing feedback.

- Watch pupils as they answer questions, work together, and read independently to determine what each pupil can do and where they are stuck.
- Use the end-of-the-week assessments in the Learning lessons to determine action steps for each pupil.
- Provide feedback immediately – while they are practicing. Keep feedback encouraging, rather than punitive.
- Give a positive comment on what they do know – this motivates them and confirms what they have learned.
- Encourage pupils who are excelling to support their peers who are struggling. For example, pair strong and weak readers together for buddy reading.
- Provide pupils with choices for supplementary reading at a level appropriate for them. Allow them to choose texts that stimulate their interests.

If a pupil is fluently reading the texts in the Pupil Reader and is ready for an additional challenge, the books below can be provided for reading practice during other times in the school day or at home. These titles were supplied by Learning to every school. Teachers are encouraged to provide pupils with these or other B2-appropriate texts in the Ghanaian language of instruction so that they can continue to grow as readers.
